Thereafter, he displayed the fire assessment fee for other Broward County municipalities, whereby, the average is \$354.23 and the average for similar sized municipalities is \$370.75. Currently, the fire assessment fee is \$315, with the full assessment being \$372, whereby, staff is recommending \$325, which is an annual increase of \$10 per residential unit. Lastly, he explained that once the preliminary fire assessment rate is established, the Commission cannot go higher, only lower during final adoption on September 9th.

In response to Commissioner Hudak's comments, Mr. Santucci stated that the gap in the numbers is the institutional buy down. Further, he reiterated that once the preliminary fire assessment rate is established, the Commission cannot go higher, only lower.

Mayor Ganz opened the public hearing.

Aaron LoCascio, 615 SE 12th Avenue, Deerfield Beach, asked if this will be spread out between all city residents.

Mayor Ganz closed the public hearing. Further, he stated that this fee is for the overall operation, which is across the Board for the entire city.

Vice Mayor Drosky spoke in support of the \$325 rate, but wants clarification on the \$372 rate; whereby, is that truly what the City's costs are. Further, he wants to ensure that the City continues exploring and evaluating ways to control costs.

In response to Commissioner Preston's question, Mr. Santucci reiterated that once the rate is established, the Commission cannot go higher, only lower; nonetheless, he recommended not going below the current rate, which is \$315.

MOTION was made by Commissioner Hudak, seconded by Commissioner Parness, to approve a maximum residential rate of \$325 for the fire assessment fee; adopted Resolution 2024/102. Roll Call:

15. Resolution 2024/103 - A Resolution of the City Commission of the City of Deerfield Beach, Florida, approving an agreement with RedSpeed Florida, LLC, for the installation and operation of a turnkey speed detection camera system for enforcement of speed limit violations occurring in eligible school zones at no cost to the City, utilizing the terms of the City of Plantation Term Contract Agreement No. 005-24, for a five year term, with one, five year renewal option; providing for execution, implementation, severability and an effective date.

The Resolution was read by title only.

Rodney Brimlow, Director of Public Safety, highlighted a brief PowerPoint presentation, which provided the background/history of the Item. Further, RedSpeed Florida, LLC is a turnkey photo enforcement solution that is responsible for the infrastructure and hardware of the cameras, engineering, permitting, installation, and maintenance. They are also responsible for the software and support, i.e. initial verifications, interface with law enforcement, analytical data, issue citation, user interface portal, and payment collection. He explained that RedSpeed will not displace the current law enforcement that is in place. The City is responsible for a second-level verification, reviews and appeals, disbursement of funds, program management, ongoing evaluation, and mandated reporting, whereby, all costs are paid for by the program, so there is no net cost to the City. Thereafter, he provided an overview of the rollout and installation process, whereby, the program does require an educational and marketing component, as the goal of the program

is to get people to slow down.

Continuing, Mr. Brimlow said the citation is an administrative fine, whereby, they do not go against an individual's driver license, nor incur points or reported to insurance companies; however, if neglected it will turn into a regular traffic citation. The cost of the fine is \$100, and is distributed between the Florida Department of Law Enforcement (FDLE) training (3%), Broward County Public School System (12%), FL General Fund (20%), (vendor processing (21%), and public safety (44%), whereby, 5% is allocated to crossing guards and 39% is for program costs and other public safety initiatives. Lastly, Mr. Brimlow said the City must complete a formal annual report, which must be read aloud, provide for public comment, and submitted to the State of Florida.

Mayor Ganz opened the public hearing.

Aaron LoCascio, 615 SE 12th Avenue, Deerfield Beach, spoke in support of the Item, but wishes all monies were allocated to the City. Thereafter, he briefly commented on the red-light cameras.

Mychal Estrada, 1431 SW 6th Way, Deerfield Beach, asked for clarification on what makes a school zone eligible. Further, he asked how many schools this software will be installed at, what are the costs associated to maintain the level of coverage after the pilot program, and why is the fee only \$100. Lastly, he asked that the City advocate for the money to stay in Deerfield Beach.

Anise Simon, 1431 SW 6th Way, Deerfield Beach, asked what the data use agreements look like and whether there are any data sharing the City is unaware of.

Mayor Ganz closed the public hearing.

Mr. Brimlow said the IT group that reviewed the data use agreements were extremely thorough and ensured that all data, including user information was protected. Further, he said the City has no control over the money allocated to the School Board of Broward County; nevertheless, they will have to produce annual reports outlining how the funds are disbursed. Lastly, Mr. Brimlow said the \$100 fee was established by the State legislators.

In response to Mayor Ganz's question, Mr. Brimlow replied that data will not be given or sold to other entities.

In response to Commissioner Hudak's questions, Mr. Brimlow replied that the cameras are active the 180 school days of the year from 30 minutes before school starts to 30 minutes after school ends; whereby, the lights will flash when the cameras are active. Further, he said cameras will be installed at all public schools. Lastly, he said there are about 10 cities in Broward County participating in this program.

Vice Mayor Drosky said not only did the State establish the fee, but they also established the percentage disbursements, which are locked in.

In response to Vice Mayor Drosky's questions, Mr. Brimlow replied that the City receives 60%, with 21% being allocated to the vendor, per the contract. Further, if a citation is not dismissed, it must be paid within 30 days of being issued, reviewed, or appealed. If not, it converts into a uniform traffic citation.

Vice Mayor Drosky spoke in support of the program.

In response to Commissioner Preston's comment, Mr. Brimlow stated that when the lights are flashing, the speed limit is 15.

Mayor Ganz said he is constantly expressing his concerns about the speeding in the City, and although this will not completely fix the situation, it will help; therefore, he supports the program.

16. Resolution 2024/ - A Resolution of the City Commission of the City of Deerfield Beach, Florida, adopting the amended parks and recreation schedule of fees and charges; providing for conflicts and an effective date.

The Resolution was read by title only.

Greg Warner, Director of Parks & Recreation, highlighted a brief presentation regarding the Parks and Recreation fee schedule. The Johnny L. Tigner Center will have several available rental spaces: ballroom, which would have a refundable deposit of \$500 can be rented for a six-hour block - half (\$300 residential/\$500 non-residential) or full room (\$600 residential/\$800 non-residential). The multipurpose room can be divided into three separate rooms, whereby, each room can be rented for a four-hour block (\$100 residential/\$200 non-residential). The training and meeting rooms - \$25/hour residents and \$50/hour nonresidents. To create more consistency with rentals, staff is proposing that Constitution Park, West Deerfield, and Highlands Community Centers have the same pricing, whereby, a four-hour block on the weekends will be \$150 residents/\$300 non-residents and weekdays \$25/hour for residents.

Continuing, Mr. Warner said the Pier sees approximately 166,465 annual visitors, so staff is suggesting having the same fees for residents and nonresidents, as it will make the operation more efficient; daily fishing - \$5 residents and non-residents; monthly fishing - \$50 residents and non-residents; daily sightseeing - \$2 residents and nonresidents; and monthly sightseeing - \$10 residents and non-residents. Furthermore, staff is recommending the following changes to the special event application fee: 90-days prior - \$200 residents/\$300 non-residents; 45-89 days prior - \$250 residents/\$350 nonresidents; 30-44 days prior - \$300 residents/\$400 nonresidents; 14-29 days prior - \$350 resident/\$450 nonresident; and non-profit - \$100.

Commissioner Hudak temporarily left the meeting at 9:30 p.m. and returned at 9:32 p.m.

Moreover, Mr. Warner said these proposed fees makes Deerfield Beach comparable with other communities and keeps the City on the lower end resulting in quality facilities and services being provided to our residents affordably. Lastly, if approved, the new fees will be effective October 1, 2024, with the exception of the Tigner Center fees.

Commissioner Preston spoke in opposition to the \$5 fee for fishing, whereby, Pompano Beach may be \$6, but Juno is \$4. Thereafter, he suggested that it be \$4 for residents and non-residents.

Vice Mayor Drosky spoke in opposition to charging HOAs a fee for renting city facilities to hold their meetings, as the West Community Center was previously utilized, regularly, for their meetings; therefore, he asked that a one-hour fee be waived for HOAs.

Commissioner Hudak said he would prefer residents receiving a discount, but understands the challenges pier staff is facing, as he receives complaints from his residents due to some having Pompano Beach addresses; therefore, he spoke in support of the same fee for residents and nonresidents.

Mayor Ganz agreed with waiving a one-hour fee for HOAs, as the utilization of the facilities has been a traditional use. Further, he also would prefer seeing residents receive a discount, but understands the issues surrounding the daily usage; however, he asked that there be a differential for residents and nonresidents when it comes to the monthly purchase. Mayor Ganz said with the pier being renovated, he would support the \$5 daily fishing fee, but will also support Commissioner Preston's \$4 request. Thereafter, he spoke in opposition of reducing the nonresident fee for the Kirk Cottrell Pavilion, as well as the security deposit for both residential and nonresidential and increasing the resident fee for Sullivan Park and lowering it for non-residents. Thereafter, he opened the public hearing.

DEPARTMENTAL BUSINESS - CONTINUED

Aaron LoCascio, 615 SE 12th Avenue, Deerfield Beach, agreed with having one rate for daily pier usage, but asked that the monthly usage fees be different for residents and non-residents. Further, he spoke in support of keeping the facility rental fees lower for residents and higher for nonresidents.

Janice Fulmore-Tigner, 1090 SW 4th Terrace, Deerfield Beach, asked for clarification on the costs for renting facilities; if facility rentals will be available on Sundays; and if the Brathwaite Center for Active Aging will be available to rent.

Gwyndolen Clarke-Reed, 1430 SW 6th Way, Deerfield Beach, asked if the special event application fee covers the usage of the fields.

Greg Havlusch, 907 SE 13th Street, Deerfield Beach, commented on the Tennis Center rates. Thereafter, he commented on New Jersey not having free beaches, and stated that sightseeing on the pier should be free of charge.

Mayor Ganz closed the public hearing.

Mr. Warner stated that Sunday rentals will be available; nevertheless, any nonoperational hours will incur the additional \$25/hour. Further, he said the fee at the Tennis Center would be the same for residents and nonresidents. Lastly, there is a separate fee schedule for athletic field rentals.

Commissioner Preston provided a brief history of the International Fishing Pier, whereby, parking spots have been taken away from them, as well as other amenities; therefore, he asked that the Commission consider the \$4 fishing fee.

Mayor Ganz spoke in support of the \$4 fishing fee.

David Santucci, City Manager, recommended deferring the item to August 6th, so staff can update the fee schedule based off the feedback. Further, he said the Brathwaite Center for Active Aging is a licensed medical facility; therefore, it is not conducive to rentals.

MOTION was made by Commissioner Preston, seconded by Commissioner Hudak, to defer Item 16 to August 6, 2024. Voice Vote:

P.H. 2024-062: APPLICATION LUPA #66A

Applicant: **City of Deerfield Beach**

Proposal: A Small-Scale Land Use Amendment to change the Deerfield Beach Future Land Use designation and the Broward County Land Use designation from City Conservation and County S, (Open Space) to Residential Medium 16 Dwelling Units per acre.

SUMMARY BACKGROUND/EXPLANATION

The City of Deerfield Beach is the owner of this property and has identified this approximately 1.36-acre parcel as an area of opportunity for affordable housing development. In order for the

City to be able to make this property available under the property disposition process, the Land Use must be amended. The current Land Use is Conservation under the City's Future Land Use Map and Open Space under the County Future Land Use Map. The property is not part of the Tivoli Sand Pine Preserve. This property was dedicated to the City in 1974 and has been maintained as open space since that time. In order to amend the Land Use, the City was required to submit an application to Broward County with the request. At the January 10, 2023 City Commission Meeting, the City Commission approved Resolution No. 2023/012 to allow staff to process a Land Use Amendment Application to Broward County. With approval from the City Commission, staff began to compile the necessary information to complete the application. On December 18, 2023, staff submitted the application to the Broward County Planning Council for its review. The application went through two rounds of review. Per the review of Broward County agencies, the proposed land use amendment will result in a change of zero (0) PM peak hour trips. The County also did not find any historic or archeological significance to the site or had any comments related to the land use amendment that must be addressed. Concurrently, the City submitted an application to the Broward County School Board for a School Consistency School Report. The Facility Planning and Real Estate Department for the School Board of Broward County found that no capacity additions were needed for the proposed land use amendment for Deerfield Park Elementary, Deerfield Beach Middle School or Deerfield Beach High School.

The application has now been deemed complete by the Planning Council and will be processed to be heard by the Broward County Commission. The City must make an affirmative motion on the proposed amendment at a public hearing, in order for the item to be heard by the Broward County Commission.

Upon approval of the Land Use Change by Broward County, the City will also be required to amend the Zoning from S, (Open Space) to RM-15, (Residence, Multi-Family).

Upon the completion of the Land Use and Zoning amendments, the City will be able to offer this property as a developable property for affordable housing. The developer of the property upon development permitting will be required to provide evidence to Broward County for Platting concurrency and pay regional park impact fees.

Eric Power, Director of Planning and Development Services, provided a brief presentation outlining the land use amendment.

Thereafter, there was a brief discussion amongst the board members and staff regarding the land use amendment, the private property being zoned RM-16, and the definition of affordable housing.

Chair Plaut opened the public hearing; however, there were none to speak.

Ms. Beckford made a motion, seconded by Ms. Balaun to close the public hearing. The motion CARRIED by unanimous vote.

Ms. Beckford made a motion, seconded by Ms. Balaun to approve P.H. 2024-062 as submitted. The motion CARRIED by unanimous vote.

INLET STATUS REPORT: Captain Draughon advised the Board that there is no depth chart due to weather and advised that he will provide soundings when weather permits. There was 14 hours of dredging time, resulting in about 6,300 yd³ of sand bypassed to Pompano Beach since the last meeting.

Captain Draughon advised the Board that the crew performed general maintenance. Captain Draughon stated the crew has been fabricating a new ball and bell connection for the discharge pipe for the back of the dredge. The crew had an issue with the cooling tank on the C-27. It ruptured and the coolants spilled out. It has been repaired it and back up and running.

Captain Draughon advised that he was at the inlet on Memorial Day weekend. He advised that there was a backflow of sewage that went into the trailer and compound. He had a company come out and pump out the septic tank.

Captain Draughon also advised that the crew hopes to run the dredge tomorrow, weather permitting. Attorney Tolces advised that for the year so far, the crew is at 88,875 yd³. It is more than half of what we have done on an annual basis.

Commissioner Loesel inquired if there are any dredging conferences for Captain Draughon to attend. Captain Draughon advised that there is one at the end of the month in Tampa. Chair Bryan stated she would like to send Captain Draughon to the conference.

Commissioner Campbell stated there is a Florida Shore & Beach Preservation Association Conference in September and that if the District wants to send someone, he would like to attend.

Commissioner O'Neill stated he heard from Hillsboro Lighthouse Preservation Society and stated that the pilings are being removed by the District hoses. Captain Draughon advised that the pilings are owned by the United States Coast Guard and the Hillsboro Lighthouse Preservation Society should contact USCG to repair. Commissioner O'Neill stated he would contact the Coast Guard.

Commissioner Chappell inquired if the District has anything for the employees and/or representatives to take to the conferences that identifies the Hillsboro Inlet District when they are meeting and greeting people (i.e., a shirt, pens, etc.) Chair Strauss suggested name tags. Chair Bryan stated to go ahead and order some for the District representatives and employees along with business cards.

PUBLIC COMMENTS: None.

NEW BUSINESS

BUDGET UPDATED FOR 2024-2025 FISCAL YEAR: District Accountant Andrews advised the Board that on June 1, 2024 Attorney Tolces e-mailed out the proposed tax roll to the Commissioners. He stated that the District will get the final tax roll once the Property Appraiser certifies it by the end of June. It looks like that the District will be going up by nine percent. Once the District gets the final tally, the District is only going to propose one budget with the existing millage rate that the District has now. Once the District gets the number it should theoretically be \$175,00.00 more. He advised that sometimes there are incremental changes once the final roll is certified.

District Accountant Andrews stated that he along with Attorney Tolces and Chair Bryan met with Devon Witczak of Florida Department of Environmental Protection at the inlet to discuss the operation of the District and what the District does and needs for the funding request.

OLD BUSINESS

UPDATE REGARDING HILLSBORO POINT DOCK PERMIT APPLICATIONS:

Attorney Tolces filed the District's objections to the FDEP permit application and the Army Corp. permit application. The Town of Lauderdale by the Sea passed a Resolution in support of the District's positions and he forwarded a copy to the Commissioners. We already have one for the City of Lighthouse Point. The City Attorney for Pompano Beach reached out to Attorney Tolces today and Attorney Tolces forwarded the Resolutions that the District received from The Town of Lauderdale by the Sea and City of Lighthouse Point. Hopefully, Pompano Beach will pass a Resolution. Commissioner Chappell reached out to County Commissioner Lamar Fisher. There is a pending Broward County permit application pending for the same dock as well. Since there is a pending permit application, the County did not feel comfortable taking a position as a County Commission as a whole, but that did not prevent Commissioner Lamar Fisher from sending a letter to the District in support of the District's position.

The District found out that there is a pending Broward County permit application and the District is in the process of preparing documentation and information to provide to Broward County similar to what it provided to the FDEP and Army Corp. regarding the impacts that it will have on the District's operation as well as the ownership issue. Hopefully that information will be provided to the County this week. Commissioner Chappell inquired if the District is filing an objection and attorney Tolces advised that the District is. Chris Creed of Olsen Associates, Inc. inquired if the

County requires FDEP and the USACE to issue their permits first. Commissioner Chappell stated it does not.

UPDATE REGARDING DEP AND USACOE PERMIT APPLICATIONS: Chris Creed of Olsen Associates, Inc. advised the Board that they are continuing to work on the activities associated with the Maintenance Dredging Permit Application. FDEP requested a second request for more information relating to the location of the discharge pipe at the south jetty and all information requested to date to FDEP has been submitted. The District received another six month extension on the current FDEP sand bypass permit.

Mr. Creed stated that the District just recently authorized Olsen Associates to submit application for USACAE permit for next year. That will be a little more difficult to obtain as we will need to work with federal agencies. It will be a bit more time consuming.

UPDATE REGARDING STATE OF FLORIDA LOCAL GOVERNMENT FUNDING REQUEST: Attorney Tolces and the Board discussed the State of Florida Department of Environmental Protection Standard Grant Agreement for completion by the District for \$1,700,000.00. Mr. Creed discussed the specifics of the Agreement with the Board and what is eligible and what is not eligible.

Motion was made by Commissioner Loesel and seconded by Commissioner Campbell to approve Chair Bryan to execute the State of Florida Department of Environmental Protection Standard Grant Agreement.

Chair Bryan	Yes
Commissioner Loesel	Yes
Commissioner Chappell	Yes
Commissioner Strauss	Yes
Commissioner O'Neill	Yes
Commissioner Campbell	Yes

The Motion to approve Chair Bryan to execute the State of Florida of Environmental Protection Standard Grant Agreement was approved unanimously. (6-0)

GENERAL COUNSEL COMMENTS: Attorney Tolces advised the Board the Form 1 Financial Disclosure is due. He advised the Board to contact him if they need assistance.

Attorney Tolces advised that this year the State of Florida Legislature and the Governor signed a law effecting Special Districts and one of the requirements of the new law provides that beginning October 1 of this year each Special District must establish goals and objectives for each program and activity undertaken by the District as well as performance, measures and standards to determine if the goals and objectives have been achieved. By December 1 of each year thereafter the Special District has to publish an Annual Report describing the achievement with respect to the goals and objectives and any goals and objectives the District has failed to achieve. Attorney Tolces advised that he has spoken to the Executive Directors of the Jupiter Inlet District and Sebastian Inlet District and they have set up some goals and objectives previously. He stated that Chris Creed, District Accountant Robert Andrews, Captain Draughon and Assistant Captain Cuevas will work together to come up with some goals and objectives before the end of the year.

Attorney Tolces advised the next meeting date is July 15, 2024 and provided the September budget meeting dates.

COMMISSIONER COMMENTS: None.

ADJOURNMENT: Motion was made by Commissioner Loesel to adjourn the meeting and seconded by Commissioner Campbell. The meeting was adjourned at 7:25 PM by Chair Bryan.

Respectfully submitted,

Kimberly Longo, District Secretary

Adoption requires a 3/5 vote of the City Commission

Background/History

The U.S. Department of Housing and Urban Development (HUD), Community Development Block Grant (CDBG) Entitlement Program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. The City of Deerfield Beach is a CDBG Entitlement Community and has been receiving an annual funding allocation from HUD since 2000.

As a funding requirement, CDBG entitlement communities are required to develop a three to five-year Consolidated Plan to assess their affordable housing and community development needs and market conditions. The Consolidated Plan is carried out through Annual Action Plans, which provide a concise summary of the actions, activities, and the specific federal and non-federal resources that will be used each year to address the priority needs and specific goals identified by the Consolidated Plan.

On June 16, 2020, the City Commission adopted the multi-year Consolidated Plan for Fiscal Years 2020-2024. The priorities in the plan include: increasing access to Affordable Housing; providing for Infrastructure Improvements; and increasing access to Public Services.

Current Activity

The City of Deerfield Beach Fiscal Year 2024-2025 CDBG allocation is an estimated \$708,864. The Annual Action Plan, which identifies the City's housing and community development activities that will be funded with CDBG funds in Fiscal Year 2024-2025 is due to HUD by August 16, 2024. The proposed use of the funding is outlined in the table below. Each activity aligns with the aforementioned priorities of the City's Consolidated Plan.

Refer to the breakdown below. The reallocation is due to CDBG activities that were completed with remaining balances and will enable the City to assign the funding to an activity and close out the corresponding grant term in compliance with CDBG requirements. CDBG has an established seven (7) year grant term.

CDBG Program Year	Reallocation Amount

Citizen participation played an integral role in the development of the proposed Fiscal Year 2024-2025 Action Plan. A pre-development public meeting was held in coordination with the City's Affordable Housing Advisory Committee meeting on May 6, 2024 and a public hearing will be held on August 6, 2024 to obtain public input and adopt the draft plan. Graph 1: Allocated Funds

2. Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City of Deerfield Beach is committed to improving the quality of life for low- and moderate-income persons in the community. Decent housing and a suitable living environment are products of the public infrastructure and public service activities prioritized for implementation in Fiscal Year 2024-2025 to serve the City's LMI population.

Grant funding is the City's primary source of funding to implement the prioritized projects and activities. Consequently, the main obstacle is limited or decreased grant funding. The City's federal and state funding allocations fluctuate annually which makes planning for and meeting the needs of the City's LMI population challenging. This obstacle is compounded by the ongoing housing crisis and inflation. Home prices have significantly increased in the City of Deerfield Beach.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Deerfield Beach housing market poses significant barriers to affordable housing. Housing costs in Deerfield Beach has increased. Like much of America, the City has been experiencing a housing crisis due to a dramatic increase in the cost of homes, land, construction materials, labor, gas, etc. Additionally, about 60 percent of the housing inventory in Deerfield Beach is more than 40 years of age, according to the U.S. Census. The age of housing stock presents the challenge of maintaining quality housing so that inventory does not shrink as units fall into disrepair.

Housing conditions are an important aspect of the Deerfield Beach community quality of life, particularly for low- and moderate-income residents, of which the City has a relatively high LMI percentage. Considering rising housing costs and the age of existing housing stock, the City is committed to producing and preserving affordable housing in Deerfield Beach.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Housing Element of the City's Comprehensive Plan provides guidance to develop appropriate plans and policies to meet identified or projected deficits in the supply of housing for moderate income, low income, and very low-income households, group homes, foster care facilities, and households with special housing needs, including rural and farm worker housing. The related goals and objectives listed in the Housing Element of the Comprehensive Plan include the following:

GOAL HS 1.0: Provide sufficient quantity of safe and adequate housing which is affordable to all income groups in Deerfield Beach.

Objective HS 1.1: Provide for adequate and affordable housing for the existing population, anticipated population growth, and households with special housing needs.

Objective HS 1.2: Continue to employ existing housing implementation programs and revise existing and formulate new housing implementation programs when the City determines such programs will better provide for adequate and affordable housing in compliance with State and Federal relocation housing regulations.

Objective HS 1.3: Assist in the elimination of substandard housing conditions, and for the structural and aesthetic improvement of existing housing while guiding the conservation, rehabilitation or demolition of housing as needed.

Objective HS 1.5: Provide adequate housing sites and distribution of housing for workforce, moderate, low, and very low-income households.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section addresses the City of Deerfield Beach's planned actions to foster and maintain quality affordable housing, continue the mitigation of lead-based paint hazards in homes occupied by low- and moderate-income individuals, reduce the number of households in poverty through various services, programs and coordination of service providers. The City will continue to undertake an educational campaign on fair housing to ensure that Deerfield Beach residents have the widest range of housing choices.

Actions planned to address obstacles to meeting underserved needs

The City of Deerfield Beach is committed to identifying opportunities to produce and preserve affordable housing, improve housing conditions and expand economic opportunities for its low- and moderate-income population. The City shall keep apprised of and shall consider implementation of all federal, state, and local housing subsidy programs in which the City is eligible to participate. The City shall also increase marketing efforts through targeted promotion and creative campaigns to increase public awareness of the affordable housing programs designed to serve low- and moderate-income persons.

Actions planned to foster and maintain affordable housing

The City intends to foster and maintain affordable housing in the City with the support of federal and state resources and coordinated efforts with public and private agencies and organizations. Public and private efforts will include coordination with private developers, especially those providing low- and moderate-income housing; Community Housing Development Organization; the Deerfield Beach Housing Authority; the Broward County Housing Authority; the Broward County Housing and Community Development Division; and the Broward Housing Partnership.

The City has also established an Affordable Housing Advisory Committee who reviews the City's established policies, ordinances, land development regulations and comprehensive plan and recommend specific actions or initiatives to encourage or facilitate affordable housing in Deerfield Beach.

Actions planned to reduce lead-based paint hazards

The City will continue to ensure that its affordable housing programs and projects comply with lead paint regulations. All appropriate lead hazard disclosures, brochures and testing will be communicated, distributed and performed, respectively, in compliance with Federal regulations for homes built prior to 1978. If abatement is required, specifications by a certified lead contractor will be incorporated into the housing activity/project work write up. These actions will prevent lead poisoning and hazards in the community.

Actions planned to reduce the number of poverty-level families

The poverty rate in Deerfield Beach is 15.6 percent, according to the U.S. Census. The City will

continue to prioritize federal and state funding for affordable housing programs and activities and economic development opportunities. Grant management is centralized in the City of Deerfield Beach Community Services Department. The Community Services Department will continue to work closely with the City's Economic Development Department to identify, provide and fund initiatives that promote job readiness and career opportunities for low- and moderate-income persons and economic expansion in the City of Deerfield Beach. The City also collaborates with the Broward County Continuum of Care, Deerfield Beach Housing Authority and other Broward County agencies to support projects and programs designed to reduce poverty in the City.

Actions planned to develop institutional structure

The City of Deerfield Beach Community Services Department oversees the administration of entitlement and competitive grants citywide pre and post award. This centralized structure enables the City to strengthen relationships with departments within the City and foster collaboration with residents, public and private agencies, organizations and grant funders to aid in identifying housing and community development needs, and opportunities to leverage federal, state and local resources to provide decent housing, a suitable living environment and expand economic opportunities for low- and moderate-income persons in the City.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Deerfield Beach housing stock has historically been constructed by the private sector. As such, the City is committed to strengthening relationships with public and private housing and social service agencies. The City works closely with the Deerfield Beach Public Housing Authority and utilizes their network of social service agencies to increase the impact of the City's affordable housing and public service programs, projects and activities. The City participates in interagency committees created to coordinate public, private and community-based efforts to expand affordable housing and economic development initiatives. Staff in the Community Services Department will continue attending affordable housing workshops to keep abreast of initiatives and regulations, identify best practices that can be implemented in the City and build on existing public and private collaborations to better serve the Deerfield Beach community.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

The City may generate Program Income from its federal and state grant funded Homeowner Rehabilitation and Purchase Assistance programs. Program Income is recaptured if an LMI recipient of funding through the aforementioned programs defaults on the terms of their award amount, which is structured as a 0% deferred loan that converts to a grant at the end of the loan term (i.e. affordability period). In accordance with the loan terms, the City requires repayment of the award amount based on an annual prorated amount.

In accordance with the procedures established in subsection 92.254(a)(2)(iii), regarding the purchase limits provided by HUD for the HOME Program, the City has chosen to piggyback on the median area purchase price for single-family housing within city limits established under 420.9075(5)(f), F.S., as followed by the State Housing Initiatives Partnership (SHIP) Program on an annual basis. The limits are set at 90% of the amounts in IRS Rev. Proc. 2023-22, with the understanding that these amounts are subject to yearly change to reflect market conditions. These limits will be uniformly applied to both HOME and CDBG housing projects.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(l)(1)

Account Name: Building Improvements

Account Number: 401-5020-533-60-21

Background/History

In Fiscal Year 2022, water plant staff began the building improvement project to renovate the administration building at the West Water Treatment Plant. The project was to be done in stages. In 2022, contractors completed the rehabilitation of the operation laboratory and, in 2023, they completed the renovations of the water plant locker room. In Fiscal Year 2024, the City Commission approved \$100,000.00 to begin the third stage of the administration building project, which includes removal of the first and second floor tiles and replacing them with epoxy flooring. This phase of the project also includes minor alterations to the plant's lunchroom, renovations to the women's restroom and replacement of all ceiling tiles on both floors of the building.

The building improvements were budgeted and approved for Fiscal Year 2024 at an estimated cost of \$100,000.00 in account number 4015020-5336021, "Building Improvements".

Current Activity

During the course of gathering proposals for this stage of the West Water Plants Administration Building Project, it came to light that the floor tiles may contain asbestos. This is due to the age of the existing building and tiles throughout it. In February, 2024, Water Plant staff collected and shipped portions of the current floor tiles to an EPA-approved asbestos inspector for analysis. The analysis results were positive for asbestos, resulting in additional costs for removal, abatement and disposal. The project cost from Shiff Construction, the Sourcewell contractor under Gordian, of \$124,472.82 is above the fiscal year 2024 budgeted line item amount. The increase in project cost is due to the cost of asbestos abatement services for the renovation.

Due to the increased project cost associated with asbestos abatement, Environmental Services staff suggests supplementing additional funds from the line item, Water Plant Door Replacement, from the same account as the building improvements, to cover the remaining \$24,472.82. The water plant door replacement estimated cost came in at \$25,000.00 and was budgeted in the fiscal year 2024 budget for \$50,000.00, leaving approximately \$25,000.00 to cover the additional cost of the third phase of the building administration project.

Due to the age of this facility, annual budgeting for phased improvements is necessary. The next phase of the building improvement project proposed in the FY25 proposed budget will include renovation of restrooms in the administration building.

Recommendation

It is recommended that the City Commission approve the Sourcewell Job Order Contract with Shift Construction & Development, Inc. to construct West Water Treatment Plant Building Improvements for an amount not to exceed \$124,472.82.

Recommended Action

Commission to vote on Resolution

Voting Requirement

Adoption requires a 3/5 vote of the City Commission

Background/History

LMR Cove, LLC/Steve Scaggs CSHJ Properties, LLC has submitted an Artwork Permit Application (01-2024) to install two murals on a building located at 1756 SE 3rd Court. The building is the marina office that faces the Intracoastal Waterway. As the building is part of a marina, the applicant has retained local artist Dennis Friel who owns Connected by Water, a company that specializes in ocean themed art. The property owner is proposing two facades of the building to have murals, which are as follows:

Mural 1: East Elevation – One sailfish located on the south side of the wall.
Mural 2: North Elevation – Sailfish, dolphin fish and seagull along the middle to west side of the wall.

The Public Art Committee met on May 9, 2024 to review the application and rejected the application with a request to provide backgrounds to the art. On July 11, 2024, the Public Art Committee voted to recommend approval of the two murals as they both now have backgrounds.

Per Section 14-137 of the Code of Ordinances, artwork on the exterior of private property that is visible to the public from the public right-of-way is permitted on private property provided that the Public Art Committee recommends approval of the artwork in accordance with the criteria set forth in Section 14-138 and the City Commission approves the artwork permit application.

RESOLUTION NO. 2024/

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DEERFIELD BEACH, FLORIDA, APPROVING THE ARTWORK PERMIT APPLICATION SUBMITTED BY LMR COVE, LLC AKA THE COVE MARINA FOR THE INSTALLATION OF TWO MURALS ON THE BUILDING LOCATED AT 1756 SE 3RD COURT; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Article V of Chapter 14 of the City’s Code of Ordinance (the “City Code”) entitled “Public Art Program” establishes the guidelines and regulations for the installment of artwork on public property and private property visible to the public from the public right-of-way in order to enhance the appearance of the City and commemorate the City’s history; and

WHEREAS, Section 14-137 of City Code requires that private property owners who wish to install art on a portion of the exterior of their private property that is visible to the public from the public right-of-way submit an artwork permit application to the City, which shall be reviewed by the City’s Public Art Program Committee (the “Committee”) and considered by the City Commission based upon the Committee’s recommendation; and

WHEREAS, LMR Cove, LLC, aka The Cove Marina (the “Applicant”) submitted an artwork permit application (the “Application”) to the Committee for consideration of the installation of the following two murals on the building located at 1756 SE 3rd Court (the “Building”):

- Mural 1: East Elevation - One sailfish located on the south side of the wall;
- Mural 2: North Elevation – Sailfish, dolphin fish and seagull along the middle to west side of the wall; and

WHEREAS, on May 9, 2024, the Committee met to review the Application in accordance with Sections 14-137 and 14-138 of the City Code, and rejected the initial application and requested it be re-submitted with backgrounds to the proposed art; and

WHEREAS, the Applicant re-submitted its Application with revised artwork and the Committee met on July 11, 2024; and

WHEREAS, upon review of the revised Application, the Committee determined that the artwork now includes backgrounds, and the Committee is recommending approval of both murals, as more specifically depicted on Exhibit “A” (collectively, the “Murals”); and

WHEREAS, the City Commission finds that it is in the best interest of the City to approve the revised Application and the Murals.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DEERFIELD BEACH, FLORIDA, AS FOLLOWS:

Section 1. The above referenced “Whereas” clauses are true and correct and made a part of this Resolution.

Section 2. The City Commission hereby approves the revised Permit Application and the installation of the Murals, as depicted on the attached Exhibit “A”, on the Building.

Section 3. The appropriate City officials are authorized to do all things necessary to carry out the aims of this Resolution.

B. GENERAL DESCRIPTION

1. General Statement

The Emergency Home Energy Assistance for the Elderly Program (EHEAP) serves the mission of the Department of Elder Affairs by providing home energy assistance aid to elders in the event of a home energy heating or cooling emergency. EHEAP is designed to assist low-income households with at least one member aged sixty (60) or older experiencing a heating or cooling emergency.

2. Authority

The relevant federal and state authorities governing EHEAP are:

- a. Low Income Home Energy Assistance Act of 1981 (Title XXVI of the Omnibus Budget Reconciliation Act of 1981, P.L. 97-35), as amended;
- b. 42 United States Code (U.S.C.) § 8621 et seq.;
- c. 45 Code of Federal Regulations (CFR) Part 96, Subpart H (§§ 96.80-96.89);
- d. Section 409.508, Florida Statutes (F.S.) and Rule 73C-26.021(3), Florida Administrative Code (F.A.C.);
- e. Rule Chapter 73C-26, F.A.C.;
- f. State of Florida LIHEAP Policies and Procedures Manual; and
- g. LIHEAP State Plan.

3. Scope of Service

The Contractor is responsible for the programmatic, fiscal, and operational management of EHEAP. Eligible households may be provided with more than one benefit (across multiple EHEAP funding contracts within a 12-month crisis benefit cycle), totaling no more than \$5,000.00. The minimum number of individuals to be served crisis energy assistance may reflect duplicated consumers if a consumer receives multiple benefits. The period for the benefit is the cumulative of services provided from October 1, 2023 to September 30, 2024 and then October 1, 2024 to September 30, 2025.

- a. The services provided under this Contract shall be in a manner consistent with and described in Attachment I, Section II. Manner of Service Provision. The Contractor shall ensure the following service tasks are completed:
 - (1) Consumer Outreach;
 - (2) Elder's Benefit Eligibility Determination; and
 - (3) Benefit Disbursement.

4. Major Program Goals

EHEAP is designed to provide crisis assistance to eligible low-income households with at least one individual aged sixty (60) or older experiencing a heating or cooling emergency.

a. Standard Crisis

A standard home cooling or heating crisis exists when an elder has no access to, or is in danger of losing access to, needed home energy because one or more of the following

conditions is present:

- (1) The elder has been notified that the energy source for cooling or heating is going to be disconnected;
- (2) The elder has received a notice indicating the energy source is delinquent or past due; and/or
- (3) The elder has an energy bill for which the due date has lapsed;

b. Life-Threatening Crisis

A life-threatening home cooling or heating crisis exists if one of the following conditions is present:

- (1) The elder's home cooling or heating energy source has been disconnected;
- (2) The elder is unable to get delivery of fuel for heating, is out of fuel for heating, or is in danger of being out of fuel for heating; or
- (3) The elder has other problems with lack of cooling or heating in the home, such as needing to pay a deposit, needing a repair of heating or cooling equipment, or needing an interim emergency measure to avoid further crisis.

c. Crisis Assistance

Allowable categories for crisis assistance are:

- (1) Utility payments for heating/cooling bill assistance for electric, gas, propane, wood, coal, or refillable fuels;
- (2) Temporary emergency shelter (if needed due to energy-related crisis);
- (3) Payment to landlords (when utility costs are included in rent);
- (4) Repairs or replacements to heating/cooling units (as long as the amount is within the benefit limits and the work is done by a licensed contractor);
- (5) Deposits to connect or restore energy;
- (6) Late fees, disconnect fees, and reconnect fees;
- (7) Charges from a previous account held by the applicant that is now closed;
- (8) Blankets and fans;
- (9) Taxes and fees associated with the client's utility bill towards the energy portion. In some cases, where the utility vendor combines all the other fees and taxes, which also includes non-home energy services, such taxes and fees can be paid with EHEAP funding.

Example: In a case where taxes for other services are commingled with taxes for home energy services, proceed with paying the taxes portion of the bill.

- (10) Other allowable payments are those related to the start-up of services, including reasonable connection or reconnection fees, delivery fees, deposits, and other fees related to the start-up of service.

C. CLIENTS TO BE SERVED

1. General Description

EHEAP provides for direct client services to elders in low-income households experiencing a home energy heating or cooling emergency. A household receiving EHEAP services may not have an income above one hundred fifty percent (150%) of the poverty level, as published by the United States Department of Health and Human Services, unless the household is determined categorically eligible.

2. Client Eligibility

To be eligible for services under this Contract, and to receive assistance, an elder must:

- a. Be aged sixty (60) or older;
- b. Reside in the EHEAP service area (Broward County) at the time the home energy costs were incurred;
- c. Complete and return an EHEAP application with all required information and verification to the Contractor, while funds remain available;
- d. Provide a fuel bill or other documentation evidencing an energy emergency and an obligation to pay for home energy costs for the home in which they live;
- e. Possess a total gross household income of not more than one hundred fifty percent (150%) of the Office of Management and Budget (OMB) federal poverty level for the size of the household, in accordance with Section I.C.3.d. below, or be determined categorically eligible to receive EHEAP benefits;
- f. Be experiencing one or more verifiable home cooling or heating crises;

- h. Not be a student living in a dormitory; and
- i. Legally reside in the State of Florida.

3. Client Determination

The Contractor shall begin taking applications for EHEAP services upon execution of this Contract and continue taking applications until the contract expires or funds are exhausted. The Contractor shall not accept applications when funds are exhausted for a particular time period. The Contractor shall:

- a. Provide assistance to elders in completing DOEA-provided applications for assistance and determining eligibility;
- b. Ensure that no one is excluded from program participation on the grounds of race, color, national origin, sex, or age, and ensure that such persons shall not be subjected to discrimination under any activity funded in whole or in part with these funds;
- c. Treat homeowners and those who rent equitably under this Contract;
- d. Calculate the income eligibility of the elder by using the past thirty (30) days earnings for all occupants of the household annualized or the elder's current economic situation and reference the current year Sources of Income (Attachment XV) to determine what is considered allowable income. The Contractor shall proceed as follows:
 - (1) Total household income cannot exceed one hundred fifty percent (150%) of the current Federal Poverty Income Guidelines (Attachment XIII), unless the household is determined categorically eligible; and

- (2) Obtain a written self-declaration from any household members aged eighteen (18) years or older claiming zero income. The self-declarations must be completed and signed by the household member who is claiming zero income.
- e. Determine if all or part of the elder's utility costs are paid directly (utility reimbursement) or indirectly (utility allowance) by the government if the elder lives in government-subsidized housing. The Contractor shall proceed as follows:
 - (1) If total home heating or cooling costs are included in the rent and the elder has no obligation to pay any portion of the costs, then the elder is not eligible for assistance; and
 - (2) If there is a Florida Section 8 (Housing Choice Voucher Program) or a Public Housing Authority (PHA) Program energy subsidy available to the elder during the period covered by the utility bill, then the elder is only eligible for partial assistance. The energy subsidy for the period covered by the utility bill must be subtracted from the allowable EHEAP benefit calculated for the household.
- f. Use program qualification approvals or notifications from TANF, SSI, or SNAP to document household size and income of elders, or to determine and document categorical eligibility to receive EHEAP benefits. The benefit level to be provided to elders receiving TANF, SSI, and SNAP shall be the same as that provided to other qualified elders;
- g. Obtain a signed statement of maintenance from the elder explaining how basic living expenses (i.e., food, shelter, and transportation) are being provided if the total household income is less than fifty percent (50%) of the current federal poverty guidelines and no one in the household is receiving SNAP;
- h. Ensure elders receive no more than one approved crisis assistance benefit during the cooling season, April 1 through September 30, and one approved crisis assistance benefit during the heating season, October 1 through March 31. The Contractor shall proceed as follows:
 - (1) Crisis assistance benefit may consist of payment of more than one energy obligation, per heating and cooling season, for a household to resolve a single crisis, thus allowing for:
 - (i) The purchase or repair of fans, blankets, air conditioners, and/or portable heaters in addition to heating/cooling bill assistance, that combined does not exceed the maximum crisis; and
 - (ii) Crisis situations which may involve a heater or air conditioner that is powered by both gas and electricity, in which case both energy obligations are eligible for a crisis benefit payment that combined does not exceed the maximum crisis benefit.
 - (2) Water, sewer, garbage, and fire, etc. charges may not be paid;
 - (3) Repair or replacement of a heating/cooling unit is allowable, provided any required installation or repair work is completed by a licensed contractor;
 - (4) Deposits to connect or restore energy are allowable;
 - (5) Late fees, disconnect fees, and reconnect fees are allowable;
 - (6) Charges from a previous account held by the elder that is now closed are allowable;

- (7) Payment to landlord when utility costs are included in the elder's rent is allowable; and
- (8) Payment for temporary emergency shelter is allowable if due to an energy-related crisis.
- i. In no case shall the Contractor be required to incur costs in excess of the full contract amount to provide services to the clients.

Upon receipt of a validly filed objection to the first response, the Contractor must respond in writing within ten (10) working days, and the response must clearly state the final outcome of the appeal, that the decision is final, and if applicable, the circumstances under which the elder may reapply for services.
8. Post appeal provisions in a prominent place and in plain view at all locations where EHEAP applications are received;
9. Ensure all ineligible applicants and applicants denied crisis assistance, when EHEAP funds are not available or are insufficient to meet their emergency home energy needs, are referred to and assisted in securing help through other community resources;

ATTACHMENT V**INSTRUCTIONS FOR THE CIVIL RIGHTS COMPLIANCE CHECKLIST**

1. Describe the geographic service area such as a district, county, city, or other locality. If the program/facility serves a specific target population such as adolescents, describe the target population. Also, define the type of service provided.
2. Enter the percent of the population served by race, sex, disability, and over the age of 40. The population served includes persons in the geographical area for which services are provided such as a city, county or other regional area. Population statistics can be obtained from local chambers of commerce, libraries, or any publication from the 1980 Census containing Florida population statistics. Include the source of your population statistics. ("Other" races include Asian/Pacific Islanders and American Indian/Alaskan Natives.)
3. Enter the total number of full-time staff and their percent by race, sex, disability, and over the age of 40. Include the effective date of your summary.
4. Enter the total number of clients who are enrolled, registered or currently served by the program or facility, and list their percent by race, sex, disability, and over the age of 40. Include the date that enrollment was counted.
 - a. Where there is a significant variation between the race, sex, or ethnic composition of the clients and their availability in the population, the program/facility has the responsibility to determine the reasons for such variation and take whatever action may be necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve target populations such as elderly or disabled persons.
5. Enter the total number of advisory board members and their percent by race, sex, disability, and over the age of 40. If there is no advisory or governing board, leave this section blank.
6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all nondiscriminatory provisions as required in 45 CFR Part 80. This is usually a standard part of the contract language for DOE A Recipients and their Sub-grantees. 45 CFR § 80.4(a).
7. Is the race, sex, and national origin of the staff reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff?
8. Do eligibility requirements unlawfully exclude persons in protected groups from the provision of services or employment? Evidence of such may be indicated in staff and client representation (Questions 3 and 4) and also through on-site record analysis of persons who applied but were denied services or employment. 45 CFR § 80.3(a) and 45 CFR § 80.1.
9. Participants or clients must be provided services such as medical, nursing, and dental care, laboratory services, physical and recreational therapies, counseling, and social services without regard to race, sex, color, national origin, religion, age, or disability. Courtesy titles, appointment scheduling, and accuracy of record keeping must be applied uniformly and without regard to race, sex, color, national origin, religion, age, or disability. Entrances, waiting rooms, reception areas, restrooms, and other facilities must also be equally available to all clients. 45 CFR § 80.3(b).
10. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin, or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability. 45 CFR § 80.3(a).
11. The program/facility and all services must be accessible to participants and applicants, including those persons who may not speak English. In geographic areas where a significant population of non-English speaking people live, program accessibility may include the employment of bilingual staff. In other areas, it is sufficient to have a policy or plan for service, such as a current list of names and telephone numbers of bilingual individuals who will assist in the provision of services. 45 CFR § 80.3(a).
12. Programs/facilities must make information regarding the nondiscriminatory provisions of Title VI available to their participants, beneficiaries, or any other interested parties. 45 CFR § 80.6(d). This should include information on their right to file a complaint of discrimination with either the Department or the U.S. Department of Health and Human Services. The information may be supplied verbally or in writing to every individual or may be supplied through the use of an equal opportunity policy poster displayed in a public area of the facility.
13. Report number of discrimination complaints filed against the program/facility. Indicate the basis (e.g. race, color, creed, sex, age, national origin, disability, and/or retaliation) and the issues involved (e.g. services or employment, placement,

termination, etc.). Indicate the civil rights law or policy alleged to have been violated along with the name and address of the local, state, or federal agency with whom the complaint has been filed. Indicate the current status of the complaint (e.g. settled, no reasonable cause found, failure to conciliate, failure to cooperate, under review, etc.).

1. The program/facility must be physically accessible to mobility, hearing, and sight-impaired individuals. Physical accessibility includes designated parking areas, curb cuts or level approaches, ramps, and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, and information and admissions offices should be accessible. Door widths and traffic areas of administrative offices, cafeterias, restrooms, recreation areas, counters, and serving lines should be observed for accessibility. Elevators should be observed for door width and Braille or raised numbers. Switches and controls for light, heat, ventilation, fire alarms, and other essentials should be installed at an appropriate height for mobility impaired individuals.
2. Section 504 of the Rehabilitation Act of 1973 requires that a recipient of federal financial assistance conduct a self-evaluation to identify any accessibility barriers. Self-evaluation is a four-step process:
 - a. Evaluate, with the assistance of disabled individual(s)/organization(s), current policies and practices that do not or may not comply with Section 504;
 - b. Modify policies and practices that do not meet Section 504 requirements.
 - c. Take remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices; and
 - d. Maintain self-evaluation on file, including a list of the interested persons consulted, a description of areas examined, and any problems identified, and a description of any modifications made and of any remedial steps taken 45 CFR § 84.6. (This checklist may be used to satisfy this requirement if these four steps have been followed).
3. Programs or facilities that employ 15 or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by Part 84 of Title 45, CFR 45 CFR § 84.7(b).
4. Programs or facilities that employ 15 or more persons shall designate at least one person to coordinate its efforts to comply with Part 84 of Title 45, CFR. 45 CFR § 84.7(a).
5. Programs or facilities that employ 15 or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees that the program/facility does not discriminate on the basis of handicap in violation of Section 504 and Part 84 of Title 45, CFR. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in publications of the programs or facilities, and distribution of memoranda or other written communications. 45 CFR § 84.8(a).
6. Programs or facilities that employ 15 or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills where necessary to afford such persons an equal opportunity to benefit from the service in question. Auxiliary aids may include, but are not limited to, brailled and taped materials, interpreters, and other aids for persons with impaired hearing or vision. 45 CFR § 84.52(d).
7. Programs or facilities with 50 or more employees and \$50,000.00 in federal contracts must develop, implement, and maintain a written affirmative action compliance program in accordance with Executive Order 11246, 41 CFR Part 60 and Title VI of the Civil Rights Act of 1964, as amended.

The Contractor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Council or Auditor General.

AUDITS**PART I: FEDERALLY FUNDED**

In the event that the Contractor expends less than \$750,000.00 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the provider resources obtained from other than State entities).

An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to contracts with the Council shall be based on the contract's requirements, including any applicable rules, regulations, or statutes. The financial statements shall disclose whether or not the matching requirement was met for each applicable agreement. INSTRUCTIONS FOR THE CIVIL RIGHTS COMPLIANCE CHECKLIST

1. Describe the geographic service area such as a district, county, city, or other locality. If the program/facility serves a specific target population such as adolescents, describe the target population. Also, define the type of service provided.
2. Enter the percent of the population served by race and sex. The population served includes persons in the geographical area for which services are provided such as a city, county or other regional area. Population statistics can be obtained from local chambers of commerce, libraries, or any publication from the 1980 Census containing Florida population statistics. Include the source of your population statistics. ("Other" races include Asian/Pacific Islanders and American Indian/Alaskan Natives.)
3. Enter the total number of full-time staff and their percent by race, sex, and disability. Include the effective date of your summary.
4. Enter the total number of clients who are enrolled, registered, or currently served by the program or facility, and list their percent by race, sex, and disability. Include the date that enrollment was counted.
5. Enter the total number of advisory board members and their percent by race, sex, and disability. If there is no advisory or governing board, leave this section blank.
6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all nondiscriminatory provisions as required in 45 CFR 80. This is usually a standard part of the contract language for DOE A recipients and their sub-grantees, 45 CFR 80.4 (a).
7. Is the race, sex, and national origin of the staff reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff?
8. Where there is a significant variation between the race, sex or ethnic composition of the clients and their availability in the population, the program/facility has the responsibility to determine the reasons for such variation and take whatever action may be necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve target populations such as elderly or disabled persons, 45 CFR 80.3 (b) (6).
9. Do eligibility requirements unlawfully exclude persons in protected groups from the provision of services or employment? Evidence of such may be indicated in staff and client representation (Questions 3 and 4) and also through on-site record analysis of persons who applied but were denied services or employment, 45 CFR 80.3 (a) and 45 CFR 80.1 (b) (2).
10. Participants or clients must be provided services such as medical, nursing and dental care, laboratory services, physical and recreational therapies, counseling and social services without regard to race, sex, color, national origin, religion, age or disability. Courtesy titles, appointment scheduling, and accuracy of record keeping must be applied uniformly and without regard to race, sex, color, national origin, religion, age, or disability. Entrances, waiting rooms, reception areas, restrooms, and other facilities must also be equally available to all clients, 45 CFR 80.3 (b).
11. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin, or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability, 45 CFR 80.3 (a).
12. The program/facility and all services must be accessible to participants and applicants, including those persons who may not speak English. In geographic areas where a significant population of non-English speaking people live, program accessibility may include the employment of bilingual staff. In other areas, it is sufficient to have a policy or plan for service, such as a current list of names and telephone numbers of bilingual individuals who will assist in the provision of services, 45 CFR 80.3 (a).

13. Programs/facilities must make information regarding the nondiscriminatory provisions of Title VI available to their participants, beneficiaries, or any other interested parties. This should include information on their right to file a complaint of discrimination with either the Council, the State of Florida, Department of Elder Affairs, or the U.S. Department of HHS. The information may be supplied verbally or in writing to every individual, or may be supplied through the use of an equal opportunity policy poster displayed in a public area of the facility, 45 CFR 80.6 (d).
14. Report number of discrimination complaints filed against the program/facility. Indicate the basis, e.g., race, color, creed, sex, age, national origin, disability, retaliation; the issues involved, e.g., services or employment, placement, termination, etc. Indicate the civil rights law or policy alleged to have been violated along with the name and address of the local, state, or federal agency with whom the complaint has been filed. Indicate the current status, e.g., settled, no reasonable cause found, failure to conciliate, failure to cooperate, under review, etc.
15. The program/facility must be physically accessible to disabled individuals. Physical accessibility includes designated parking areas, curb cuts or level approaches, ramps and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, information, and admissions offices should be accessible. Door widths and traffic areas of administrative offices, cafeterias, restrooms, recreation areas, counters, and serving lines should be observed for accessibility. Elevators should be observed for door width, and Braille or raised numbers. Switches and controls for light, heat, ventilation, fire alarms and other essentials should be installed at an appropriate height for mobility impaired individuals.
16. Section 504 of the Rehabilitation Act of 1973 requires that a recipient of federal financial assistance conduct a self-evaluation to identify any accessibility barriers. Self-evaluation is a four-step process:
 - a. With the assistance of a disabled individual/organization, evaluate current practices and policies which do not comply with Section 504.
 - b. Modify policies and practices that do not meet Section 504 requirements.
 - c. Take remedial steps to eliminate any discrimination that has been identified.
 - d. Maintain self-evaluation on file. (This checklist may be used to satisfy this requirement if these four steps have been followed.), 45 CFR 84.6.
17. Programs or facilities that employ 15 or more persons must adopt grievance procedures that incorporate appropriate due process standards and provide for the prompt and equitable resolution of complaints alleging any action prohibited by Section 504.45 CFR 84.7 (b).
18. Programs or facilities that employ 15 or more persons must designate at least one person to coordinate efforts to comply with Section 504.45 CFR 84.7 (a).
19. Continuing steps must be taken to notify employees and the public of the program/facility's policy of nondiscrimination on the basis of disability. This includes recruitment material, notices for hearings, newspaper ads, and other appropriate written communication, 45 CFR 84.8 (a).
20. Programs/facilities that employ 15 or more persons must provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills where necessary. Auxiliary aids may include, but are not limited to, interpreters for hearing impaired individuals, taped or Braille materials, or any alternative resources that can be used to provide equally effective services, (45 CFR 84.52 (d)).
21. Programs/facilities with 50 or more employees and \$50,000.00 in federal contracts must develop, implement, and maintain a written affirmative action compliance program in accordance with Executive Order 11246. 41 CFR 60 and Title VI of the Civil Rights Act of 1964, as amended.

INSTRUCTIONS FOR THE CIVIL RIGHTS COMPLIANCE CHECKLIST

1. Describe the geographic service area such as a district, county, city, or other locality. If the program/facility serves a specific target population such as adolescents, describe the target population. Also, define the type of service provided.
2. Enter the percent of the population served by race and sex. The population served includes persons in the geographical area for which services are provided such as a city, county or other regional area. Population statistics can be obtained from local chambers of commerce, libraries, or any publication from the 1980 Census containing Florida population statistics. Include the source of your population statistics. ("Other" races include Asian/Pacific Islanders and American Indian/Alaskan Natives.)
3. Enter the total number of full-time staff and their percent by race, sex, and disability. Include the effective date of your summary.
4. Enter the total number of clients who are enrolled, registered, or currently served by the program or facility, and list their percent by race, sex, and disability. Include the date that enrollment was counted.
5. Enter the total number of advisory board members and their percent by race, sex, and disability. If there is no advisory or governing board, leave this section blank.
6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all nondiscriminatory provisions as required in 45 CFR 80. This is usually a standard part of the contract language for DOE A recipients and their sub-grantees, 45 CFR 80.4 (a).
7. Is the race, sex, and national origin of the staff reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff?
8. Where there is a significant variation between the race, sex or ethnic composition of the clients and their availability in the population, the program/facility has the responsibility to determine the reasons for such variation and take whatever action may be necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve target populations such as elderly or disabled persons, 45 CFR 80.3 (b) (6).
9. Do eligibility requirements unlawfully exclude persons in protected groups from the provision of services or employment? Evidence of such may be indicated in staff and client representation (Questions 3 and 4) and also through on-site record analysis of persons who applied but were denied services or employment, 45 CFR 80.3 (a) and 45 CFR 80.1 (b) (2).
10. Participants or clients must be provided services such as medical, nursing and dental care, laboratory services, physical and recreational therapies, counseling and social services without regard to race, sex, color, national origin, religion, age or disability. Courtesy titles, appointment scheduling, and accuracy of record keeping must be applied uniformly and without regard to race, sex, color, national origin, religion, age, or disability. Entrances, waiting rooms, reception areas, restrooms, and other facilities must also be equally available to all clients, 45 CFR 80.3 (b).
11. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin, or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability, 45 CFR 80.3 (a).
12. The program/facility and all services must be accessible to participants and applicants, including those persons who may not speak English. In geographic areas where a significant population of non-English speaking people live, program accessibility may include the employment of bilingual staff. In other areas, it is sufficient to have a policy or plan for service, such as a current list of names and telephone numbers of bilingual individuals who will assist in the provision of services, 45 CFR 80.3 (a).

13. Programs/facilities must make information regarding the nondiscriminatory provisions of Title VI available to their participants, beneficiaries, or any other interested parties. This should include information on their right to file a complaint of discrimination with either the Council, the State of Florida, Department of Elder Affairs, or the U.S. Department of HHS. The information may be supplied verbally or in writing to every individual, or may be supplied through the use of an equal opportunity policy poster displayed in a public area of the facility, 45 CFR 80.6 (d).
14. Report number of discrimination complaints filed against the program/facility. Indicate the basis, e.g., race, color, creed, sex, age, national origin, disability, retaliation; the issues involved, e.g., services or employment, placement, termination, etc. Indicate the civil rights law or policy alleged to have been violated along with the name and address of the local, state, or federal agency with whom the complaint has been filed. Indicate the current status, e.g., settled, no reasonable cause found, failure to conciliate, failure to cooperate, under review, etc.
15. The program/facility must be physically accessible to disabled individuals. Physical accessibility includes designated parking areas, curb cuts or level approaches, ramps and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, information, and admissions offices should be accessible. Door widths and traffic areas of administrative offices, cafeterias, restrooms, recreation areas, counters, and serving lines should be observed for accessibility. Elevators should be observed for door width, and Braille or raised numbers. Switches and controls for light, heat, ventilation, fire alarms and other essentials should be installed at an appropriate height for mobility impaired individuals.
16. Section 504 of the Rehabilitation Act of 1973 requires that a recipient of federal financial assistance conduct a self-evaluation to identify any accessibility barriers. Self-evaluation is a four-step process:
 - a. With the assistance of a disabled individual/organization, evaluate current practices and policies which do not comply with Section 504.
 - b. Modify policies and practices that do not meet Section 504 requirements.
 - c. Take remedial steps to eliminate any discrimination that has been identified.
 - d. Maintain self-evaluation on file. (This checklist may be used to satisfy this requirement if these four steps have been followed.), 45 CFR 84.6.
17. Programs or facilities that employ 15 or more persons must adopt grievance procedures that incorporate appropriate due process standards and provide for the prompt and equitable resolution of complaints alleging any action prohibited by Section 504.45 CFR 84.7 (b).
18. Programs or facilities that employ 15 or more persons must designate at least one person to coordinate efforts to comply with Section 504.45 CFR 84.7 (a).
19. Continuing steps must be taken to notify employees and the public of the program/facility's policy of nondiscrimination on the basis of disability. This includes recruitment material, notices for hearings, newspaper ads, and other appropriate written communication, 45 CFR 84.8 (a).
20. Programs/facilities that employ 15 or more persons must provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills where necessary. Auxiliary aids may include, but are not limited to, interpreters for hearing impaired individuals, taped or Braille materials, or any alternative resources that can be used to provide equally effective services, (45 CFR 84.52 (d)).
21. Programs/facilities with 50 or more employees and \$50,000.00 in federal contracts must develop, implement, and maintain a written affirmative action compliance program in accordance with Executive Order 11246. 41 CFR 60 and Title VI of the Civil Rights Act of 1964, as amended.

Account Name: Capital Projects-Parks Maintenance/Machinery

Account Number: 399-7020-539-64-10

Background/History

The Parks Maintenance Division currently utilizes a skid steer loader that can perform a variety of tasks, including digging, hauling, grading, and moving materials. They are known for their power and ability to perform heavy tasks in small spaces, which can reduce the need for other heavy-duty machines. Staff has employed regular and preventative maintenance and taken measures to keep the existing machine in good working condition, but it is approaching its useful life and needs replacement. The City has been afforded savings in vehicle/equipment purchases due to specialty pricing and taking advantage of greatly reduced prices of "on the lot" vehicle selections, which were a more cost-effective option and this item is within the budget savings.

Current Activity

Under Section 38-116(3)(b)(10) of the City's Procurement Code, the City is authorized to acquire or contract for non-real property, goods, or services without utilizing a sealed competitive method or the written quotations method where the desired non-real property, goods, or services are the subject of a competitively bid contract with state governments, their political subdivisions, or other local governmental entities within the United States, and with associations affiliated with state and/or local governmental entities or departments, such as the Florida Sheriffs Association. This contract has been competitively bid by the Florida Sheriffs Association (Contract FSA23-EQU21.0 Equipment), and it provides the City with economies of scale, bulk purchase buying power, and more expedient manufacturing and delivery. In accordance with the proposed strategy and the unit replacement plan, staff has identified the appropriate unit to purchase next and obtained a contract quote for the Skid Steer Loader, which is attached. The current lead time is 4 to 6 months for new equipment.

Recommendation

Staff recommends that the City Commission authorize the purchase of this equipment.

1.03 TERM OF CONTRACT

The term for Contracts FSA23-VEL31.0 Pursuit, Administrative and Other Vehicles and FSA23-VEH21.0 Heavy Trucks and Buses shall remain in effect for one year from date of contract execution by the FSA, and may be extended by mutual agreement, at the sole option and discretion of the FSA. The term for Contract FSA23-EQU21.0 Equipment shall remain in effect for two years from date of contract execution by the FSA, and may be extended by mutual agreement, at the sole option and discretion of the FSA. The initial term of this contract begins October 1, 2023, and ends September 30, 2025.

1.05 SHERIFF AS COUNTY CONSTITUTIONAL OFFICER

The Offices of the Sheriff in the State of Florida are constitutional offices of the State of Florida. Each has the authority either individually or collectively to execute contracts for all goods and services for the proper conduct of that office. FLORIDA SHERIFFS ASSOCIATION

Cooperative Purchasing Program

Contract Terms and Conditions

The Office of the Sheriff is not required by law to accept the lowest priced proposal and may reject any or all of the proposals without recourse. Bidders are solely responsible for their own bid preparation costs and nothing in this solicitation in any way obligates the participating sheriffs' offices for any payment for any activity or costs incurred by any Bidder in responding to this solicitation.

1.06 FUNDING

In the case of certain purchasers, including state agencies, funds expended for the purposes of the contract must be appropriated by the Florida Legislature, the individual participating agency or the agency's appropriating authority for each fiscal year included within the contract period. For such agencies, their performances and obligations to pay for products or services under any resulting contract, or purchase order, are contingent upon such an annual appropriation by the Legislature, individual agency or by the appropriating authority. Therefore, any contract or purchase order with such an agency shall automatically terminate without penalty or termination costs in the event of non-appropriation.

1.07 CURRENCY

FSA CPP takes necessary affirmative steps to ensure that minority businesses, women's business enterprises, and labor surplus area firms are used, when possible, as recommended by 2 C.F.R. § 200.321. FSA CPP will:

- Evaluate whether small, minority, and women's businesses are potential sources,
- Place those qualified small and minority businesses and women's business enterprises on solicitation lists, and
- Search the Small Business Administration, Minority Business Development Agency, and Labor Surplus Area reports for additional potential sources.

Bidders self-certify in the qualification packet whether they meet the state and federal definitions of a small business, minority-owned small business, women-owned small business enterprise, and disadvantaged business.

1.17 ANTI-DISCRIMINATION

The Bidder certifies that they are in compliance as applicable by federal or state law with the non-discrimination clause contained in Section 202, Executive Order 11246, as amended by Executive Order 11375, relative to equal employment opportunity for all persons without regard to race, color, religion, sex or national origin.

1.22 COMMUNICATIONS

Communications between a Bidder, lobbyist or consultant and FSA are limited to matters of process or procedure and shall be made in writing to the FSA CPP Staff.

Bidders should not rely on representations, statements, or explanations other than those made in this Invitation to Bid or in any written addendum to this Invitation to Bid, and no oral representations, statements, or explanations shall be deemed to bind the FSA or eligible users.

1.23 CLARIFICATION AND ADDENDA

Any questions or clarifications concerning the Invitation to Bid shall be submitted to FSA CPP by e-mail to CPP@flsheriffs.org with the bid title and number referenced on all correspondence. Final questions must be received by the date for Request for Clarification stated on the Bid Calendar. Questions received during the cone of silence date listed on the bid calendar will not be addressed, except as provided herein.

The FSA CPP shall issue a Formal Addendum if substantial changes that impact the submission of bids are required. Any such addenda shall be binding on the Bidder and shall become a part of the solicitation document. In the event of conflict with the original specifications, addenda shall govern to the extent specified. Subsequent Formal Addenda shall govern over prior Formal Addenda only to the extent specified. The FSA will not be responsible for any explanation or interpretation made verbally or in writing except those made through the posting of a Formal Addendum.

The bid submission constitutes acknowledgment of addenda to the Bid Specifications. Bids that fail to account for the specification addenda shall be determined to be nonresponsive; however, the FSA CPP may waive this requirement when in its best interest.

After the start of the contract term, FSA CPP will notify all Vendors of any addenda and will require acknowledgement of the new terms and conditions. If the Vendor does not agree to the new terms and conditions, the Vendor's award can be removed or replaced by another Vendor or qualified responsive bidder.

The signed bid shall be considered an offer on the part of the Bidder, which offer shall be deemed accepted upon approval by the FSA CPP. The bid submission must be signed by an authorized representative. Submission of a bid in the FSA CPP Bid System constitutes a signed bid for purposes of bid evaluation. An electronic signature may be used and shall have the same force and effect as a written signature.

1.25 ASSIGNMENT OF CONTRACT

No right or interest in this contract may be assigned, transferred, conveyed, sublet or otherwise disposed of, without prior written consent of the FSA CPP.

If the original Vendor sells or transfers all assets or the entire portion of the assets used to perform this contract, a successor-in-interest must perform all obligations under this contract. FSA CPP reserves the right to reject the acquiring entity as Vendor. A change of name agreement will not change the contractual obligations of the Vendor.

In the event a manufacturer reassigns the product line to an alternate company, the Vendor is required to notify the FSA CPP in writing of the change within 10 business days of the reassignment. If the Vendor is not already an approved FSA CPP Vendor, the alternate company is required to submit a Qualifications Packet to the FSA CPP to become an approved Vendor prior to conducting any qualified sales. FSA CPP may approve such assignments of existing or new vendors at its discretion. The Vendor is required to honor the contract pricing and all of the applicable Terms & Conditions throughout the remaining term of the contract.

1.27 DEMONSTRATION OF COMPETENCY

Bidders must be able to demonstrate a good record of performance for a reasonable period of time, and have sufficient financial support, equipment and organization to ensure they can satisfactorily execute the services if awarded a contract under the terms and conditions herein stated.

The terms "equipment" and "organization" as used herein shall be construed to mean a fully equipped and well-established company in line with the best business practices in the industry and as determined by the FSA CPP.

The FSA CPP may consider any evidence available and may require submission of supporting documentation regarding the financial, technical and other qualifications and abilities of a Bidder, including past performance with the FSA CPP in making the award.

FSA CPP may inspect the Bidder's facility prior to the award of contract. Bids will only be considered from firms which are regularly engaged in the business of providing the goods or services described in this Invitation to Bid.

Information submitted in the bid may not be plagiarized and, except in the case of materials quoted from this solicitation or developed by the manufacturer, must be the original work of the individual or company that submits the bid for evaluation.

1.28 VENDOR ABILITY TO PERFORM

The FSA CPP may require Bidders to show proof that they have been designated as authorized representatives of a manufacturer or supplier, which is the actual source of supply. In these instances, the FSA CPP may also require information from the source of supply regarding the quality, packaging and characteristics of the products. Any conflicts between this material information provided by the source of supply and the information contained in the bid submission may render the bid nonresponsive.

During the contract period, FSA CPP may review the Vendor's record of performance and may require submission of supporting documentation to ensure that the Vendor is providing sufficient financial support, equipment and organization.

If the FSA CPP determines that the Vendor no longer possesses the financial support, equipment and organization in order to comply with this section, FSA has the authority to immediately terminate the contract.

By responding to this Invitation to Bid, the Vendor warrants that, to the best of his or her knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Vendor's ability to satisfy the obligations of a resulting contract. The Vendor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to section 287.133 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. The Vendor shall immediately notify the FSA CPP and purchaser in writing if its ability to perform is compromised in any manner during the term of the contract.

1.29 FINANCIAL RESPONSIBILITY

Bidder affirms by the submission of the bid and by signature on the contract signature form that the Bidder:

- Has fully read and understands the scope, nature, and quality of work to be performed or the services to be rendered under this bid and has adequate facilities and personnel to fulfill such requirements.
- Accepts the financial responsibility associated with this bid and declares that they have the access to capital (in the form of liquidity or credit lines) in order to meet the financial demands of such award.
- Has assessed the financial responsibility required to serve the contract as bid, including such details as the obligations to perform all items bid, zones bid, and quantities that could be ordered, as well as timing of payment from purchasers, which can be 45 calendar days from receipt of invoice.

1.30 QUALITY AND SAFETY

All materials used for the manufacture or construction of any supplies, materials or equipment covered by this bid shall be new. The items bid must be new, the latest model, of the best quality, and highest-grade workmanship that meet or exceed federal safety standards.

Items requiring certification should require certification of options in cases where non-certified options could result in the decertification of the original product or warranty. In all cases where options are not certified, the Vendor must disclose to the end user that the non-certified options are not required to be certified. All options must meet or exceed federal safety standards.

1.31 NONCONFORMANCE

Items may be tested for conformance with specifications. Items delivered that do not conform to specifications may be rejected and returned at the Vendor's expense.

Any violation of these stipulations may also result in:

- Vendor's name being removed from the awarded vendor list.
- FSA and purchasers being advised not to do business with Vendor.

1.32 GRATUITIES

Bidders shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of the FSA, for the purpose of influencing consideration of this bid. Bidders shall disclose in writing any conflicts of interest to FSA prior to any award, or as soon as practicable after learning of any such conflict, including any contractual or employment relationships with FSA or potential purchasers of Bidders' products or services.

1.33 TIE BIDS

FSA CPP has the right to award multiple Bidders the primary or alternate award in the event of a tie. In the event the FSA CPP desires to break tie bids, and businesses have qualifying drug-free work programs, the award will be made using the following criteria:

- Bidder within the State of Florida
- Vendors' performance record with purchasers
- Coin Toss

1.34 RIGHT TO AUDIT

Vendor shall establish and maintain a reasonable accounting system that enables FSA CPP to readily identify Vendor's sales. FSA CPP and its authorized representatives shall have the right to audit and to make copies of all related records pertaining to this contract, including all government sales and eligible user information, whether kept by or under the control of the Vendor, including, but not limited to those kept by its employees, agents, assigns, successors, sub-vendors, or third-party suppliers in whatever form they may be kept – written or electronic. Such records shall include, but not be limited to:

- Accounting records, including but not limited to purchase orders, confirmation of orders or invoices, paid vouchers, cancelled checks, deposit slips, ledgers, and bank statements;
- Written policies and procedures;
- Subcontract files (including proposals of successful and unsuccessful Bidders, bid recaps, etc.);
- Original estimates, quotes, or work sheets;
- Contract amendments and change order files;
- Insurance documents; or
- Memoranda or correspondence.

Vendor shall maintain such records during the term of this contract and for a period of three (3) years after the completion of this contract. At the Vendor's expense and upon written notice from FSA CPP, the Vendor shall provide such records for inspection and audit by FSA CPP or its authorized representatives. Such records shall be made available to FSA CPP during normal business hours within three business days of receipt of the written notice. FSA CPP may select the Vendor's place of business or offsite location for the audit. The FSA CPP may also request the Vendor provide requested records via e-mail.

FLORIDA SHERIFFS ASSOCIATION
Cooperative Purchasing Program
Contract Terms and Conditions

Vendor shall ensure FSA has these rights with Vendor's employees, agents, assigns, successors, and third-party suppliers, and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Vendor and any sub-vendors to the extent that those subcontracts or agreements relate to fulfillment of the Vendor's obligations to FSA.

Professional fees, personnel costs and travel costs incurred by FSA under its authority to audit and not addressed elsewhere will be the responsibility of the FSA. However, if the audit identifies underreporting, overpricing or overcharges (of any nature) by the Vendor to FSA or a purchaser in excess of three percent (3%) of the total contract billings, the Vendor shall reimburse FSA for the total costs of the audit not to exceed \$5,000. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, FSA may recoup all the costs of the audit work from the Vendor.

Any adjustments or payments that must be made as a result of any such audit or inspection of the Vendor's invoices or records shall be made within a reasonable amount of time (not to exceed 60 calendar days) from presentation of FSA's findings to Vendor.

FSA has the right to assess damages or seek reimbursements or refunds based on audit results.

1.35 LICENSES AND PERMITS

The Bidder shall obtain and pay for all licenses, permits and inspection fees for this bid submission and any resulting contract. Where Vendors are required to enter or go onto FSA or purchaser property to deliver materials or perform work or services as a result of a bid award, the Vendor will assume the full duty, obligation and expense of obtaining all necessary licenses, permits and insurance.

The Bidder must, by the time of award, be registered to do business in the State of Florida on SunBiz.gov.

1.36 PERFORMANCE BONDS

Purchasers may request a performance bond from a Vendor. Performance bonds are recommended with pre-payment and will be at the expense of the requesting agency. Purchasers should determine the best practice in comparing performance bond expense against any prior discounts that may be available.

1.37 ELIMINATION FROM CONSIDERATION

This Invitation to Bid shall not be awarded to any person or Bidder who has outstanding debts to the FSA, whether in relation to current or previous bid awards or for other business purposes.

1.38 INDEPENDENT PREPARATION

A Bidder shall not, directly or indirectly, collude, consult, communicate or agree with any other Bidder as to any matter related to the bid each is submitting. Additionally, a Bidder shall not induce any other Bidder to modify, withdraw, submit, or not submit a bid.

Bidders or Vendors who are found to have engaged in these acts will be considered nonresponsive and will be suspended or barred from bid participation. Any contract award resulting from these acts may be terminated for

default. Further, any such acts detected by the FSA may be reported to relevant law enforcement and/or prosecutorial agencies.

Bidders may submit multiple bids without violating this provision if the bid submitted is not from the same manufacturer and product line. Dealers that share the same ownership may submit multiple bids without violating this provision if the Bidders are not in the same region featuring the same manufacturer and product line.

1.39 DEFAULT

In case of default on the part of Vendor, the FSA CPP may take necessary steps to otherwise procure the products sought, including but not limited to procuring the products or services from the next highest ranked Bidder or from other sources. A defaulting Vendor may be held liable for costs incurred by the FSA in procuring replacement products.

1.40 PROTESTS AND ARBITRATION

Any person who is adversely affected by the decision or intended decision to award shall file a "Notice of Protest" in writing to the FSA CPP within three (3) business days after the posting of the Intent to Award and shall file a formal written protest within five (5) business days after filing the Notice of Protest. Failure to file both a notice of protest and a formal written protest within the above referenced timelines shall constitute a waiver of proceedings.

The burden is on the party protesting the award of the bid to establish grounds for invalidating the award(s). The formal written protest must state with particularity the facts and law upon which the protest is based. Options are for informational purposes only and will not serve as a basis for protest. Failure to do so will result in a denial of protest. Formal written protest which states with particularity the facts and law upon which the protest is based will be reviewed by FSA legal counsel for legal soundness and validity, and corrective action will be taken as needed contingent upon the validity of such claims. However, any additional time required and cost incurred by the FSA to substantiate a protesting party's claim(s) beyond the normal scope of its legal review due to the vague or inconclusive nature of the protesting party's filing will be reimbursable to the FSA and deducted from the protesting party's bond or security which must accompany their filing.

Any Bidder who files an action protesting a decision or intended decision pertaining to this contract shall post a bond, cashier's check or money order payable to the Florida Sheriffs Association in the amount equal to ten percent of the item being protested. The bond, cashier's check or money order must be filed at the time of filing the formal written protest or within the five (5) business day period allowed for filing the formal written protest. FSA CPP will provide the amount required within two (2) business days of the notice of protest received. This bond or security will be conditioned upon the payment of all costs which may be adjudged against the protesting party in a court of law and/or to reimburse the FSA for additional legal expenses incurred and required to substantiate the protesting party's claim(s). Failure to post the bond or security requirement within the time allowed for filing will result in a denial of protest. The filing of the protest shall not stay the implementation of the bid award by the Florida Sheriffs Association.

Should the unsuccessful Bidder(s) decide to appeal the decision of the FSA, they shall file a notice to FSA CPP within three (3) business days of the FSA bid protest decision regarding their intent to request arbitration. A demand for arbitration with the American Arbitration Association's (AAA) commercial panel under its rules and regulations must be made within ten (10) business days of the FSA bid protest decision. Any person who files for an arbitration with the AAA shall post with the Florida Sheriffs Association at the time of filing the formal written arbitration request, a bond, cashier's check or money order payable to the Florida Sheriffs Association in the

amount equal to ten percent of the product line being protested. This amount will be the same amount as the FSA CPP provided at the time of filing the initial protest. Failure to provide written notice to FSA CPP, file a demand for arbitration with the AAA, or failure to post the required bond and security requirement within the specified timelines shall constitute a waiver of arbitration proceedings. By responding to this procurement, the Bidder expressly agrees to the use of mandatory binding arbitration to resolve any appeals of the decision of the FSA, and any claims arising from or in any way relating to the procurement process, and expressly waives any and all rights that it may otherwise have to pursue such claims in any other forum, judicial or otherwise.

If the party filing for arbitration does not prevail, it shall pay all costs, legal expenses and attorney fees of the prevailing party incurred in connection with the arbitration. However, if the filing party prevails, the parties shall share equally the fees and expenses of the arbitration and AAA and each shall bear the cost of their own attorney fees. The filing for arbitration shall not stay the implementation of the bid award by the Florida Sheriffs Association.

1.41 NONPERFORMANCE

By virtue of the bid submission, Bidder acknowledges its obligation to sell items in all zones for which it is awarded. Upon award, failure of the Vendor to comply with these requirements may result in the imposition of liquidated damages of up to \$1,000 per item, which amount the Vendor agrees is reasonable, or probation, suspension, termination or a combination thereof from current and future bids at the FSA CPP's discretion.

The Vendor shall at all times during the contract term remain responsive and responsible. In determining Vendor's responsibility, the FSA CPP shall consider all information or evidence that demonstrates the Vendor's ability or willingness to fully satisfy the requirements of the Terms & Conditions.

Vendors that are not in compliance with any of the provisions of this contract can be assessed liquidated damages, suspended or terminated from the contract. The FSA CPP at its sole discretion may remove a noncompliant Vendor from future competitive bid solicitations; or take other actions including suspension from the contract until compliance issues are resolved, limit current or future vendor participation by items or zones, or other actions as determined by FSA CPP at its sole discretion.

At FSA CPP's discretion, Vendors may be required to develop corrective action plans to address contract compliance. Failure to abide by corrective action plans will result termination from the existing contract and future competitive bid solicitations at the discretion of the FSA CPP.

In situations where there is evidence that the Vendor has engaged in egregious breaches of the contract with respect to either the FSA CPP and/or the purchaser, the contract can be terminated and the Vendor will be removed from future solicitations for a period of up to three (3) years, or a permanent ban from the bid process at the sole discretion of FSA CPP.

Specific conditions for termination include, but are not limited to; failure to perform, refusal to accept orders during the contract period while manufacturer orders are still being accepted for current model year or the new year if the vehicle is price protected by the factory, charging amounts exceeding MSRP on factory or Vendor installed items and packages, requiring the purchase of additional options over and above the base vehicle as a condition of acceptance of order, providing aftermarket options where factory options are available without the consent of the purchaser, any misrepresentation of optional equipment or service as being factory that fails to meet the definition as described in this document, and any other practice deemed to be inconsistent with the intent of the contract.

FLORIDA SHERIFFS ASSOCIATION

Contract Terms and Conditions

Any Vendor presented with a valid Purchase Order consistent with Vendor bid quotes or other agreed upon terms and pricing is required by this contract to accept such purchase order and deliver the product. Purchase Orders must be fulfilled whether or not the Purchase Order includes options. The Vendor must deliver this product in accordance with the Terms & Conditions – regardless of whether doing so will provide the Vendor with a profit or loss.

Failure to deliver the item may result in the purchaser seeking damages for the difference of cost to issue a new Purchase Order with another Vendor plus any legal fees and damages that may be incurred in the process to facilitate a completed order. Additionally, FSA CPP may seek damages for nonpayment of administrative fees, to which FSA CPP is entitled, according to Section 3.28, and any attorney's fees incurred in the recovery of these damages.

1.42 SEVERABILITY

In the event any provision of this contract is held to be unenforceable for any reason, the unenforceability thereof shall not affect the remainder of the contract, which shall remain in full force and effect and enforceable in accordance with its terms.

1.43 TERMINATION FOR CAUSE

If through any cause within the reasonable control of the Vendor, it shall fail to fulfill in a timely manner, or otherwise violate any of the terms of this contract, the FSA CPP shall have the right to terminate the services remaining to be performed. Written notice of the deficiencies shall be given to the Vendor and unless the deficiencies are corrected within 10 business days, the contract may be terminated for cause immediately. The right to exercise the option to terminate for cause shall be in the sole discretion of the FSA CPP, and the failure to exercise such right shall not be deemed to constitute a waiver of this right.

In the event of a termination for cause, the purchaser shall compensate the successful Bidder in accordance with the contract for all services performed by the successful Bidder prior to termination, net of any costs incurred by the purchaser and FSA as a consequence of the default.

Notwithstanding the above, the Vendor shall not be relieved of liability to the FSA for damages sustained by the FSA by virtue of any breach of the contract by the Vendor, and the FSA CPP may reasonably withhold payments to the Vendor for the purposes of offset until such time as the exact amount of damages due the FSA from the Vendor is determined.

1.44 TERMINATION WITHOUT CAUSE

The FSA CPP can terminate the contract in whole or part without cause by giving written notice to the Vendor of such termination, which shall become effective 30 calendar days following receipt by Vendor of such notice.

In the event of a termination without cause, all finished or unfinished documents and other materials shall be properly delivered to the FSA CPP.

The Vendor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the contract, if any. The Vendor shall not be entitled to recover any lost profits that the Vendor expected to earn on the balance of the contract or cancellation charges.

2.03 INSURANCE AND INDEMNIFICATION

Bidder/Vendor shall be fully liable for the actions of its agents, employees, partners, or third party suppliers and shall fully indemnify, defend, and hold harmless the Florida Sheriffs Association, the participating agencies, and their officers, agents, and employees from suits, actions, damages, and costs of every name and description, including legal counsels' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Bidder/Vendor, its agents, employees, partners, or third party suppliers; provided, however, that the Bidder/Vendor shall not indemnify for that portion of any loss or damages resulting directly from the negligent acts or omissions of the Florida Sheriffs Association and participating agencies or proximately caused by intentional wrongful acts or omissions of the Florida Sheriffs Association and participating agencies.

The Florida Sheriffs Association and/or participating agencies shall give the Bidder/Vendor (2) the opportunity to take over and settle or defend any such action at Bidder's/Vendor's sole expense. When reasonable, the Florida Sheriffs Association will give the Bidder/Vendor written notice of an action or threatened action. Bidder/Vendor shall not be liable for any unreasonable cost, expense or compromise incurred by the Florida Sheriffs Association, or participating agencies, in any legal action without Bidder's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed.

The Insurance Checklist summarizes the Bidder's/Vendor's insurance coverage obligations, if awarded. Certificates of Insurance, evidencing such coverages and endorsements as required herein, shall be provided no later than five (5) business days prior to the contract award date. The Vendor may not begin performance under the contract until such Certificates have been approved by the FSA CPP.

The certificate must state Bid Number and Title. FSA must be named as an additional insured for the duration of the contract.

The Vendor shall maintain comprehensive general liability insurance and general aggregate insurance in the amount and coverage levels specified on the Insurance Checklist.

The Vendor shall specifically and distinctly assume, and does so assume, all risks of damage or injury to property or persons used or employed on or in connection with the work and of all damage or injury to any person or property wherever located, resulting from any action or operation under the contract or in connection with the work. It is understood and agreed that at all times the Vendor is acting as an independent contractor. The Vendor shall be responsible for the work and every part thereof, and for all materials, tools, appliances and property of every description, used in connection with this particular contract. The Vendor at all times during the full duration of work under this contract, including extra work in connection with this contract, shall meet the requirements of this section.

The Vendor shall maintain automobile liability insurance including property damage covering all owned, non-owned, hired and scheduled automobiles, when used in connection with the delivery or service of this contract.

FLORIDA SHERIFFS ASSOCIATION

Contract Terms and Conditions

The Vendor shall maintain insurance to cover garage operations in the amount specified on the Insurance Checklist when the garage is used to complete work on this contract.

All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida and these companies must have a rating of B+ or better per the AM Best Rating.

FSA CPP required insurance coverages must be maintained through the duration of the contract. Upon expiration of the required insurance, the Vendor must email updated certificates of insurance for as long a period as any work is still in progress. No change or cancellation in insurance shall be made without 30 calendar days written notice to the FSA CPP.

It is understood and agreed that all policies of insurance provided by the Vendor are primary coverage to any insurance or self-insurance the FSA possesses that may apply to a loss resulting from the work performed in this contract. All policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure.

The liability insurance coverage shall extend to and include the following contractual indemnity and hold harmless agreement:

The Vendor hereby agrees to indemnify and hold harmless the FSA, a 501(c)3, its officers, agents, and employees from all claims for bodily injuries to the public and for all damages to the property per the insurance requirement under the specifications including costs of investigation, all expenses of litigation, including reasonable legal counsel fees and the cost of appeals arising out of any such claims or suits because of any and all acts of omission or commission of any by the Vendor, his agents, servants, or employees, or through the mere existence of the project under contract.

The foregoing indemnity agreement shall apply to any and all claims and suits other than claims and suits arising out of the sole and exclusive negligence of the FSA, its officers, agents, and employees, as determined by a court of competent jurisdiction.

The Vendor will notify the insurance agent without delay of the existence of the Hold Harmless Agreement contained within this contract and furnish a copy of the Hold Harmless Agreement to the insurance agent and carrier.

The Vendor will obtain and maintain contractual liability insurance in adequate limits for the sole purpose of protecting the FSA under the Hold Harmless Agreement from any and all claims arising out of this contractual operation.

The Vendor will secure and maintain policies of third-party suppliers. All policies shall be made available to the FSA upon demand. Compliance by the Vendor and all third-party suppliers with the foregoing requirements as to carrying insurance and furnishing copies of the insurance policies shall not relieve the Vendor and all third-party suppliers of their liabilities and obligations under any section or provisions of this contract. Vendor shall be as fully responsible to the FSA for the acts and omissions of the third-party suppliers and of persons employed by them as they are for acts and omissions of persons directly employed by the Vendor.

The FSA can request, and the Vendor shall furnish proof of insurance within seven (7) calendar days of receipt of the written request from FSA. Should the Vendor fail to provide acceptable evidence of current insurance during the contract term, the FSA CPP shall have the right to consider the contract breached and justifying the

termination thereof. If Bidder does not meet the insurance requirements; the FSA may consider alternate insurance coverage.

2.04 SPECIFICATIONS

All items covered by this Invitation to Bid and any resulting contract, and the specifications shall be the manufacturer's current basic production model, and shall, as a minimum, be equipped with all standard factory equipment in accordance with the manufacturer's latest literature unless otherwise noted in the Bid System or FSA CPP item group specification.

The Base Item Specifications are contained in the FSA CPP Bid System, may be requested from FSA CPP, and are retained within FSA CPP's archive. As part of the bid submission, Bidders will be required to provide confirmation that the item bid meets the FSA CPP Base Specification. FSA CPP may reject bids that fail to provide confirmation that the item(s) bid meet the FSA CPP Bid Specifications.

FSA CPP develops the specifications with subject matter experts and publicly available information. However, FSA CPP does not have access to full details from the manufacturer and relies on Bidders to assist in this process. Bidders should immediately notify the FSA CPP of any inaccuracies in the specifications. All notifications of inaccuracies must be in writing.

If awarded a contract, Vendor(s) must offer and supply an item that either meets or exceeds all the requirements included in the applicable Bid Specifications, unless a purchaser specifically issues a Purchase Order for a base item and Option that differs from the Base Specifications. Failure of a Bidder to comply with these provisions will result in Bidders being held responsible for all costs required to bring the item into compliance with the contract specifications.

2.05 SEALED BIDS

For purposes of this solicitation, a sealed bid is considered a bid submitted using the FSA CPP Bid System.

2.06 MISTAKES

Bidders are expected to examine the Base Item specifications, delivery schedules, bid prices and all information pertaining to servicing this contract before submitting a bid. Failure to do so will be at the Bidder's risk.

2.07 EXCEPTIONS

Any requested exceptions, deviations, or contingencies a Bidder may have to the Terms & Conditions must be documented in Bidder's submission. Exceptions to the Base Specifications at the time of the bid submission shall reference the item number, make and model. FSA CPP has the discretion to grant or deny, in whole or in part, the Bidder's requested exception, deviation or contingency to the specifications or Terms & Conditions. Bidder acknowledges that the bid may be disqualified if FSA CPP rejects the proposed exceptions.

2.08 EQUIVALENTS

Prior to the opening of the Bid System, Bidders may request item equivalents. The Bidder must submit the manufacturer name and model number (or product identifier) of each equivalent requested to FSA CPP. Complete,

FLORIDA SHERIFFS ASSOCIATION

descriptive, technical literature should demonstrate that the equivalent conforms with specification. If a bid uses equivalents without prior approval, the bid may be disqualified.

2.09 MANDATORY PRE-BID MEETING

Prospective Bidders are required to attend or participate in the mandatory Pre-Bid Meeting. The Pre-Bid Meeting is designed for vendors, the Fleet Advisory Committee and the FSA CPP to clarify questions on the Terms & Conditions and to confirm all Base Item specifications. Questions relating to the items, specifications, the bid process, or award can be asked at the Pre-Bid Meeting. Bidders have the opportunity to suggest technical modifications or corrections before the Base Item specifications are finalized.

FSA CPP reserves the right to grant attendance exceptions to the mandatory meeting if the Bidder has requested authorization, agrees in writing to meet all the Terms & Conditions without exception and further waives their right to protest the bid process in its entirety or any portion thereof.

2.10 PRICES QUOTED – HEAVY TRUCKS AND BUSES AND EQUIPMENT INVITATIONS TO BID

Items and options should reflect the most complete price and be below MSRP and at a minimum should cover the cost of the item or option bid.

Prices quoted in the bid submission should reflect the final amount the Bidder can expect to receive for payment for the items bid for the duration of the contract, unless otherwise provided in the contract. Prices submitted as indicated in the sealed bid are final. Bidders acknowledge that prices quoted will be valid for a period of sixty (60) calendar days from the date of bid opening.

Each item, make, and model must be priced and bid separately. Prices must be inclusive of all the components included in the Base Specification.

Prices bid must include the administrative fee FSA CPP charges to administer the contract, as outlined in these Terms & Conditions. The administrative fee is three quarters of one percent (.0075).

Prices bid must be at least cost, be Free On Board (FOB) destination, and must include delivery to the purchaser.

Upon award, the Vendor has the authority to offer additional discounts based on prompt payment, quantity, as well as additional manufacturer or vendor discounts.

2.11 PRICES QUOTED – PURSUIT, ADMINISTRATIVE AND OTHER VEHICLES INVITATION TO BID

Due to the changing market conditions, the FSA CPP has temporarily moved to a percent above cost, or “cost-plus”, model for the Pursuit, Administrative and Other Vehicles Contract. The cost-plus model allows for Vendors to sell items immediately when order windows open up for next year’s model, when the manufacturer changes price during the contract term, or when new items come to market.

Bidders shall provide a Bid Price and a Percent for each item bid. The Bid Price will be used to evaluate the lowest, responsive and responsible Bidder for each item and zone. The Percent will be used under an awarded contract to determine the cost-plus pricing for new year’s models, when the manufacturer changes price during the contract

FLORIDA SHERIFFS ASSOCIATION

Cooperative Purchasing Program

Contract Terms and Conditions

term, or when new items come to market. The FSA CPP will use the percent feature of the Bid System as the field to capture the percent above cost that the Vendor can expect to receive from the purchaser for the purchase of an awarded item.

The FSA CPP has the discretion to disqualify Bidders if the proposed Percent is excessive. In order to determine if Percent is excessive, FSA will compare the Percents proposed by Bidders for each item in each zone.

Prices and Percents bid for items and options should reflect the most complete item price, be below MSRP, and at a minimum should at least cover the cost of the item or option bid.

Prices and Percents bid must be at least cost, be Free On Board (FOB) destination, and must include delivery to the purchaser.

As used in this provision, "Item Cost" is defined as the factory invoice price for the item, the Original Equipment Manufacturer (OEM) destination and delivery to dealer, and the FSA Administrative fee, minus the OEM government pricing concessions specific to this bid, all manufacturer incentives, discounts, rebates, concessions and holdbacks.

As used in this provision, "Total Cost" is defined as the Item Cost, plus costs of dealer's floorplan estimated operational expense, and costs of dealer for preparation, cleaning, and assembling, gas, and delivery to zone.

As used in this provision, "Bid Price" is defined as the Total Cost and profit.

As used in this provision, "Percent" is defined as the markup over Item Cost.

Bid Prices will be used as the initial publish pricing for awarded items. As windows open up for next year's model, the manufacturer changes price during the contract term, or as new items come to market, FSA CPP will work with Vendors to update the published pricing for such items based on the awarded Percent, within a reasonable period of time. Vendors may accept Purchase Orders for such items in accordance with these Terms & Conditions before submitting updated published pricing to FSA CPP.

2.12 PURSUIT, ADMINISTRATIVE, AND OTHER VEHICLES CONTRACT COST-PLUS-PERCENT PRICING

Due to the changing market conditions, the FSA CPP has temporarily moved to a percent above cost, or "cost-plus", model for the Pursuit, Administrative and Other Vehicles Contract. The cost-plus model allows for Vendors to sell items immediately when order windows open up for next year's model, when the manufacturer changes price during the contract term, or when new items come to market.

The Bid System provides each Vendors' percent above cost at which the Vendor will sell such items. The Percent provided in the Bid System does not provide a percent discount for items bid.

If Vendor fulfills a Purchase Order at other than published pricing, at purchasers' request, Vendor must provide documentation substantiating the Item Cost, as defined in section 2.11.

2.13 OPTION PRICING – EQUIPMENT INVITATION TO BID

The Bidder shall offer discount below Manufacturer's Standard Retail Pricing (MSRP) or manufacturers published list price for any factory options included in the bid submission and quotes to purchasers, if awarded. FSA CPP requests Vendors include most frequently purchased scheduled, factory and aftermarket options in the bid.

Options are intended to add or delete equipment or features from the Base Specification. Options can provide an upgrade or downgrade to a manufacturer's model, such as a slightly different engine size or horsepower, and should not be made available for purchase separate from the base vehicle or equipment. Options may only provide a downgrade to a manufacturer's model when specifically requested in a Purchase Order issued in accordance with the Terms & Conditions by a purchaser. Bidders shall NOT use options to create equipment that is entirely different than the FSA CPP Base Specification or are available as another specification bid on this Invitation to Bid.

Bidder must use proper factory codes for all factory options. Options available through the factory may be bid and supplied to purchaser as "factory" options, unless otherwise requested in writing by the purchaser.

The FSA CPP has the discretion to disqualify Bidders if the option pricing is excessive or if options listed are not available for the item bid. In order to determine if pricing is excessive, Bidders agree to provide documentation to FSA CPP to verify cost at any time during the solicitation process or during the contract term. This information is for comparison purposes only when determining if pricing is excessive and will not be published.

Option pricing will include all costs of labor associated with the option and cost of labor should not be listed separately within the bid. For purposes of this bid, Emergency Lights and Sirens will require a separate pricing sheet upload in the Bid System. Section 2.15 contains specific instructions and exceptions for Emergency Lights and Sirens.

If a Bidder will offer registration and title services as a fee for service, the Bidder must include the administrative fee as a separate option (i.e., line item) for each item bid. See Section 3.21 for additional details. Government imposed fees should not be included in this option pricing.

No other additional charges or fees are admissible.

If options are not available as a stand-alone option, the Bidder must indicate in their bid submission any option requiring the purchase of other options, and also indicate options that are a part or dependent of another option. Factory package options are allowable under this contract. Factory package options must be included in the options within the bid document and detailed specifically as to what components the package includes.

When calculating the price for a manufacturer's option requested in this bid that is not listed as an option in the manufacturer's order guide (i.e., model or engine upgrade), the Bidder must calculate the option price as the net difference between vendor cost on the representative base vehicle and the total MSRP of the requested option modifying the vehicle. A Bidder may bid less than this price, but at no time charge more than the calculation provided here.

The use of options to facilitate the sale of an alternate manufacturer's product which is outside the scope of the written Base Specification will be determined nonresponsive and the bid will be rejected in whole or part by the FSA CPP.

Example: Bidder CANNOT include option upgrades that result in the selling of a vehicle or truck on one specification that is offered as a separate specification in

FLORIDA SHERIFFS ASSOCIATION

Cooperative Purchasing Program

Contract Terms and Conditions

the Invitation to Bid. For example, a Vendor who is awarded the bid for 25,500 lb. GVWR Cab & Chassis cannot upgrade this item through an add option to a 30,000 lb. GVWR Cab & Chassis in order to circumvent the bid award winner for the 30,000 lb. GVWR Cab & Chassis.

Purchasers are encouraged to negotiate option pricing with Vendors. Discounts can be provided beyond option prices listed in the contract. The additional discounts for each add option shall be decided by the Vendor.

The options will correspond to the specification or item number. Multiple options may be listed for each specification or item number bid. Therefore, Bidders that do not indicate the correct item number with the option information bid will not have options displayed for the item bid. If option pricing is not uploaded correctly, FSA CPP may require Bidders to correct the formatting of the options, but pricing may not be modified. Failure of the Bidder to make corrections may cause the bid to be rejected.

If the Bidder wishes to offer credit to the purchaser for an option that is standard on the FSA CPP Base Specification, the Bidder should include the word "Credit" at the beginning of the description and continue to describe the option being credited. For example, "Credit: one key fob" that corresponds with the price the Bidder will credit the purchaser.

Loose Equipment can be bid as an option and made available to purchasers for items originally purchased from this contract. For purposes of this provision, "Loose Equipment" is any item of equipment that attaches to the heavy equipment item(s) included in the awarded bid, such as different sized blades. Loose Equipment does not include accessories, such as additional keys.

2.14 OPTION PRICING – HEAVY TRUCKS AND BUSES AND PURSUIT, ADMINISTRATIVE AND OTHER VEHICLES INVITATIONS TO BID

FSA CPP requests Bidders include most frequently purchased options in the Bid System. Option pricing must include the administrative fee. Bidders must provide a price for each option in addition to a percent below MSRP for factory-installed options or a percent above cost for other options.

The FSA CPP has the discretion to disqualify Bidders if the option pricing is excessive. In order to determine if pricing is excessive, Bidders agree to provide documentation to FSA CPP to verify cost at any time during the solicitation process or during the contract term. This information is for comparison purposes and will not be published.

Options are intended to add or delete equipment or features from the Base Specification. Options can provide an upgrade or downgrade to a manufacturer's model, such as a slightly different engine size or horsepower, and should not be made available for purchase separate from the base vehicle or equipment. Options may only provide a downgrade to a manufacturer's model when specifically requested in a Purchase Order issued in accordance with the Terms & Conditions by a purchaser. Bidders shall NOT use options to create an item that is available as another item bid on this Invitation to Bid. The use of options to facilitate the sale of an alternate manufacturer's product which is outside the scope of the Base Specification will be determined nonresponsive and the bid will be rejected in whole or part by the FSA CPP. Bidders must disclose which options require the purchase of other options or are dependent on another option in their bid submission. Option pricing will include all costs of labor associated with the option and cost of labor should not be listed separately.

Bidder must use proper manufacturer codes for factory options. Options available through the factory should be bid and supplied to purchaser as factory options, unless otherwise requested in writing by the purchaser. Factory

package options are permitted under this contract. Factory package options included in the bid submission must detail what components the package includes.

If a Bidder will offer registration and title services as a fee for service, government-imposed fees should be listed at the exact cost and shall not include the FSA administrative fee.

If the Bidder wishes to offer credit to the purchaser for an option that is standard on the FSA CPP Base Specification, the Bidder should include the word "Credit" at the beginning of the description field and continue to describe the option being credited. For example, "Credit: one key fob" and enter the price the Bidder will credit the purchaser.

For purposes of this bid, Emergency Lights and Sirens will require a separate pricing sheet and option upload in the Bid System. Section 2.15 contains specific instructions and exceptions for Emergency Lights and Sirens.

2.15 EMERGENCY LIGHTS AND SIRENS

Under Florida Statute 316.003(1), authorized emergency vehicles are defined as:

Vehicles of the fire department (fire patrol), police vehicles, and such ambulances and emergency vehicles of municipal departments, public service corporations operated by private corporations, the Fish and Wildlife Conservation Commission, the Department of Environmental Protection, the Department of Health, the Department of Transportation, and the Department of Corrections as are designated or authorized by their respective departments or the chief of police of an incorporated city or any sheriff of any of the various counties.

Bidders that will provide or contract to provide emergency light and siren installation must only use installers that possess a current Emergency Vehicle Technician Certification, or an approved equivalent. FSA CPP may request certificates for a Vendor's installers at any time during the contract term. Labor may be charged for the installation of emergency lights and sirens. Labor rates must be disclosed as part of the bid submission. Bidders may not charge for labor for vehicles that are manufactured with emergency lights and sirens, including motorcycles. Prices submitted for emergency lights and sirens shall include all applicable government-imposed fees.

Bidders that install emergency lights and sirens are required to provide and install products that are Society of Automotive Engineers (SAE) certified. SAE Certifications must include Class 1, Class 2 and Class 3 in order to be eligible for participation in the contract. If a lighting or siren product installed on an emergency vehicle is not SAE Certified, the Vendor can be found in default of the contract.

Bid Submission of Emergency Lights and Sirens

If offering emergency lights and sirens, Bidders will be asked to provide pricing by submitting a pricing sheet. An emergency vehicle lights and siren option pricing template is offered in the Bid System. Bidders are encouraged, but not required to use the template. If item or specification group is helpful to display light and siren options, Bidders may categorize the pricing sheet by item group.

Items listed below are required for the submission of the pricing sheet:

- Order code
- Description
- Price (part only)

2.16 BID SUBMISSION

Bidders must submit a bid electronically using the Bid System. Bid submissions include a price for each item and option bid in accordance with Section 2.10, 2.11, 2.13, 2.14, and 2.15. Each Bidder must submit a qualifications package for each bid. The bid must be received by the date and time specified on the Bid Calendar in Appendix B. Failure to meet all submission requirements by the date indicated on the Bid Calendar will result in rejection of the bid.

Bid System: VendorLink

The Bid System is located at <https://www.myvendorlink.com>. Bidders are encouraged to participate in training provided. Usernames and passwords will be issued to Bidders after registering in the Bid System. Contact VendorLink at support@evendorlink.com if technical issues arise during bid submission.

Prices are to be rounded to the nearest whole dollar. If a Bidder submits bid pricing using cents, the following formula will be applied to round the bid pricing to the nearest whole dollar: \$.01-.49 will be rounded down to the dollar bid (e.g., \$50.49 = \$50) and \$.50-.99 will be rounded to the next dollar (e.g., \$50.50 = \$51).

2.22 DETERMINATION OF RESPONSIVENESS

Determination of responsiveness will take place at the time of bid opening and evaluation. In order to be deemed a responsive bidder, the bid must conform in all material respects to the requirements stated in the Invitation to Bid. As set forth in Section 2.26, FSA CPP reserves the right to waive or allow a Bidder to correct minor irregularities.

2.23 RESPONSIBLE BIDDER CRITERIA

Bids will be evaluated to determine if qualifications and contract requirements are met. Responses that do not meet all requirements of this Invitation to Bid or fail to provide all required information, documents or materials may be rejected as nonresponsive. The FSA CPP will not request documentation or consider a Bidder's social, political or ideological interests in determining if the Bidder is a responsible bidder. FSA CPP will not give preference to a Bidder based on the Bidder's social, political, or ideological interests.

Bidders whose responses, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the contract may be rejected as non-responsible. In determining a responsible Bidder, the following factors may be considered:

- Adequacy of facilities, staffing, and financial resources;
- Previous experience with FSA contract or other similar government contracts;
- Ability to provide excellent customer service, including on previous FSA contracts; and
- Any other information relevant to the responsibility of a Bidder of which FSA CPP is aware.

In addition to the requirements set forth by these Terms & Conditions, FSA CPP reserves the right to request staffing, performance and financial information from any Bidder during the evaluation process.

FSA CPP reserves the right to determine which responses meet the requirements, specifications, Terms & Conditions of the solicitation, and which Bidders are responsive and responsible.

FSA CPP further reserves the right to limit participation of Bidders who, in FSA CPP's sole discretion, are determined to present responsibility concerns that call into question the Bidder's ability to perform but that do not rise to the level of requiring rejection of the Bidder as non-responsible.

2.24 BASIS FOR AWARD

For the Heavy Trucks and Buses, and Equipment Invitations to Bid, the FSA CPP shall make awards to the qualified, responsive and responsible Bidder(s) who submitted the lowest priced bid by item, manufacturer, and zone. 2.26 MINOR IRREGULARITIES/RIGHT TO REJECT

The FSA CPP has the right to accept or reject any and all bids, or separate portions thereof, and to waive any minor irregularity, technicality or omission if the FSA CPP determines that doing so will serve its best interest or the best interest of the purchasers. A minor irregularity is a variation from the Terms & Conditions of this procurement that does not affect the price of the bid or give the Bidder a substantial advantage over other Bidders and thereby restrict or stifle competition and does not adversely impact the interests of the FSA or the purchasers. At its option, the FSA CPP may allow a Bidder to correct minor irregularities but is under no obligation to do so. In doing so, the FSA CPP may request a Bidder to provide clarifying information or additional materials to correct the irregularity. However, the FSA CPP will not request, and a Bidder may not provide the FSA CPP with additional materials that affect the price of the bid or give the Bidder an advantage or benefit not enjoyed by other Bidders.

The FSA CPP may also reject any bids not submitted in the manner specified in this document.

3.02 STATEMENT OF AUTHORITY

Each person signing the contract warrants that they are duly authorized to do so and binds the respective party to the contract.

3.04 ADDITIONS OR DELETIONS

FSA CPP reserves the right to add or delete any items from this bid or resulting contract when deemed to be in the best interest of FSA and purchasers, at its discretion. This decision to take action may be based upon and not limited to few or no sales, product recalls and other safety issues, Vendor or manufacturer performance, or the product's lack of relevance.

For items that come to market during the contract term, FSA CPP may authorize qualified and awarded Vendors to offer the new item under the existing contract terms and conditions, if the manufacturer authorizes a Vendor to sell the item. FSA CPP will request awarded Vendors submit pricing and will evaluate the responses prior to authorizing awarded Vendors to offer the new item.

3.05 CONTRACT EXTENSION

Contract Extension

The contract may be extended by mutual agreement for up to two (2) additional years, on a year-to-year basis. FSA CPP reserves the right to execute a contract extension or to allow the contract to fully or partially terminate and readvertise for bids, whichever is in the best interest of FSA.

The Vendor may request price adjustments for contract extensions as provided for herein. If no request is received from the Vendor, the FSA CPP will assume that the Vendor has agreed that the optional term may be exercised without a price adjustment. Any adjustment request received after the execution of an extension may not be considered unless otherwise provided for in this contract.

Month-to-Month Continuation

In the event a new contract is not active at the time of this contract's expiration, this contract's terms and conditions shall extend on a month-to-month basis and shall not constitute an implied extension of the contract. 3.06 PRICE ADJUSTMENT

In addition to the cost-plus-percent pricing adjustments available for the Pursuit, Administrative, and Other Vehicles contract, the Terms & Conditions provide the following options for price adjustments:

- Annual Price Adjustments
- Changes to Manufacturer Production or Design
- Manufacturer Certified Adjustments
- Equitable Adjustments

Price adjustment requests must clearly substantiate a need to increase or decrease the price. Price adjustments will not be considered if Vendors are delinquent on administrative fee payments or have outstanding quarterly reports.

Annual Price Adjustment

The FSA CPP may consider annual price adjustments due to:

- Changes in the Producer Price Index (PPI) as published by the U.S. Department of Labor, Bureau of Labor Statistics (BLS); or
- As a result of changes to national or state standards that require substantial price adjustments.

FSA CPP may consider other documentation related to the change to national or state standards but is not obligated to grant price changes without literature from the manufacturer. The FSA CPP will consider the request and will make a final determination on the change in price.

Changes to Manufacturer Production or Design

Significant changes by the manufacturer to the production of and specification design may initiate a price adjustment request. FSA CPP will consider order dates, production factors, model year, or other conditions, as well as the replacement or complete redesign of items. Vendors must provide documentation from the manufacturer.

Manufacturer Certified Adjustments

Vendors must provide documentation from the manufacturer to FSA CPP that shows the additional costs or price adjustments imposed by the manufacturer and substantiate the need for a related price adjustment for this contract.

Equitable Adjustments

The FSA CPP may make an equitable adjustment to the contract terms or pricing at its discretion.

3.07 CONDITIONS

Purchase Orders issued and received after the production cutoff date will be subject to availability. In this case, the Vendor and manufacturer have the discretion whether to choose to provide next year's model at current year's prices until the end of the contract term. If the manufacturer cutoff date is during the term of the contract and will affect the purchaser's ability to obtain the items, FSA CPP may consider substitutions from the same manufacturer.

3.09 FACILITIES

The FSA CPP reserves the right to inspect the Vendor's facilities at any time with prior notice.

3.10 PURSUIT RATED VEHICLES & MOTORCYCLES

Vehicles in this category have been reviewed by one or more of the nationally recognized authorities on Police Vehicle Testing Program/Evaluation. - Purchaser name, phone number and email address.

The Vendor's acceptance of a purchaser's order will indicate that the Vendor agrees to deliver an awarded item that will be fully compatible with all of its options. Production schedules and delivery dates should be discussed at the time the quote is provided to the purchaser, or if no quote is provided, when the purchase order is delivered to the Vendor. Vendor shall place the order with the manufacturer within 10 business days of receipt of the purchase order. If a Vendor receives a purchase order for an item for which they were not awarded, the Vendor must notify the purchaser and return the purchase order to the purchaser within three (3) business days.

The Vendor must submit electronic copies of Purchase Orders within fifteen (15) calendar days of the Purchase Order issue date. Emails shall be sent to coop@flsheriffs.org. Purchase orders received by the Vendor after this deadline must be submitted to FSA CPP as soon as possible with the date received by the Vendor and cause for the delay. - Purchase order number,
- Purchase order issue date,
- FSA CPP contract title and number,
- Item number,
- Item make and model, or item description,

If a purchaser does not use purchase orders, written communication from the purchaser to the Vendor will be provided to FSA CPP.

The purchaser has the option to reject a vehicle with more than 350 odometer miles or may deduct \$0.51 cents per mile in excess of 350 miles from the invoice, unless distance above 350 miles was previously approved by the purchaser. Items with hour meters must be delivered with fewer than five (5) hours on the hour meter or may be rejected by the purchaser. The purchaser may choose to negotiate a lower purchase price when the item exceeds five (5) hours.

When items require service or adjustments upon delivery, the Vendor shall either remedy the defect, or be responsible for reimbursing the manufacturer's local authorized representative or other service provider to remedy the defect. Such service or adjustments shall be initiated by the Vendor within 48 hours after notification by a purchaser, not to include weekends and holidays. Delivery will not be considered complete until all services or adjustments are satisfactory, and the item is redelivered or repaired. The cost of any transportation required to address the defect shall be the responsibility of the Vendor until the items are satisfactory and accepted by the purchaser.

3.20 INSPECTION AND ACCEPTANCE

Final acceptance shall be given only after the purchaser inspects or confirms the item meets contract specifications. Delivery of an item to a purchaser does not constitute acceptance for the purpose of payment. Inspection and acceptance will be at the purchaser's destination unless otherwise previously agreed upon location was provided in the purchase order. Should the delivered items differ in any respect from the Base Item specifications, payment can be withheld until such time as the Vendor completes the necessary corrective action.

3.21 INVOICING AND PAYMENTS

Invoicing and payments shall be the responsibility of the Vendor and purchaser placing orders using this contract. Vendors must invoice each purchaser independently. The Vendor shall be paid upon submission of invoices to the purchaser after satisfactory delivery and acceptance of the items. While the Local Government Prompt Payment

Act applies to ensure timely payment of Vendor invoices, the FSA CPP encourages purchasers to make payment within 30 days of acceptance of the item. The Local Government Prompt Payment Act is defined in Sections 218.70–218.79 of Florida Statutes.

3.22 WARRANTY

All warranties shall begin at the time of delivery and final acceptance by the purchaser. The purchaser's warranty should not be active for incomplete items and items delivered to a third-party supplier before final delivery.

3.23 QUARTERLY REPORTS

Quarterly reports are the contractual responsibility of each Vendor. Quarterly reports must be completed and submitted electronically. All quarterly reports shall be sent to reports@flsheriffs.org. The quarterly report template shall be submitted using an Excel workbook provided by FSA CPP. Quarterly reports which do not adhere to the required format or are not complete of all purchase orders received and/or deliveries made during the quarter will be returned to the reporting Vendor for correction.

Quarterly reports are due no later than the 15th day of the month following the end of the quarter. Quarterly reports shall follow the schedule below for the duration of the contract. If a contract extension is executed, the quarterly reports will maintain the same schedule for future reporting periods.

Contract Year: October 1, 2022 – September 30, 2023

Year 1 Quarter 1:	October 1 – December 31	Q1 Report Due:	January 15
Year 1 Quarter 2:	January 1 – March 31	Q2 Report Due:	April 15
Year 1 Quarter 3:	April 1 – June 30	Q3 Report Due:	July 15
Year 1 Quarter 4:	July 1 – September 30	Q4 Report Due:	October 15

Quarterly reports must be submitted even if there are no sales or no deliveries in a quarter. If a Vendor has no sales within a quarter, the Vendor shall indicate "No sales this quarter" on the top row of the sales worksheet. If the Vendor has no deliveries in a given quarter, the Vendor shall indicate "No deliveries this quarter" on the top row of the delivery worksheet.

FSA CPP reserves the right to modify the procedure for submitting quarterly reports during the term of the contract. Such a change shall not materially modify the substance of the information to be reported but may change the method by which future quarterly reports are to be submitted. In the event of such a change, FSA CPP will provide written notice to all Vendors of the method by which future quarterly reports are to be submitted.

3.24 ADMINISTRATIVE FEE

The FSA CPP charges three quarters of one percent (.0075) to procure, process and administer the contract. The administrative fees are the contractual responsibility of each awarded Vendor.

After receipt of payment from contract purchases, the Vendor shall remit all administrative fees to the FSA CPP no later than 15 calendar days after the end of each quarter. All fees payable to the FSA CPP during any given quarter will be accompanied and supported by a quarterly report.

FLORIDA SHERIFFS ASSOCIATION

Cooperative Purchasing Program

Contract Terms and Conditions

The administrative fee will remain payable to FSA CPP and no relief from payment of the administrative fee, nor any additional charge to recoup the administrative fee, will be permitted if a Vendor fails to incorporate the administrative fee in its bid pricing. The administrative fee should never be listed as a separate line item on any purchase order or invoice.

The administrative fee is based on the total purchase order amount of new items. This fee excludes any value given to purchasers for trade-ins. Trade-ins, extended warranties and other exchanges will not reduce or impact the fee calculation.

The ACH form for electronic payment or wiring of funds is included in Appendix C. It is the preference of FSA CPP that all payments be electronically paid and submitted. If ACH is not available, checks for the administrative fee can be sent to:

3.25 LIQUIDATED DAMAGES

The Vendor warrants that the item supplied to the purchaser shall conform in all respects to the standards set forth and the failure to comply with this condition will be considered as a breach of contract. Any liquidated damages levied because of inadequacies or failures to comply with these requirements shall be borne solely by the Vendor responsible for same.

Failure to submit the administrative fee with accompanying quarterly reports to FSA CPP within 15 calendar days following the end of each quarter may result in the imposition of liquidated damages. Vendors failing to submit administrative fees and/or quarterly reports will incur liquidated damages in the amount of \$25 for each calendar day that fees and reports are past due, beginning on the 16th day following the end of the quarter.

If a civil action is initiated by the FSA to recover administrative fees or liquidated damages as set forth in this section, the prevailing party shall be entitled to its reasonable attorneys' fees and costs incurred in the litigation. The venue shall lie in the Circuit Court for the Second Judicial Circuit in and for Leon County, Florida.

When quarterly reports are late, liquidated damages are to be included in Vendor's Quarterly Report and administrative fee submission. Liquidated damages that remain unpaid beyond 45 calendar days can result in FSA CPP, at its sole discretion, implementing contract compliance actions, including but not limited to, suspension, limited participation by specifications or zones, disqualification from future solicitations, or termination for cause pursuant to the Terms & Conditions.

Schedule of Liquidated Damages

Failure to submit quarterly report on time	\$25 per calendar day
Failure to submit administrative fee on time	\$25 per calendar day
Failure to report a Purchase Order to FSA CPP within 15 calendar days of the purchase order issue date	\$100 per Purchase Order

Background/History

The Parks and Recreation Department budgeted funding for the installation of a replacement playground in Villages of Hillsboro Park. The total budgeted for FY24 was \$450,000, and it was appropriated in the General Capital Project Fund. The department determined that the importance of a unique, community-designed destination playground in this area was essential to improving the quality of life for the entire community. Located within the City, Villages of Hillsboro Park is the furthest west park in Deerfield Beach and was last renovated in 2015. A playground lifespan typically ranges from 8 to 10 years. In April 2024, Parks and Recreation hosted a Community Engagement Meeting for the design of a playground. With the input from this engagement project, the schematic design and theme of the playground were developed. This is one of the largest playgrounds within our park system and widely used throughout the community.

Current Activity

The City of Charlotte, North Carolina, as the lead agency, and through Omnia Partners, issued Request for Proposal #269-2017-028 for Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services on January 25, 2017. On May 8, 2017 the City of Charlotte awarded Contract No.2017001124 (the "Omnia Contract") to Playcore Wisconsin, Inc. dba GameTime ("GameTime"). The City of Deerfield Beach, Department of Parks and Recreation reviewed several purchasing options, including the Omnia Contract pricing and terms,

and determined that the quote from GameTime, Inc., utilizing the Omnia Contract pricing, was the best proposal for the project at a total price of \$541,669.00. As the Fiscal Year Budget currently has funding for this project in the amount of \$450,000.00, a budget transfer of \$91,669 from savings in the Recreation Division CIP will be required. The proposal from Game Time provides for a unique and creative design of elements that most closely meets the input received from the community.

Recommendation

Staff recommends City Commission approve the issuance of a Purchase Order to Gametime in an amount not to exceed \$541,669.00 based upon the Omnia Contract and GameTime's Quote and authorize the increased expenditure and the necessary appropriations.

Recycled Poured Rubber Surfacing

POURED IN PLACE (PIP) WARRANTY

Playground Equipment

GameTime warrants the GT Impax recycled poured rubber surface (referred to as PIP) installed and maintained in accordance to GameTime specifications, under this contract agreement for a period of five (5) years commencing from the date of substantial completion. This limited warranty shall provide for 100% of the cost for necessary repairs caused by the failure of the GT Impax PIP due to workmanship and materials only, and pertains only to the surfacing material agreed to under this contract.

Water Play Equipment

GameTime warrants the GT Impax recycled poured rubber surface (referred to as PIP) installed and maintained in accordance to GameTime specifications, under this contract agreement for a period of three (3) years commencing from the date of substantial completion. This limited warranty shall provide for 100% of the cost for necessary repairs caused by the failure of the GT Impax PIP due to workmanship and materials only, and pertains only to the surfacing material agreed to under this contract.

Water Play Equipment Only: If aliphatic binder is not used, poured rubber surfacing (PIP) will carry a maximum one-year (1) warranty.

This limited warranty includes GameTime's obligation to only repair and/or replace any defective materials or workmanship in the surface area or surface areas that have failed during the warranty period. A failed area or failed areas include edge raveling, bubbling, delamination, peeling, and loss of integrity as a result of the GT Impax recycled poured rubber degradation. GameTime is under no obligation or responsibility to repair and/or replace the GT Impax recycled poured rubber "PIP" surface if damaged during the curing process (Unless specified in contract), damage by vandalism (including stains, cuts, burns, gouges, etc.), product misuse, abuse or alteration, improper slab or base or sub-base design or construction, improper drainage, improper or lack of specified required maintenance, any foreign residue that may be deposited on the surface, normal wear and tear (including slight color variations, and color fading), damage from sharp objects (high heels, spikes, etc.), problems caused by moisture, alkali, hydrostatic pressure, cracking, shifting, or lifting of the substrate, or acts of God.

All warranty claims shall be made in writing to GameTime within thirty (30) days after the Owner has knowledge thereof, but in no event later than thirty (30) days after expiration of the warranty period. The written notification from the Owner shall include the following: the date of the first notice of the failure, details of the failure, photos of the failed area and a request for a warranty claim meeting with GameTime at the installation site (if applicable). GameTime shall not be responsible for warranty claims for any notices received from the Owner after thirty (30) days of Owner's first knowledge of the failure.

GameTime shall determine the validity of all claims after sufficient evidence has been gathered. GameTime shall then replace, repair or make a refund for any claims validated by it. Any refund, credit or allowance provided to the Owner on a warranty claim is exercisable only if said allowance is used to accommodate replacement with a GT Impax recycled poured rubber surface.

Any dispute as to whether and to what extent there is a GT Impax recycled poured rubber surfacing failure and a subsequent valid warranty claim within the meaning of this warranty shall be initially dealt with by joint investigation and discussion between GameTime and owner in order to achieve a mutually agreeable solution. If such a solution cannot be reached within thirty (30) days, then either the Owner of GameTime shall submit the matter to an arbitrator who is a member of the American Arbitration Association and who shall make a determination in accordance with the rules and regulation of said American Arbitration Association. The decision of said arbitrator shall be binding on both parties.

This limited warranty is exclusive of the underlying material (e.g. existing surface, existing or new asphalt, concrete, base, sub-base or sub-grade). If the underlying material fails for any reason whatsoever (including hydrostatic pressure, cracking, shifting, heaving), then GameTime warranty shall be rendered invalid. If the underlying material is concrete, a "curing agent" is NOT allowed, as it will probably cause delamination of the GT Impax recycled poured rubber. Additionally, there is no warranty against surface cracking along expansion joints and underlying cracks, or separating from an adjacent border, curb or walkway. This limited warranty does not include discoloration as a result of ultraviolet rays, unapproved cleaning materials or vandalism. **WARNING:** Surface temperatures can prove dangerous under warm weather conditions. Shoes and/or socks must be worn during warm weather conditions.

Owner agrees that it will not, under any circumstances, make alterations to the GT Impax recycled poured rubber surface without the written authorization of GameTime. Any unauthorized alteration by the Owner shall result in the immediate termination of all warranties for the GT Impax recycled poured rubber surfacing and shall also give rise to the duty of the Owner to hold harmless, defend and indemnify GameTime from any claim, suit or cause of action, personal injury, death, or property damage arising out of or related to said alteration.

This limited warranty is expressly made in lieu of any other warranties and is exclusive to the original Owner. Owner acknowledges that the limited warranty will be voided if the Owner fails to follow the GameTime Maintenance Guidelines provided by GameTime. Owner agrees that in no event shall GameTime have any liability to Owner for loss of use or loss of profits or any form of consequential damages. **NOTE:** The following chemicals can cause potential damage to the GT Impax recycled poured rubber and should be avoided: disinfectants, concentrated bleach, gasoline, diesel, hydraulic and lubricating oils, weak acids and organic solvents.

If the contract price is not paid in a timely manner as per the terms and conditions of the agreed contract, the limited warranty is automatically voided. Any damages to the surface during the curing period will be repaired or paid for at the Owner's expense. This limited warranty does not lessen or eliminate any other contractual obligation of Owner to GameTime.

PART 3 – SUB-BASE TYPES AND DETAILS

Sub-base Requirements - The base shall have the specific minimum slope (2%) and shall vary no more than 1/8” when measured in any direction with a 10’ straight edge.

Stone – The density requirement is 90% to 95% compaction with final condition of stone as level and stable so as not to shift when traveled on or during surface installation process. A compaction test is required and must be submitted to GameTime prior to installation of turf surfacing. Failure to provide proof of compaction test will void 5-year warranty of turf surfacing should signs of sub-base failure occurs.

PART 3 – SUB-BASE TYPES AND DETAILS (Continued)

<u>Depth:</u>	4 inch minimum thickness.
<u>Slope:</u>	Stone elevation shall maintain 1/4" per foot toward low end.
<u>Porosity:</u>	Base course shall maintain porosity for direct drainage.
<u>Enclosure:</u>	Stone base course must be surrounded by a retaining curb.
<u>Drainage:</u>	Subsurface drainage is recommended under and around a stone base. Perforated pipe or similar system is acceptable.
<u>Tolerances:</u>	1/4" in any 10-foot direction and 1/8" in any 3-foot direction.
<u>Stone Selection:</u>	It is critical that different size stones are used so that the base shall be uniformly mixed. The material shall be wetted during mixing operations if necessary for proper blending.

<u>Stone Graduation</u>	<u>U.S. Sieve</u> 1"	<u>Percent Passing</u> 100
	3/4"	90 - 100
	No. 4	35 - 60
	No. 30	10 - 30
	No. 200	2 - 9

Concrete or Asphalt – Concrete should be finished with a medium broom finish. All new concrete slabs must cure for a minimum of seven (7) days prior to installation. Asphalt cure time requires fourteen (14) days. Once the new asphalt has cured, it must be pressured washed prior to the surfacing being installed. The concrete contractor shall be responsible for flooding the pad to insure proper slope and tolerance. Any areas holding enough water to cover a flat nickel shall be patched prior to arrival of turf installation crews.

<u>Depth:</u>	4 inch minimum thickness.
<u>Slope:</u>	Concrete or asphalt shall maintain 1/4" per foot.
<u>Tolerance:</u>	Concrete must maintain a tolerance of 1/8" in 10 ft. to avoid low areas that will hold water under the turf.

PART 4 – SITE PREPARATION AND REQUIREMENTS

Drainage – Having proper drainage at the low end of the concrete slab is of utmost importance. Any brick walls or curbs at the low end of the slab shall have drainage access through weep holes. Concrete curbing weep holes should be level with finish grade of sub-base or a minimum of 1/8" below top of concrete slab, as GT IMPAX turf surfacing is porous and water drains immediately through it. Weep holes shall be 2" high and 3" wide and shall be installed every three (3) feet. If weep holes are smaller than the recommended size, they shall be installed every 18". Floor drains shall be located outside the high impact areas, as the drains may not be covered with GT IMPAX turf surfacing. Recommended locations for drains are under play unit or against low-end wall or curb.

Security & Waste Disposal – Surface installation crew shall be responsible for the protection of surface during the installation process while on site only. Owner or general contractor shall be responsible for the protection of the surface during the curing period upon completion of the installation and overnight during the installation. Owner or general contractor shall be responsible for having a dumpster on site for all waste and debris. Failure to provide security and a dumpster will result in additional cost.

Utilities & Access – Power and water must be available within 300 feet of installation. Site will require tractor-trailer access. In a case where tractor-trailer access is not possible, owner or general contractor shall be responsible for transporting materials from delivering carrier to the installation site.

PART 5 – INSTALLATION

General: The area to be smooth and graded to allow proper drainage. Refer to grading plan. The overall grade of the playground is not to exceed 3%.

Compacted Aggregate Base: Place 4 inches of aggregate base as leveling layer compacted to 90% of max density per AASHTO T99. Compaction shall be done with mechanical compactors, including vibratory compactors, and/or powered tampers, and rollers. Aggregate size should be 3/4" minus (compactable).

Synthetic Grass: Place turf and cut to fit configuration as shown on Drawings. Splice seams. All seams must be attached with splicing film/fabric and adhesive as approved by the manufacturer for this type of installation of their product.

Infill: Apply layers of synthetic grass infill evenly with a spreader and broom the turf fibers with stiff bristle broom to stand fibers up and allow infill to settle into the bottom. Broom in GT Impax Turf™ infill approximately 3 to 4 pounds per square foot.

**(infill is only required on the 60 oz. Dura Series. 80 oz Ultra Series does require limited to no infill. Manufacturer always recommends at least a pound of infill per sq foot)*

Anchoring/Edging: Edges of turf will be secured to ground with mechanical fasteners, stakes or edging.

PART 6 – WARRANTY

Gametime offers a 5 year limited product warranty on GT Impax Turf from the date of purchase. The product shall be free from defects in material and workmanship resulting in color loss.

Supplier's warranty excludes: any Product defect, damage or failure that is the direct result of Product abuse, misuse or negligent maintenance; and Product damage caused directly or indirectly by acts of third parties, including, without limitation, negligence of owner/operator, vandalism, machinery, animals, flood, chemical reaction, improper sub-surface preparation and/or installation, improper cleaning methods, and acts of God.

GAMETIME POLICIES

Specifications: Specifications were current at the time of publication. GameTime has an ongoing policy of product improvement and therefore reserves the right to modify specifications or discontinue products without notice.

Terms of sale: To governmental agencies and tax supported institutions, and those with approved credit, payment is due 30 days from the date of invoice. A 1.5% per month finance charge will be imposed on all past due accounts. We also accept payment by VISA, MasterCard or American Express. All other orders will require a 50% deposit at time of order entry. The balance will be due with a certified check upon receipt of shipment (C.O.D.).

Prices: Prices are F.O.B. factory and do not include freight charges. All prices were current at time of publication and quoted in U.S. Funds. Prices are subject to change without notice. Current prices will apply at the time of shipment. Due to the abnormally high cost of fuel and its impact on many of the materials used in our industry, quotations are valid for 30 days only and prices may be subject to material and fuel surcharges at time of shipment.

Freight charges: Freight charges are determined and collected by the carrier unless GameTime is requested and agrees to prepay and add these costs to the invoice.

Taxes: If applicable, taxes will be added to the invoice except when a tax exempt certificate is provided with the purchase order at the time of order entry.

Minimum Order: Our minimum order is US \$50.00.

Order cancellation: Once accepted, orders can be canceled only with the consent of GameTime, and on terms which will indemnify GameTime against loss. Canceled orders will be subject to a restocking fee. Equipment "built-to-order" is non-cancelable.

Domestic shipments: Unless specifically given routing instructions on the purchase order, shipment will be made via the carrier we consider to be the most economical and practical in reaching the final destination.

Delays in transit: GameTime is not responsible for delays in transit and such delays shall not alter our invoicing terms.

Loss or damage in transit: GameTime is not responsible for loss or damage in transit. Carefully check all materials received; any shortage, discrepancy or damage must be noted on the delivery receipt and signed by the carriers representative. Failure to note exceptions on the delivery receipt may impair your right to recovery from the carrier.

Weights: All published weights are estimated and include appropriate packing materials. Actual weights may vary slightly.

All pricing in accordance with Omnia Partners / U.S. Communities Contract #2017001134.

All terms in the Omnia Partners / U.S. Communities Contract take precedence over terms shown below.

For more information on the Omnia Partners / U.S. Communities contract please visit [Omnia Partners Public Sector GameTime](#)

Permits are not included in cost, unless specifically listed in pricing. If permits are required Signed/Sealed drawings are needed and are also not included unless specifically listed in pricing. Any costs for municipal permits, paid by installer, will be charged back to the owner. Adding permits to any job will increase the length of completion, expect total time to be about **150 days**, after receipt of Site Plan from owner/customer (this is not due to manufacturing but rather the permit process at the municipality level). It is expected that the **owner will provide approved site plans** of the area for the permit office, and will help and assist in the securing of all required approvals before assembly of equipment can begin. Installer cannot provide site plans. **The permit process can not begin until appropriate and current site plans are provided by owner.** If there are no current surveys or site plans available, the owner may be required to obtain a new survey for the permit. This is the responsibility of the owner to obtain. If additional permitting requirements are needed during the process, those will be added and billed accordingly, i.e. soil density test, formed footers, etc.

Payment Terms: Governmental Purchase Order.

Purchases in excess of \$1,000.00 to be supported by your written purchase order made out to GameTime.

Net 30 days subject to approval by GameTime Credit Manager. A completed Credit Application and Bank Reference Authorization, must be received with the order. The decision on credit is the sole discretion of GameTime/PlayCore. A 1.5% per month finance charge will be imposed on all past due accounts.

Multiple Invoices: Invoices will be generated upon services rendered. When equipment ships it will be invoiced separately from installation and/or other services. Terms are Net 30 for each individual invoice.

This Quotation is subject to policies in the current GameTime Park and Playground Catalog and the following terms and conditions. Our quotation is based on shipment of all items at one time to a single destination, unless noted, and changes are subject to price adjustment.

Pricing: Firm for 60 days from date of quotation.

Shipment: F.O.B. factory, order shall ship within 120 days after GameTime's receipt and acceptance of your purchase order, color selections, approved submittals, and receipt of payment.

Taxes: State and local taxes will be added at time of invoicing, if not already included, unless a tax exempt certificate is provided at the time of order entry.

Exclusions: Unless specifically discussed, this quotation excludes all sitework and landscaping; removal of existing equipment; acceptance of equipment and off-loading; lift gate delivery; storage of goods prior to installation; security of equipment (on site and at night); equipment assembly and installation; safety surfacing; borders; drainage; signed/sealed drawings; or permits.

Installation Terms: Shall be by a Certified Installer. The installer is an independent installer and not part of PlayCore, GameTime, nor Dominica Recreation Products. If playground equipment, installer will be NPSI and Factory Trained and Certified. Unless otherwise noted, installation is based on a standard installation consistent with GameTime installation sheets and in suitable soil with a sub-base that will allow proper playground installation. Drainage is not part of our scope of work unless otherwise noted. Customer shall be responsible for scheduling and coordination with the installer. Site should be level and allow for unrestricted access of trucks and machinery. Customer shall also provide a staging and construction area. Installer not responsible for sod replacement or damage to access path and staging area. Recommended Action

Commission to vote on Resolution

Voting Requirement

Adoption requires a 3/5 vote of the City Commission

Background/History

Floating Frog, LLC dba Mindtravel Foundation (the "Applicant") is requesting to hold a silent piano concert on the beach just north of the Pier on Friday, September 13, 2024, from 6:00 pm to 8:00 pm (the "Event"). This Event is ticketed, with ticket sales ranging from \$15/youth to \$50/adult, and the Applicant anticipates approximately 300 participants will attend the Event. The Applicant is not requesting any fee waivers but does need approval because of the ticket sales. The piano is lightweight, and designed as a faux piano around a keyboard. Due to the event's timing during turtle season, approval was sought from the Florida Fish and Wildlife Conservation Commission (FWC), which has been granted after review. This will be the second event of this kind hosted by Floating Frog, LLC in Deerfield Beach on the Beach.

Mindtravel offers an immersive musical experience known as the "Silent Piano Concert," curated by composer and pianist Murray Hidary. Held in iconic theaters and scenic outdoor venues, Mindtravel's live performances take audiences on transformative journeys. Recommended Action

Commission to vote on Resolution

Voting Requirement

Adoption requires a 3/5 vote of the City Commission

Background/History

The current parks and recreation fee schedule was approved by the City Commission pursuant to Resolution No. 2020/130. The current fee schedule does not include the new Tigner Center, which has now been recommended, along with updated special event application fees, updated pier fees, and removal of fees that no longer exist, including the removal of the observation deck.

Current Activity

The attached Amended Fee Schedule proposes revisions to the facility rental fees, special event application fees, and pier fees. It modifies existing fees to align with one another. Staff is proposing a comprehensive update of its parks and recreation fee schedule to ensure alignment with the rates of surrounding cities and to provide affordable facility rental options for Deerfield residents. This proposal aims to enhance community access to city-provided services and amenities and promote equitable pricing across our facilities. By adjusting the parks and recreation fees, staff aims to provide Deerfield Beach residents affordable options while remaining competitive with neighboring municipalities. The proposed fees are attached as Exhibit A.

At the last meeting, there were requests for a few revisions and general consensus on all the other areas. To address these requests, the following proposal highlights the changes that were made to the last recommendation.

Background/History

The City partnered with the Urban Land Institute (ULI) to conduct a Technical Assistance Panel (TAP) to make recommendations for redeveloping the Central City Area within the City. One of the key recommendations was to update the existing Dixie Business Residential (DBR) zoning code to reflect development uses and types that would stimulate and accommodate future redevelopment activity. The existing code has been ineffective in achieving this goal. The same recommendation emerged from the recently completed Colliers International Comprehensive Market Study that calls for zoning changes to enhance the ability to attract retail businesses to the area.

For the past several months, City staff has been conducting one on one 'living room chat' meetings with stakeholders in the Central City area to establish a dialogue with stakeholders, create a working relationship, and begin to better understand the vision of a large cross-section of the community. This community outreach is ongoing and will continue as the basis for updating the area's zoning code.

Current Activity

Pursuant to Request for Qualification #21-11-IG (the "RFQ"), and Section 287.055, Florida Statutes ("CCNA"), the City entered into Continuing Contracts with qualified firms for the provision of Planning and Urban Design Services. The Continuing Services Contracts were renewed for another one-year period expiring on April 11, 2025. In accordance with the RFQ and the City's CCNA project process, the City considered multiple firms from the RFQ continuing contract pool and WGI, Inc. was found to be the most qualified respondent for this type of project. WGI, Inc. will provide planning services that include review and analysis of documents and reports relating to the Central City Area, evaluating the City's current zoning regulations for the Central City Area, proposing strategies and revisions to assist

in the enhancement of the area to attract new businesses, and coordinating the community outreach component in interviewing and providing feedback from the stakeholders in the Central City Area. The proposed Scope of Services is attached as Exhibit "A" to the Work Authorization.

Recommendation

It is recommended that the City Commission authorize the execution of the work authorization with WGI, Inc. for professional planning services for the Central City Rezoning Study Project.

EXHIBIT A SCOPE OF SERVICES

Consultant shall provide professional planning services for the Central City Rezoning Study Project as follows:

PROJECT UNDERSTANDING

The City of Deerfield Beach (City) is a South Florida coastal community of an estimated 87,497 residents located in northern Broward County. Today, the City of Deerfield Beach has shifted its focus back to the historic town center, now known as the Central City Area. In April 2020, the City partnered with the Urban Land Institute (ULI) to conduct a Technical Assistance Panel (TAP) Report for the Central City Area. The report provided several recommendations to address regulatory obstacles, site constraints, and ultimately improve zoning code and regulations to cultivate an environment for smart and sustainable development while retaining the culture and characteristics of the community.

Study Area

Dixie Highway spans from the Dixie Highway flyover bridge just north of Hillsboro Boulevard south to Sample Road. The study area includes all portions of Dixie Highway that lie within the City of Deerfield Beach. The east side of Dixie Highway south of SE 51st Street lies in the City of Pompano and therefore is not included in this study. Along the west portion of Dixie Highway is a mix of zoning districts including Business Community (B-1); Dixie Business Residential (DBR); and Broward County commercial zoning. Zoning along the east portion of Dixie Highway includes the Pioneer Grove Local Activity Center (LAC) and General Business (B-3).

Purpose

The WGI team is to assist in the project efforts to generate actionable ideas and strategies for the Central City Area, which will include subjects such as evaluating current uses, rezoning county zoning districts to city code, consolidation of zoning districts, and incorporating uses that are not currently included in the various existing zoning districts within the Central City Area.

Tasks: Within the Scope of Services and Professional Fee Schedule section, all tasks and materials fall under a lump sum fee.

Lump Sum \$2,700.00

The WGI team will be present at up to three public meetings to answer questions concerning the planning effort to the community. - b. The standards will consider the recommendations of the TAP Presentation including:
 1. Gentle density through missing middle housing typologies;
 2. Creating walkable, mixed-use nodes at major intersections that will act as job centers, establish standard buffering to residential development adjacent to the study area; and
 3. Creation of economic incentives such as parking reductions, density bonuses, expedited reviews, and fee waivers.

Work Authorization Form July 8, 2024

- c. Most importantly, the new regulations will streamline and simplify development regulations and provide developers with a more predictable application process. Background/History

The Central City Corridor runs along Dixie Highway from the Hillsboro Canal to Sample Road, encompassing those areas within Deerfield Beach on both sides of the highway.

In April 2020, the City partnered with the Urban Land Institute (ULI) to conduct a Technical Assistance Panel (TAP) Report for the Central City Area. The report provided several recommendations to address regulatory obstacles, site constraints, and ultimately improve zoning code and regulations to cultivate an environment for smart and sustainable development while retaining the culture and characteristics of the community. Arguably, the most important component of the study was the recommendation to strengthen relations between the community and the City. Healing and mending the relationship with the community and its leaders is of the utmost importance to the City.

On April 7, 2023, the Economic Development staff presented to the City Commission the Redevelopment Plan for the Central City Area. The plan emphasizes the importance of community involvement through a comprehensive outreach model for residents to work collaboratively with the City.

The goal of this project is to engage the community in the planning and development process, create avenues and access for increased communication, and to engage the community at all levels with this community and economic development opportunity.

A. Section VI – Scope of Work

B. Project Background & History

Background

The City of Deerfield Beach (City) is a South Florida coastal community of an estimated 87,497 residents located in northern Broward County. The City is midway between Fort Lauderdale and West Palm Beach and is neighbored by Boca Raton, Coral Springs and Pompano Beach.

The community of the Central City Area boasts a rich, cultural diversity with nearly half of its residents identifying as Black (48.7%), Hispanic (21.0%), and two or more races (14.5%). While White residents make up a quarter (25.2%), there are also smaller pockets of Asian (1.0%) and American Indian (0.4%) residents, and a noteworthy group classified as "Some other Race" (10.1%). This variety brings a multitude of perspectives and experiences, fostering a culturally vibrant community. Furthermore, the disparity between the median (\$48,807) and average (\$69,288) household incomes suggests a range of income levels, potentially indicating young families alongside established residents.

History

In the late 1800's, Deerfield Beach began to see its early pioneers settle along the Hillsboro River. Recognizing Florida's development potential, Henry Flagler extended the Florida East (FEC) Coast Railway Company to Biscayne Bay by 1896. This achievement spurred a flurry of commercial activity and business growth along the FEC railway and Dixie Highway Corridor, landing Deerfield Beach as a major train stop and trading post. While Deerfield Beach's economy remained primarily agriculturally based, the 1960's and 70's brought an influx of tourism and development interest into the coastline, resulting in a shifted focus away from the historic town center. The 1980's, 90's, and early 2000's brought more economic diversification towards the west side of I-95, bringing the suburbs and a multitude of advanced industries such as manufacturing, distribution, technology, and pharmaceuticals.

Today, the City of Deerfield Beach has shifted its focus back to the historic town center, now known as the Central City Area. In April 2020, the City partnered with the Urban Land Institute (ULI) to conduct a Technical Assistance Panel (TAP) Report for the Central City Area. The report provided several recommendations to address regulatory obstacles, site constraints, and ultimately improve zoning code and regulations to cultivate an environment for smart and sustainable development while retaining the culture and characteristics of the community.

Arguably, the most important component of the study was the recommendation to strengthen relations between the community and the City. Healing and mending the relationship with the community and its leaders is of the utmost importance to the City. The City understands the rezoning of the Dixie Highway Corridor and nodes is an opportunity to engage residents to

participate in enhancing their community through development and formulate a common vision for the future.

On April 7, 2023, the Economic Development staff presented to the City Commission the Redevelopment Plan for the Central City Area. Supporting documents and studies such as the Pioneer Grove Design Guidelines, Economic Development Strategy Report, and the ULI Technical Assistance Panel on the Central City Area, helped shape the model for the overarching strategies of the plan:

- (1) Build and Strengthen Community Relations;
- (2) Support Small Businesses and Incentivize Local Employment;
- (3) Reduce and Prevent Blight; and
- (4) Incentivize Catalytic Development.

The plan emphasizes the importance of community involvement through a comprehensive outreach model for residents to work collaboratively with the City.

These recommendations and strategies will be vital in the implementation process by the selected consultant.

Study Area

Dixie Highway spans from the Dixie Highway flyover bridge just north of Hillsboro Boulevard south to Sample Road. The study area includes all portions of Dixie Highway that lie within the City of Deerfield Beach. The east side of Dixie Highway south of SE 51st Street lies in the City of Pompano and therefore is not included in this study. Along the west portion of Dixie Highway is a mix of zoning districts including Business Community (B-1); Dixie Business Residential (DBR); and Broward County commercial zoning. Zoning along the east portion of Dixie Highway includes the Pioneer Grove Local Activity Center (LAC) and General Business (B-3). A proposed map of the area is provided with this document.

The highway abuts two areas of redevelopment: The Pioneer Grove LAC which contains the City's future downtown and the Dixie Business Residential area, a mixed-use zoning district that permits residential, commercial or mixed-use development.

The Florida East Coast (FEC) Railway is used by both the FEC and the new Brightline commuter service, and runs the entire length of the Dixie Corridor in Deerfield Beach. The City is actively pursuing a rail station for the Broward Commuter Rail and Brightline services at the intersection of Dixie Highway and SE 4th Street.

Goal

The goal of this project is to engage the community in the planning and development process, create avenues and access for increased communication, and to engage the community at all levels with this economic development opportunity.

Project Scope

The successful Proposer (hereinafter referred to as Consultant in this Scope) shall provide all expertise, personnel, materials, equipment, supplies and travel to provide outreach activities to historically marginalized communities, to facilitate in the communication and collaboration efforts to generate actionable ideas and strategies for the Central City Area, which will include subjects such as:

Background/History

On or about January 13, 1990, the City entered into an interlocal agreement with the Broward Sheriff's Office ("BSO") for law enforcement services (the "Interlocal Agreement"). Following the adoption of the Interlocal Agreement, all then existing City of Deerfield Beach police officers became BSO deputy sheriffs.

On or about December 19, 1989, the City adopted a Memorandum of Understanding (the "1989 MOU") concerning Medical Insurance coverage for uniformed police officers and non-uniform personnel who transferred to BSO on January 13, 1990, and chose to remain in the City Pension Plan.

On or about August 1, 2006, the City and the City of Deerfield Beach Municipal Police Officers' Retirement Trust Fund (the "Plan") entered into a second Memorandum of Understanding, and formally adopted by the City Commission on November 21, 2006, (the "2006 MOU") concerning Medical Insurance coverage for members and retirees of the Deerfield Beach Police Officer's Retirement Trust Fund.

Current Activity

A dispute has arisen between the City and the Plan regarding interpretation of the 1989 MOU and 2006 MOU and the qualifications for receipt of medical insurance related payments from the City and the amount of such payments (the "Dispute").

The Parties, through their representatives, are engaged in discussions and information sharing to attempt to address the Dispute, and the Parties wish to avoid litigation at this time while they collectively engage in efforts to resolve the Dispute through mediation, without prejudicing the rights of the Parties.

The enclosed Tolling Agreement between the City and the Plan requires the Parties to engage in mediation, with a mediator mutually acceptable to the Parties, to attempt to resolve the Dispute, with the Parties equally splitting the cost of mediation. Additionally, the Tolling Agreement tolls (pauses) any applicable statute of limitations and statute of repose for any claim by the Plan or Plan members against the City, for any claim by the City against the Plan or Plan members, and any claim by and between any of the Parties to this Agreement, as it relates to or results from the Dispute during the term of the Tolling Agreement. The Agreement and tolling applies to the time period commencing on February 1, 2024, and terminating upon a written notice of termination by the City to the Plan or by the Plan to the City.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding concerning Medical Insurance coverage for City of Deerfield Beach uniformed police officers and non-uniformed personnel who transfer to the Broward Sheriff's Office on January 13, 1990 and choose to remain in the City of Deerfield Beach Pension Plan is given by the City Commission of the City of Deerfield Beach on December 19, 1989.

The City of Deerfield Beach has agreed as follows:

Upon merger between the City of Deerfield Beach Police Department and the Broward County Sheriff (BSO) all City uniformed police officers and nonuniformed police personnel (hereafter collectively "employees") who are employed by BSO will have the option of remaining members of the City of Deerfield Beach Pension Plan. The provisions of this letter are restricted to those employees who elect to remain members of the City pension plan. Those who join the Florida Retirement System will not receive the benefits herein described.

At the present time Section 8.02 of the City of Deerfield Beach Personnel Rules and Regulations provides that the "City continues an employee's medical insurance benefits equivalent to what all other City employees receive when a member begins receiving pension disability or early retirement or full retirement immediately upon separation from the City." Thus when a City employee retires the City pays for that employee's benefits of medical insurance and gives that employee the opportunity to continue any dependent health insurance coverage payment under terms then existing. The City's responsibility ends at such time as such retiring employee becomes eligible for Medicare, Medicaid or tefra and the City no longer pays for benefits.

When City employees leave the City and are employed by BSO they cannot be returned to the status of City employee upon retirement from BSO and would not be eligible for the employee's medical insurance coverage and benefits as provided for in Section 8.02.

The City wishes to continue to offer to these employees, who remain with the City of Deerfield Beach pension plan, a retirement health insurance benefit comparable to that which they would receive if they remained as a City employee. The BSO policy currently provides that for each year of service with BSO, BSO will pay 2% of the employee's medical insurance premiums under the BSO plan upon such employee retiring from the BSO, but not to exceed 50%. Accordingly, the City of Deerfield Beach will pay to the then BSO health insurance carrier, at such time that an employee, who transfers to the BSO but remains with the Deerfield Beach pension plan, retires from the BSO, the percentage of medical insurance cost necessary to continue that employee's 100% coverage of BSO medical insurance over and above that percentage which the Sheriff pays. Provided however, the actual dollar amount paid to the BSO health insurance carrier shall not exceed the actual dollar amount which the City would pay to the City carrier for the City sponsored health insurance plan. As an example, and subject to the above proviso, if an employee who remains as a member of the Deerfield Beach pension plan retires from BSO 4 years from this date and BSO pays 8% of his continuing medical premium, then the City of Deerfield Beach will pay 92% of his continuing medical premium. This benefit will only continue until such employee becomes eligible for Medicare, Medicaid or tefra. This benefit shall also not exceed the benefit offered other City employees, it being the intent that this is not a benefit to be "locked-in" but rather to be a benefit afforded to the employees transferring as if they had continued to be City of Deerfield Beach employees to the end that they will receive the same benefit as any other City employee who retired on the same date. Thus, if the City discontinues or amends the provisions of paragraph 8.02 as afore referred to, then this benefit to the employees shall similarly be amended or discontinued. It is simply the intent of the City to provide transferring employees the same health insurance benefit that any other City employee would receive at the time of such employee's retirement at the same out of pocket expense to the City.

Gross compensation shall detail all monies received by the employee from BSO, and divided into categories including (but not limited to) wages, overtime, premium pays, educational incentives, payoff of accrued leaves, assignments pays and detail pay.

If any of these records are in the possession of an insurance carrier, administrator or other third party, BSO shall request the release of these records to the CITY pension funds.

5.6 Should an employee who first received a disability benefit from a city-sponsored pension plan recover from such disability and be able to resume his or her former duties, then BSO shall rehire said person provided that BSO shall have the right to have the person examined by a physician or clinic selected by BSO, at BSO'S expense. If said examination discloses that the person is not able to resume former duties, then BSO shall not be obligated to rehire.

5.7 BSO employees who are elected as trustees of the City-sponsored pension plans shall be given time off with pay to attend pension plan trustees meetings and to attend pension fund educational seminars and conferences (maximum of five (5) days per year for seminars and conferences) if the times of such meetings, conferences or seminars conflict with the employee's regular BSO schedule.

5.8 Upon the request of the CITY or its pension boards, BSO will distribute to its employees who participate in city-sponsored pension plans documents, forms, and other written communications from the CITY plans. BSO will also maintain a supply of CITY pension plan beneficiary designation and benefit application forms in both the BSO Personnel Department and in the BSO DEERFIELD BEACH station and will promptly forward completed forms to the CITY pension boards. BSO will also distribute pension trustee election ballots to participants in city-sponsored pension plans and will promptly forward completed ballots to the CITY.

5.9 BSO will promptly notify the CITY pension plans if any ~~BSO employee who is a CITY pension plan participant should die, be adjudged incompetent, or be convicted of a felony which could cause forfeiture of the employee's pension.~~

5.10 BSO will record and accrue all unused sick leave and annual (vacation) leave for all BSO employees who participate in

the CITY'S pension plans, regardless of whether or not the employees are ever paid for all or part of said unused leave. When a participant in either of the CITY'S pension plans is terminated from BSO for any reason, BSO shall promptly inform the CITY'S appropriate pension plan of the number of unused sick leave and vacation leave hours which the employee had accrued as of the date of termination. Any pay for such unused accrued hours which may be made by BSO pursuant to policy, upon an employee's termination, shall also be reported to the CITY'S pension plans as part of the report of gross compensation provided for in paragraph 5.4 above.

5.11 Employees of the CITY shall preserve their seniority effective as of the date of hire with the Police Department of the CITY OF DEERFIELD BEACH. In the case of law enforcement officers the date of certification with the CITY OF DEERFIELD BEACH shall establish seniority. For employees of the department other than certified law enforcement officers, the date of classification with the department shall establish seniority. All due process rights established by law, policy, procedures, or agreement shall be afforded to all qualified employees as those rights pertain to seniority, discipline, layoff or discharge in the Broward Sheriff's Office.

5.12 The CITY acknowledges that there may be personnel within the police department who are either on light duty or excused from duty by virtue of their entitlement to workman's compensation benefits. There shall be no obligation on the part of BSO to include these personnel within their department. However, when these personnel are released by their doctors to return to duty, the BSO shall be obliged to consider them for appointment. Except for light duty personnel, excused personnel, and personnel who may fail the required drug test, the BSO agrees to include all other DEERFIELD BEACH personnel within the BSO.

5.13 If necessary, further clarification regarding the method of calculation of pension contributions and leave accruals

may be set forth or further explained in a letter of understanding.

5.14 Employees of the CITY shall not transfer to BSO any accrued hours of unused sick leave or vacation benefits. All such hours shall be "Banked" with the CITY toward future payment and, for those who remain with the CITY sponsored Plans, calculation for pension benefits. Should the employee later leave the BSO by other than retirement, then such benefits shall be paid in cash at that time or in some other fashion as the employee and the CITY may have agreed.

Employees transferring employment shall start with a zero basis of sick leave and vacation but shall transfer accrued holidays and accrued compensatory time, consistent with BSO Policy and Procedure, and responsibility for these shall lie with BSO.

ARTICLE VI. EMPLOYMENT; RIGHT OF CONTROL

BSO shall have and maintain the responsibility and control of the rendition of services, the standards of performance, the discipline of personnel and other matters incident to the performance of the services, duties and responsibilities described and contemplated herein.

6.1 The CITY does hereby reserve the right and BSO does hereby acquiesce in the CITY'S right to require that BSO transfer such personnel who, in the determination of the City Manager, fail to perform in a manner consistent with the standards contemplated herein as same maybe acceptable to the CITY. Accordingly, BSO agrees to replace any such transferred Deputy forthwith, and such replacement personnel shall be subject to the approval of the City Manager.

6.2 The parties acknowledge that it is important for the CITY to have BSO personnel who are acquainted with the general makeup of the CITY and are familiar with the geography, its industrial, business and residential composition, and its crime problems. In furtherance thereof, the parties agree that,

without impairing the rights of BSO as an employer as provided in Article VI above, BSO shall not remove, transfer or replace any of the personnel currently assigned to the CITY without the written concurrence of the City Manager. In situations where a Deputy or employee requests a transfer in order to accept a promotion or special assignment which has been offered to him or her by BSO based upon his or her special education qualifications or career path, such request shall be submitted in writing and, upon verification of such conditions, such request will be honored by the CITY. In any event, the CITY agrees to the removal of a Deputy or employee who is discharged by BSO for cause.

ARTICLE VII.

Every sworn officer of BSO so empowered hereby and engaged in the performance of the services, duties and responsibilities described and contemplated herein shall be deemed to be a sworn officer of the CITY while performing such services, duties and responsibilities which constitute municipal functions and are within the scope of this Service Agreement. Accordingly, such sworn officers of BSO are hereby vested with the power to enforce the ordinances of the CITY, to make arrests incident to the enforcement thereof and to do such other things and perform such other acts as are necessary with respect thereto.

SHERIFF reserves the right to tow and maintain evidence if vendor fails to comply with said specification. RESOLUTION NO. 2006/259

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DEERFIELD BEACH APPROVING A MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF DEERFIELD BEACH AND THE CITY OF DEERFIELD BEACH POLICE OFFICERS' RETIREMENT TRUST FUND

WHEREAS, the City Commission of the City of Deerfield Beach deems the Memorandum of Understanding between the City of Deerfield Beach and the City of Deerfield Beach Police Officers' Retirement Trust Fund, as on file with the City Clerk, to be in the best interests of the City; and

WHEREAS, the City Commission wishes to enter into said Memorandum of Understanding;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DEERFIELD BEACH, FLORIDA:

SECTION 1. The Memorandum of Understanding between the City of Deerfield Beach and the City of Deerfield Beach Police Officers' Retirement Trust Fund, as on file with the City Clerk's Office, is hereby approved by the City Commission of the City of Deerfield Beach and the Mayor is hereby authorized to execute same on behalf of the City.

ADOPTED THIS 21ST DAY OF NOVEMBER, 2006

ALBERT R. CAPELLINI, P.E., MAYOR

ATTEST:

SAMANTHA GILLYARD, ACTING CITY CLERK

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is entered into between the City of Deerfield Beach ("City"), and the City of Deerfield Beach Police Officers' Retirement Trust Fund concerning Medical Insurance coverage for members and retirees of the Deerfield Beach Police Officers' Retirement Trust Fund ("Fund").

The parties have agreed as follows:

The provisions of this letter are restricted to those employees who elected to remain as members in the Fund upon the merger of the City Police Department and the Broward County Sheriff's Office ("BSO") Those police officers that joined the Florida Retirement System upon the merger will not receive the benefits described herein.

When City employees left the City and were employed by BSO they could not return to the status of a City employee upon retirement from BSO and would not be eligible for the employee's medical insurance coverage and benefits as provided for in Section 8.02 of the City Personnel Rules.

At the present time Section 8.02 provides that upon retirement, the City will pay the cost of the medical insurance premium for employees who were hired prior to October 1, 2002 and have worked full-time for the City for at least ten (10) years, equivalent to what all other employees receive, when a member begins receiving early or full retirement upon separation from the City.

The City wishes to continue to offer to members and retirees of the Fund a retirement health insurance benefit comparable to that offered to City employees. The BSO medical insurance policy currently provides that for each year of service with BSO, BSO will pay 2% of the employee's medical insurance premiums under the medical plan upon retiring from the BSO, but not to exceed 50%. Accordingly, the City will pay to the retiree's health insurance carrier, for previously retired members, and members who retire after the effective date of this agreement, the percentage of medical insurance cost necessary to continue the retiree's or members 100% coverage of medical insurance over and above that which BSO pays. The actual dollar amount paid to the insurance carrier shall not exceed the actual dollar amount which the City would pay to the City carrier for the City sponsored health insurance plan.

This benefit shall continue until the member or retiree reaches medicare or medicaid eligibility. If the City amends or discontinues the provisions of Section 8.02 of the Personnel Rules, then the benefit agreed to in this Memorandum shall be similarly amended or discontinued.

This Memorandum of Understanding shall be effective as of August 1, 2006.

Title

Discussion on the City's Response regarding Monarch Hill.

Background/History

As a reminder, Waste Management is seeking two significant expansions of the Monarch Hill Landfill (2700 Wiles Road) that will extend its use for approximately 16 additional years before the current 6-year lifespan, and they are as follows:

1- A County Land Use Plan Amendment (LUPA) change, which would convert the old waste-to-energy facility along Green Road to additional landfill space. The LUPA requires County Commission approval.

2 - A proposed zoning change that would give Waste Management, by right, the ability to increase the height to 325 feet. Currently, the landfill is approved for a maximum height of 225 feet and requires a variance approval to increase the height.

Given the quality-of-life impacts, the City of Deerfield Beach has long opposed the expansion of the Monarch Hill Landfill, as reflected in Resolution No. 2021/115 adopted on July 20, 2021, and Resolution No. 2024/066, adopted on May 7, 2024. These quality-of-life issues include, but are not limited to the following:

- Air pollution and noise for surrounding neighborhoods;
- Litter;
- Continued impacts on the water quality in the aquifer beneath the site;
- Negative effects on recycling and resource recovery; and
- Continued heavy-duty truck traffic entering and exiting the facility for the next 20 or more years.

A change to the zoning code to allow the height to increase to 325 feet and the Land Use Plan Amendment (LUPA) to increase the footprint of the landfill by 24 additional acres will be a decision of the Broward County Commission. Waste Management imploded the former Wheelabrator North Broward Waste to Energy Plant at Monarch Hill Renewable Energy Park on Friday, June 7, 2024. This act by Waste Management was preemptive to make way for the additional 24 acres of land they hope to use as landfill if the County approves the LUPA.

Current Activity

At its Regular Meeting on Tuesday, June 18, 2024, the Broward County Commission directed the Office of the County Attorney to draft an ordinance that would amend the Broward County Zoning Code to increase the permitted height of the landfill to 325 feet. **On Wednesday, August 14, 2024, this ordinance is scheduled to go before the Local Planning Agency (LPA)**, whose role is to make recommendations to the Board of County Commissioners as to whether a proposed amendment is consistent with the Broward County Comprehensive Plan. Open to the public, this LPA meeting is scheduled for 2:00 p.m. at

Government Center West, 1 North University Drive, Plantation, FL 33324.

The item is then set for public hearing before the Board of County Commissioners at their meetings on Tuesday, September 17, 2024 and Tuesday, October 8, 2024. Broward County Commission Meetings are held at 10:00 a.m. in Room 422, Broward County Governmental Center, 115 S. Andrews Avenue, Fort Lauderdale, FL 33301. Residents are encouraged to attend.

At the request of the Commission, the City is committed to raising awareness of the issue in the community so that residents can make their concerned voices heard. We have prepared a packet of information for in-person distribution, and as of this writing, the most recent opportunity was the Waterways Homeowners Association Meeting on Monday, July 15, 2024. In addition to details about the issue itself, this packet includes a sample letter and the contact information for the members of the Broward County Commission, should residents wish to get in touch with them. Information is available on the City's website at dfb.city/monarch, and it was shared with you in the Weekly Update for the week ending Friday, July 12, 2024.

We are vigilant and will keep you and the community apprised as details become available to us.

MONARCH HILL LANDFILL UPDATE

Dear Deerfield Beach Residents:

The City of Deerfield Beach has another important update for members of our community who are concerned about Waste Management's proposal to make significant changes to the Monarch Hill Landfill (2700 Wiles Road), which borders our community. As a reminder, Waste Management (WM) is seeking two significant expansions of the Monarch Hill landfill that will extend its use for approximately 16 additional years beyond the current 6-year lifespan, and they are as follows:

- 1- A County Land Use Plan Amendment (LUPA) change, which would convert the old waste-to-energy facility along Green Road to additional landfill space. The LUPA requires County Commission approval.
- 2- A proposed zoning change that would give Waste Management by right, the ability to increase the height to 325 feet. Currently, the landfill is approved for a maximum height of 225 feet and requires a variance approval to increase the height.

Attached is an outreach presentation by Waste Management. A video presentation by the company is also available at <https://www.youtube.com/watch?v=uzj-mrl72og>.

Waste Management imploded the former Wheelabrator North Broward Waste to Energy Plant at Monarch Hill Renewable Energy Park on Friday, June 7, 2024. This act by Waste Management was preemptive to make way for the additional 24 acres of land they hope to use as landfill if the County approves the LUPA.

At its Regular Meeting on Tuesday, June 18, 2024, the Broward County Commission directed the Office of the County Attorney to draft an ordinance that would amend the Broward County Zoning Code to increase the permitted height of the landfill to 325 feet. **On Wednesday, August 14, 2024, this ordinance is scheduled to go before the Local Planning Agency (LPA)**, whose role is to make recommendations to the Board of County Commissioners as to whether a proposed amendment is consistent with the Broward County Comprehensive Plan. Open to the public, this LPA meeting is scheduled for 2:00 p.m. at Government Center West, 1 North University Drive, Plantation, FL 33324.

The item is then set for public hearing before the Board of County Commissioners at their meetings on Tuesday, September 17, 2024 and Tuesday, October 8, 2024. Broward County Commission Meetings are held at 10:00 a.m. in Room 422, Broward County Governmental Center, 115 S. Andrews Avenue, Fort Lauderdale, FL 33301. Residents are encouraged to attend.

The City of Deerfield Beach has long opposed the expansion of the Monarch Hill Landfill, given the quality-of-life impacts, including, but not limited to the following:

- Air pollution and noise for surrounding neighborhoods.
- Litter.
- Continued impacts on the water quality in the aquifer beneath the site.
- Negative effects on recycling and resource recovery.
- Continued heavy duty truck traffic entering and exiting the facility for the next 20 or more years.

The City encourages you to stay engaged in this process. Your voice matters. A change to the zoning code to allow the height to increase to 325 and the Land Use Plan Amendment (LUPA) to increase the footprint of the landfill by 24 additional acres *will be a decision of the Broward County Commission*. If you would like to call or email your Broward County Commissioners, we have included their information below.

SAMPLE LETTER

Dear Commissioner _____:

It is my understanding that Waste Management is seeking to expand the Monarch Hill Landfill through a Land Use Plan Amendment (LUPA) that would convert 24 acres of the existing property from an electrical generation use to additional landfill. The county is also considering a proposed zoning change that would increase the allowable height of Monarch Hill from 225 feet to 325 feet. These changes would extend the useful life of the landfill by approximately 16 years.

As a resident of Deerfield Beach, one of the cities bordering this landfill, I am very concerned about the impact of these potential changes on our quality of life. While Waste Management has verbally committed to only processing construction and demolition material and bulky waste—and therefore reducing odor, which has been rather problematic for surrounding neighborhoods---there still remains other significant issues to consider. Certainly, we are worried about the risks to our health from air pollution, noise pollution, and the continued impacts on the water quality in the aquifer beneath the site. There is sure to be continued litter in the area and increased heavy duty traffic entering and exiting the facility for the next 20 or more years, compounding the noise and congestion we already face on a daily basis.

In addition to these local concerns, there is a matter of regional importance to bear in mind. The Broward County Solid Waste Authority was created in 2023, as a governing entity. According to Interlocal Agreement approved for execution by the County Commission on May 23, 2023, the purpose of the Authority is “to develop and implement a long-term, environmentally sustainable, transparent, innovative, and economically efficient plan and approach to disposal, reduction, recycling, and reuse of waste generated in Broward County.” Furthermore, the goals are identified in the agreement as follows:

“The Authority will (a) encourage recycling, reduction, and reuse, in order to divert Authority Solid Waste (defined below) from landfills, seeking to ultimately reach zero waste, (b) support regional solutions with other counties with priority being given to the needs and goals of the Parties, (c) conduct comprehensive public education campaigns, and (d) engage in and/or support research and development into disposal, reduction, recycling, reuse, and utilization of the latest technology to create a sustainable and resilient Authority Solid Waste disposal and Recyclable Materials (defined below) processing system. In connection with these goals, the Authority should consider and evaluate all existing permitted facilities and properties within Broward County with the appropriate entitlements and land uses, seeking to ultimately reach zero waste in order to meet its goals and objectives...”

Given these aims, it seems highly counter to the County’s own purposes to move forward with the expansion of this landfill without allowing the Authority to include the future of this site as part of its master plan. For this reason and the quality-of-life issues identified earlier, I strongly oppose the expansion of Monarch Hill Landfill and urge the Broward County Commission to support the work of the Authority in the completion of its master plan.

NEWS RELEASE

A SERVICE OF THE BROWARD COUNTY COMMISSION

Interlocal Agreement Establishes Solid Waste Processing Authority

BROWARD COUNTY, FL - The Board of County Commissioners has unanimously approved an interlocal agreement to establish the Broward County Solid Waste and Recyclable Materials Processing Authority. It's the biggest step yet in addressing the issue of solid waste and recycling in our growing county. This agreement creates a governing entity that will work towards developing a comprehensive solid waste master plan to increase recycling rates through programs, education and facilities. The goal is to benefit both the environment and the economy.

The creation of the Authority is a result of four years of collaboration with municipal partners and the Solid Waste Working Group, which included Broward County Commissioner Beam Furr. The group held meetings every other week since late 2019 to discuss and construct the interlocal agreement. Now, the agreement will be sent to all 31 cities to sign, and representatives from municipalities representing at least 75% of the County population must sign on for it to become effective.

Commissioner Furr expressed his excitement, saying, "This is a major step forward towards developing a comprehensive solid waste and recycling system to serve all of our residents. I look forward to working with our municipal partners to get this across the finish line!"

The Authority will be responsible for the implementation of the solid waste master plan, which includes developing new facilities and improving existing ones, such as transfer stations, recycling centers and waste-to-energy facilities. The plan will also provide education and outreach to encourage residents to recycle properly.

Through this initiative, Broward County aims to increase its recycling rate and reduce the amount of waste sent to landfills, ultimately creating a cleaner and healthier environment for residents. Additionally, the development of new facilities will create jobs and generate revenue for the local economy.

Monarch Hill Landfill Land Use Plan Amendment (LUPA)

January 23, 2024

Monarch Hill – Land Use Plan Amendment (LUPA)

24-acre parcel – Redesignation - “Electrical Generation” to “Commerce”

- Seeking a Land Use Plan Amendment (LUPA) for a 24-acre parcel at Monarch Hill, formerly the Wheelabrator North site, and originally a Waste-to-Energy (WTE) facility.
- Wheelabrator North ceased operations in July 2015 after the Solid Waste Disposal District was disbanded, the plant was decommissioned, and its equipment removed. It is scheduled for demolition in early 2024.
- The current permitted disposal area at Monarch Hill Landfill is 382 acres. The 24-acre parcel represents only a 5.6% increase in the landfill footprint.

Monarch Hill Landfill – Proposed Land Use Change

Monarch Hill – Remaining capacity

- As of January 2024, the landfill has only an estimated six years of capacity remaining at current inbound volumes of 6,000 tons per day.
- 90% of the material coming to Monarch Hill Landfill is construction and demolition debris and bulk waste that cannot be incinerated (only 10% is municipal solid waste/household garbage).
- 43% of Broward's waste is C&D material and 10% is yard waste. The county needs capacity at Monarch Hill to dispose of this waste.

Monarch Hill – Remaining capacity

- Most of the C&D material coming to Monarch Hill Landfill has already been processed for recycling at WM Recycling Oakes Road and WM Recycling Deerfield, reducing its volume by 50%.

Local disposal for hurricane debris...

- Monarch Hill received 12,000 tons per day of storm debris after Hurricane Irma in 2017 (double the daily average intake of 6,000 tons).
- The landfill received one year of volume in four months.

What a “No” Vote on the LUPA means....

If Monarch Hill Landfill is not permitted to utilize all its potential footprint and airspace, there would be a significant increase in traffic congestion and greenhouse gas emissions.

The next closest disposal option for 6,000 tons a day is Okeechobee Landfill 96 miles away.

It would require 7,500 tractor truck loads a month (90,000 annually) going 196 miles roundtrip to dispose of the material utilizing an additional 3.5 million gallons of diesel fuel and generating more than 39,000 tons of greenhouse gas emissions annually.

What a “No” vote on the LUPA means...

The Landfill Gas-to-Energy site, which today produces enough electricity to power 9,000 homes daily, would be utilized for landfilling out of necessity with a resulting increase in GHG emissions.

Companywide, WM is Innovating for Climate Progress and reducing Greenhouse Gas Emissions

By deploying advanced technologies that use waste to produce energy, WM has set ambitious goals:

1. To reduce our greenhouse gas emissions by 42% by 2031
2. To beneficially reuse 65% of our captured landfill gas by 2026

In 2022, WM achieved a 10% reduction in greenhouse gas emissions and today the company is beneficially using 45% of our captured landfill gas, much of it to power our natural gas fueled collection trucks.

At Monarch Hill, WM is reducing greenhouse gas emissions by...

- Expanding our gas collection system and increasing its efficiency
- Accelerating our capping program

And building an \$80 Million Renewable Natural Gas (RNG) facility at Okeechobee Landfill to manage Broward County's excess municipal solid waste (MSW), reducing greenhouse gas emissions and creating clean, renewable energy

What a “No” vote on the LUPA means...

- No storm debris disposal available at Monarch Hill Landfill
- Late 2024 waste diversions to Okeechobee will begin:
 - 35,000 tons of ILA MSW \$28/ton \$980,000/year
 - 200,000 tons of ILA C&D and Bulky Waste \$5,600,000/year
- Removal of the existing Landfill Gas-to-Energy facility at Monarch Hill
Currently generating enough renewable energy to power 9,000 homes
- By 2030 1,400,000 tons per year of C&D and Bulky Waste will be transferred to Okeechobee:
 - 7,500 Tractor Trailer loads per month
 - 3,500,000 gallons of diesel fuel per year
 - 40,000 tons of greenhouse gas emitted
 - \$40,000,000 annual cost passed on to Broward County customers

What a “Yes” vote on the LUPA means...

- Storm debris disposal available at Monarch Hill securing Broward County’s needs
- No future MSW disposal at Monarch Hill
- Continued safe, economical disposal of post-recycled C&D and Bulky Waste
- Ongoing operations of the Landfill Gas-to-Energy facility at Monarch Hill powering 9,000 homes
- The most environmental and fiscally responsible decision:
 - Prevents 7,500 Tractor Trailer loads per month
 - Saves 3,500,000 gallons of diesel fuel per year
 - Prevents the emission of 40,000 tons of greenhouse gas
 - Saves \$40,000,000 of annual cost NOT passed on to Broward County customers

Thank you.

**INTERLOCAL AGREEMENT FOR SOLID WASTE DISPOSAL AND RECYCLABLE MATERIALS
PROCESSING AUTHORITY OF BROWARD COUNTY, FLORIDA**

This Agreement (“Agreement”) is among Broward County, a political subdivision of the State of Florida (“County”), and the municipalities in Broward County that formally approve this Agreement pursuant to its terms and return an executed signature page (each, individually, a “Municipal Party” and collectively, the “Municipal Parties”) (collectively, the “Parties” and each individually a “Party”).

ARTICLE 1. RECITALS AND FINDINGS OF FACT

1.1. Mission Statement. To protect the long-term public health, safety, and welfare of the residents of the Municipal Parties and County, the Parties commit to working together collaboratively through the creation of an independent legal entity known as the “Solid Waste Disposal and Recyclable Materials Processing Authority of Broward County, Florida” (the “Authority”), the purpose of which is to develop and implement a long-term, environmentally sustainable, transparent, innovative, and economically efficient plan and approach to disposal, reduction, recycling, and reuse of waste generated in Broward County.

1.2. Goals of the Authority. The Authority will (a) encourage recycling, reduction, and reuse, in order to divert Authority Solid Waste (defined below) from landfills, seeking to ultimately reach zero waste, (b) support regional solutions with other counties with priority being given to the needs and goals of the Parties, (c) conduct comprehensive public education campaigns, and (d) engage in and/or support research and development into disposal, reduction, recycling, reuse, and utilization of the latest technology to create a sustainable and resilient Authority Solid Waste disposal and Recyclable Materials (defined below) processing system. In connection with these goals, the Authority should consider and evaluate all existing permitted facilities and properties within Broward County with the appropriate entitlements and land uses, seeking to ultimately reach zero waste in order to meet its goals and objectives. The Authority may offer the Parties collection and hauling services for Authority Solid Waste and Recyclable Materials; however, ultimate responsibility for providing such services shall remain with each local government in Broward County.

1.3. Reservation of Powers. The Parties, individually and collectively, find that no municipal or County powers or functions are being transferred by this Agreement or by the creation of the Authority as a separate legal entity as described in Section 163.01, Florida Statutes. Each Party retains ultimate responsibility within its jurisdiction for supervising waste and recycling as provided by applicable law. Consequently, the Parties find that the Authority serves a limited government function: to operate the System (defined below). The Parties further find that the Authority is not a mere instrumentality of County or of the Municipal Parties. Except for such matters expressly stated in this Agreement, neither County nor the Municipal Parties shall maintain operational control hindering the Authority’s status as an independent and separate legal entity.

1.4. Other Critical Operations Not Addressed by this Agreement. The continuation of this Agreement is contingent on (a) a Master Plan (defined below) being ratified by the Authority, and (b) approval of an amendment to this Agreement by the Parties, both as detailed below. The purpose of the Master Plan and the contemplated amendment to this Agreement is to: (a) provide further specificity regarding the Authority's operations that the Parties have elected to address after the Effective Date (defined below), and (b) resolve other critical issues related to the Authority's creation and reflect such consensus as may exist or be formed concerning operations and related responsibilities, liabilities, or other commitments once the Parties determine the precise operations that will be undertaken, and facilities that will be owned, by the Authority.

ARTICLE 2. DEFINITIONS

2.1. **Authority Solid Waste** means garbage, rubbish, trash, refuse, or other discarded material resulting from the operation of residential, commercial, governmental, or institutional establishments in Broward County that would normally be collected, processed, and disposed of through a public or private solid waste management service. Unless excluded by the Master Plan, this term includes tropical storm debris, hurricane debris, all other storm debris, yard waste, bulk trash, white goods (including, without limitation, large household appliances, refrigerators, stoves, washing machines, drying machines, microwave ovens, and water heaters), manure, and construction and demolition debris. The term does not include the following: solid waste from industrial, agricultural, or mining operations (other than construction and demolition debris); sludges; solids or dissolved materials in domestic sewage, or other significant pollutants in water resources, including, without limitation, silt, dissolved or suspended solids in industrial wastewater effluents, or dissolved materials in irrigation return flows; any nuclear source or byproduct materials regulated under Chapter 404, Florida Statutes, or under the Federal Atomic Energy Act of 1954, as amended; Recovered Materials (defined below); Hazardous Materials (defined below); or any waste deemed unacceptable in the Master Plan.

2.2. **Broward Tonnage** means the total amount of System Waste (defined below) generated in each Municipal Party's jurisdiction and in the unincorporated areas of Broward County. When accurate data for System Waste is not available, the Governing Board (defined below) may by majority vote elect to approximate the total amount of System Waste by using population figures based on the most recent Bureau of Economic and Business Research – University of Florida report or any other reasonable source of population data it deems appropriate.

2.3. **Executive Committee** means the body described in Section 6.3, composed of members of the Governing Board and granted the powers described in Section 8.3.

2.4. **Governing Board** means the primary governing body of the Authority as described in Section 6.2 and granted the powers described in Sections 8.1 and 8.2.

2.5. **Hauler** means a person or entity engaged in the collection, transportation, or delivery of System Waste pursuant to an agreement with, or authorization granted by, any Party or the Authority.

2.6. **Hazardous Materials** means any waste, debris, substance, constituent, object, or material that: (a) is determined to be hazardous, toxic, corrosive, reactive, ignitable, explosive, radioactive, infectious, carcinogenic, teratogenic, or mutagenic (collectively, “Hazardous”), pursuant to the Broward County Charter, Chapter 27 of the Broward County Code of Ordinances, Florida Statutes Chapter 403, Chapter 62-730 of the Florida Administrative Code, the Resource Conservation and Recovery Act (“RCRA”), 42 U.S.C. § 6901, et seq., the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. § 9601, et seq., the Toxic Substances Control Act, 15 U.S.C. § 2601, et seq., 40 C.F.R. Parts 239 through 374, 40 C.F.R. Parts 700 through 799, 49 C.F.R. § 172.101, or any rule or regulation promulgated pursuant to the foregoing authorities; (b) is classified as “universal waste” pursuant to 40 C.F.R. Part 273; (c) is otherwise prohibited or determined to be Hazardous by applicable state or federal law; (d) is determined to be Hazardous at any time by the United States Environmental Protection Agency; (e) may cause damage to an Authority Solid Waste, Recyclable Materials, or Recovered Materials facility accepting the Hazardous Materials; or (f) otherwise poses a threat to public health or safety.

2.7. **Master Plan** means the master plan of operations document required to be adopted by the Authority for strategic and operational planning purposes, as well as describing the Authority’s operations in detail and providing the comprehensive planning framework and strategic direction to manage System Waste, across Broward County, consistent with the Parties’ responsibilities under applicable law.

2.8. **Recovered Materials** means metal, paper, glass, plastic, textile, or rubber materials that have known recycling potential, can be feasibly recycled, and have been diverted and source separated or have been removed from the solid waste stream for sale, use, or reuse as raw materials, whether or not the materials require subsequent processing or separation from each other, but the term does not include materials destined for any use that constitutes disposal. Recovered Materials, as described in this Agreement, are not included within the definition of Authority Solid Waste.

2.9. **Recyclable Materials** means those materials that are capable of being recycled and that would otherwise be processed or disposed of as Authority Solid Waste.

2.10. **System** means the collective arrangement of infrastructure and facilities overseen, owned, operated, acquired, or contracted for by the Authority and provided for in the Master Plan to manage System Waste.

2.11. **System Waste** means Authority Solid Waste, Recovered Materials, and Recyclable Materials, collectively, generated in any of the Parties’ jurisdictions and/or from outside of Broward County and identified as acceptable waste to be accepted by the Authority in the Master Plan. This term does not include Hazardous Materials or any waste deemed unacceptable in the Master Plan.

ARTICLE 3. FORMATION

3.1. By this Agreement, the Parties are coordinating a joint management program for System Waste through the Authority, created as an independent and separate legal entity pursuant to, and consistent with, Sections 163.01, 403.706(11), (12), (15), and (19), and 403.713, Florida Statutes.

3.2. The Authority will have the power and duty to establish, operate, and maintain the System. This Agreement does not divest any Party of its ultimate authority or obligation to supervise the provision of services related to System Waste generated in its jurisdiction; none of the powers granted the Authority constitutes a transfer of powers or functions as addressed under Article VIII, Section 4, of the Florida Constitution.

3.3. Deadline to Adopt Initial Master Plan and Facilities Amendment. The Authority, through its Governing Board, must: (a) adopt a Master Plan pursuant to the requirements of Article 7, and (b) approve a proposed amendment to this Agreement (the “Facilities Amendment”) that must subsequently be adopted by the Parties and that meets the procedural and substantive requirements of this section (the requirements under both subparts (a) and (b) are collectively “Formation Conditions”). If the Formation Conditions are not met within eighteen (18) months, plus any extension(s) of time approved pursuant to Section 3.3.1, after the Effective Date, this Agreement automatically terminates, and upon such automatic termination the Parties will only owe such duties to one another as expressly survive termination of this Agreement.

3.3.1. Extension. The Executive Committee may, by majority vote, extend the deadline to meet the Formation Conditions for up to an additional aggregate total of six (6) months. If the Executive Committee does not extend or has no further extension of the deadline available to it, the Governing Board may, by majority vote, extend the deadline by up to an additional twelve (12) months (i.e., beyond the six (6) month extension exercisable by the Executive Committee). In no circumstance will the deadline to meet the Formation Conditions, as extended, be more than thirty-six (36) months after the Effective Date.

3.3.2. Withdrawal. If and after the Governing Board approves the Facilities Amendment, the Authority shall provide written notice to each Municipal Party and to County. After receiving the Authority’s notice, each Municipal Party’s elected body shall have one hundred twenty (120) days to adopt a resolution approving the Facilities Amendment. A Municipal Party’s failure to deliver to the Authority a resolution adopted by its elected body approving the Facilities Amendment within the one hundred twenty (120) day period will be deemed that Party’s withdrawal from this Agreement. Except for provisions that survive expiration or termination of this Agreement, a Party that withdraws from this Agreement pursuant to this section will have no further rights, duties, or obligations hereunder, including, without limitation, that such Party will not have any representative on the Governing Board or the Executive Committee. Notwithstanding the foregoing, any Party that withdraws pursuant to this section will not be prevented from rejoining at a later date pursuant to Section 5.2.

3.3.3. Facilities Amendment; Required Contents. The Facilities Amendment must provide for the following:

3.3.3.1. A procedure and terms by which County may utilize facilities operated as part of the System (if any) that the Authority may own relating to the disposal of Authority Solid Waste if: (a) the Authority is no longer using the facility or has substantially reduced usage of the facility, resulting in a reduction of disposal capacity in Broward County, (b) such capacity is deemed necessary by County to fulfill its obligations under Section 403.706(1), Florida Statutes, and (c) County intends to operate such facility; and

3.3.3.2. A process to effectuate the orderly transfer of services being performed by the Authority and the transfer of assets of the Authority to a successor entity, or to County if County chooses to perform those services, if this Agreement is terminated or expires or if the Authority is dissolved (collectively “Wind Down”), including detailed processes addressing:

3.3.3.2.1. The disposition and/or transfer of reserve funds collected by the Authority associated with the assets being transferred;

3.3.3.2.2. How liabilities of the Authority, including debt obligations associated with assets being transferred, will be satisfied;

3.3.3.2.3. Whether or how County may acquire assets of the Authority that County intends to continue operating on behalf of the residents of Broward County related to Authority Solid Waste; and

3.3.3.2.4. How the costs of a capital expansion for County-owned facilities will be allocated among the Parties (which may include, among other things, County paying the full cost, the Municipal Parties paying the full cost, or some sharing of costs between County and the Municipal Parties).

3.3.4. Notwithstanding anything in this Agreement to the contrary, including, without limitation, Article 16, for the Facilities Amendment to be effective, it must be approved by the elected bodies of: (a) Municipal Parties representing at least eighty percent (80%) of the total population of the Municipal Parties; and (b) County. The Facilities Amendment must be adopted by the elected bodies of the Parties described in this section for the Formation Conditions to be met.

3.3.5. Condition on Exercise of Powers. Until the Formation Conditions are fully met, the Authority may not exercise any of the powers granted in the following sections of this Agreement:

3.3.5.1. Section 8.1.3 (Establishment of rates, fees, and other charges);

3.3.5.2. Section 8.1.4 (Recyclable Materials and Recovered Materials processing);

- 3.3.5.3. Section 8.1.5 (Recyclable Materials and Recovered Materials facilities and programs);
- 3.3.5.4. Section 8.1.7 (Collection and transportation services);

- 3.3.5.6. Section 8.1.12 (Issuance of bonds);
- 3.3.5.7. Section 11.1 (Commitment of System Waste); or
- 3.3.5.8. Section 11.2 (Regulatory Flow Control).

ARTICLE 4. DURATION

4.1. Effective Date and Initial Term. This Agreement will be effective on the first business day after it has been executed by: (a) Municipal Parties representing at least seventy-five percent (75%) of the population of Broward County; and (b) County (“Effective Date”). This Agreement begins on the Effective Date and continues for a period that ends forty (40) years after the Effective Date (“Initial Term”). Subject to Articles 3 and 17, no Party may terminate or otherwise withdraw from this Agreement during the Initial Term.

4.2. Extension Terms. This Agreement may be extended for up to two (2) consecutive ten (10) year terms (each an “Extension Term,” and together with the Initial Term, the “Term”) by the approval of the Parties’ elected bodies as set forth below:

4.2.1. No later than five (5) years before the end of the then-current term, the Governing Board must determine, based on the projected funding needs of the Authority, the percentage of Broward Tonnage and number of Municipal Parties necessary to extend this Agreement. Notwithstanding the foregoing, no Extension Term may be exercised unless the elected bodies of Municipal Parties representing at least fifty percent (50%) of the Broward Tonnage and the elected body of County agree to exercise the Extension Term.

4.2.2. Except for the provisions of this Agreement that survive termination of this Agreement or that survive a Party’s withdrawal from this Agreement, only those Parties whose elected bodies approve an Extension Term will be bound to this Agreement during such Extension Term.

4.2.3. If the Parties fail to extend this Agreement pursuant to Section 4.2.1, this Agreement will expire at the end of the then-current Term.

ARTICLE 5. MEMBERSHIP ELIGIBILITY AND OBLIGATIONS

5.1. Eligibility for Membership. County and each municipality located within Broward County are eligible to be Parties to this Agreement and thereby be members of the Authority.

5.2. Subsequent Joinder by Municipalities. After the Effective Date, any eligible municipality that is not already a Party may become a Party by agreeing to this Agreement (as may subsequently be amended), the Master Plan, and any additional terms and conditions established by the Authority, including, without limitation, payment of all amounts as may be required by the Governing Board.

5.3. Dissolution or Merger of Municipal Parties. Any Municipal Party that becomes unincorporated will lose its representative on the Governing Board. The tonnage attributed to any such former Municipal Party will be transferred to County for the purposes of calculating Broward Tonnage in relation to voting. Municipal Parties that merge will retain only a single representative on the Governing Board and the tonnage attributed to the merged Municipal Party will be the combined tonnage of the merging Municipal Parties for the purposes of calculating Broward Tonnage in relation to voting.

5.4. Ongoing Contributions of Parties Prior to Special Assessment. Until the Authority is able to fund its budget through special assessments or other methods, each Party must financially contribute towards the costs of operations of the Authority as stated in this section. Such expenses shall not exceed an aggregate yearly maximum amount of two million dollars (\$2,000,000), calculated on a fiscal year basis (October 1 to September 30). If the Effective Date is on any date other than the start of a fiscal year, the Authority's budget for the first fiscal year shall not exceed a prorated amount of the maximum provided for in this section. The Authority will invoice each Party that Party's yearly funding obligation, on a quarterly or other basis as determined by the Authority, payable in advance.

5.4.1. Consultant Expenses. County will be responsible for payment to the Authority for fifty percent (50%) of the costs of professional/technical consultants retained by the Authority for the development of the Master Plan, with the remaining fifty percent (50%) of such costs paid by the Municipal Parties on a pro rata basis based on population.

5.4.2. Other Authority Expenses. Other than the division of expenses set forth in Section 5.4.1, each Party will jointly fund all other Authority expenses on a pro rata basis based on population (for County, the unincorporated area).

5.5. System Waste Segregation Programs. After the effective date of the applicable minimum standards in any policy or program established by the Authority, the Parties must not enact or permit to continue any program for segregating new or used materials at the point of generation for reuse or recycling that fails to meet the minimum standards in the policy or program established by the Authority, unless expressly excepted by the Authority.

5.6. Cooperation. Each Party agrees to cooperate in good faith with the Authority and to deliver such further information and to take such other actions as may be reasonably requested by the Authority to carry out the intent and purposes of this Agreement, including, without limitation:

5.6.1. Providing Hauler information, including, without limitation: Hauler name and address; make, body type, and motor vehicle registration number of each vehicle used; area of collection; status as municipal vehicle operator or contract hauler; and data received pursuant to Section 11.4;

5.6.2. Adopting such regulations, executing such agreements, providing such information, and doing such work as may be required by any federal, state, or local agency as part of any application for financial assistance; and

5.6.3. Performing such other acts as may be reasonably required by the Authority in furtherance of its operation of the System.

The Authority must pay all reasonable out-of-pocket costs associated with this Section 5.6.

ARTICLE 6. GOVERNANCE

6.1. The Authority will be overseen and managed by a Governing Board, Executive Committee, and Executive Director (described below), which are hereby established and have the powers and authority as set forth herein.

6.2. Governing Board.

6.2.1. Membership. Each Party must appoint one (1) of its elected officials to serve as a member of the Governing Board, which appointee serves at the pleasure of the appointing Party. The appointment by each Party will be made according to such rules and procedures as may be adopted by the appointing Party. Should a representative on the Governing Board cease to be a duly qualified elected official of the appointing Party or have more than two (2) consecutive absences from meetings of the Governing Board that are not excused (by majority vote of the Governing Board or pursuant to adopted policy), the appointing Party must promptly appoint a replacement member that meets the foregoing requirements.

6.2.2. Meetings. The Governing Board must meet at least twice per fiscal year of the Authority, at such dates and times as determined by the Chair of the Governing Board, to conduct the business of the Authority.

6.2.3. Alternate Members. Each Party must appoint one (1) of its elected officials as an alternate member to serve on the Governing Board in the absence of that Party's primary appointed member. An alternate member may only vote when the primary member of the Governing Board for that Party is absent from the meeting. Alternate members may attend and participate during discussion in all Governing Board meetings.

6.2.4. Approvals. Subject to Sections 6.8 and 7.1, the Governing Board may take official action only if: there is a quorum; the action is supported by an affirmative vote of a majority of the representatives present that are eligible to vote; and the action is also supported by the affirmative vote of members representing a majority of the Broward

Tonnage. Alternate members of the Governing Board will count towards quorum only when they are serving as voting members.

6.3. Executive Committee.

6.3.1. Membership. An Executive Committee is to be established, composed of eleven (11) members of the Governing Board as follows:

6.3.1.1. The County's Governing Board Member.

6.3.1.2. Ten (10) Governing Board members from Municipal Parties, who will be selected as follows:

6.3.1.2.1. Large Municipalities. Five (5) members representing the largest third (1/3) of Municipal Parties by population, selected by majority vote of the members of the Governing Board representing those Municipal Parties.

6.3.1.2.2. Medium Municipalities. Three (3) members representing the middle third (1/3) of Municipal Parties by population, selected by majority vote of the members of the Governing Board representing those Municipal Parties.

6.3.1.2.3. Small Municipalities. Two (2) members representing the smallest third (1/3) of Municipal Parties by population, selected by majority vote of the members of the Governing Board representing those Municipal Parties.

6.3.1.2.4. If the number of Municipal Parties is not evenly divisible by three (3), then: (a) if there is a single additional Municipal Party, it will be placed in the Small Municipalities group, or (b) if there are two (2) additional Municipal Parties, the larger one (1) will be placed in the Medium Municipalities group and the other one (1) will be placed in the Small Municipalities group.

6.3.1.3. Population figures to assign Municipal Parties into each of the categories for purposes of selecting members of the Executive Committee will be based on the most recent Bureau of Economic and Business Research – University of Florida report, with such assignments adjusted on January 1, 2030, and every ten (10) years thereafter, and at the conclusion of each two (2) year term if any municipality joined this Agreement during the interim.

6.3.1.4. Terms of Service on Executive Committee. Executive Committee members serve a two (2) year term. Should a member of the Executive Committee cease to be a member of the Governing Board, a successor must be selected using

the same procedures as provided in Section 6.3.1, which successor will serve for the remaining term of the original appointment.

6.3.1.5. Members of the Executive Committee representing groups of Municipal Parties may be removed at any time by majority vote of the applicable portion of the Governing Board (e.g., Large Municipalities, Medium Municipalities, or Small Municipalities, as applicable) that selected them.

6.3.1.6. Any decision of the Executive Committee may be overturned by an affirmative vote of: (a) at least two-thirds (2/3) of the members of the Governing Board representing Municipal Parties; and (b) the County's representative on the Governing Board. If the initial vote of the Governing Board in favor of overturning an Executive Committee decision consists of Governing Board members representing at least ninety (90%) of the population of the Municipal Parties present at the time of the vote, but did not include the County's representative in favor of overturning such decision, then a second vote will be taken; if the second vote is a unanimous vote of the Municipal Parties' representatives to the Governing Board present that voted in the initial vote, the Executive Committee decision will be overturned regardless of the County representative's vote. Notwithstanding the foregoing, the Governing Board may not overturn any decision of the Executive Committee concerning the appointment, removal, or compensation of the Executive Director.

6.3.2. Alternate Members.

6.3.2.1. There must be one (1) alternate member from each of the three (3) municipal categories, selected in the same manner as the primary members. There must be one (1) alternate member from County, who shall be the County's alternate member of the Governing Board.

6.3.2.2. Alternate members may only vote when a primary member of the Executive Committee in the applicable category is absent from the meeting. Alternate members may attend and participate during discussion in all meetings.

6.3.2.3. Alternate members will count towards quorum only when they are serving as voting members.

6.3.3. Meetings. The Executive Committee will meet regularly at such dates and times as may be necessary to conduct the business of the Authority. Meetings may be scheduled by the Executive Committee and pursuant to such rules of procedure as may be adopted by the Executive Committee; such rules will include a process for the Executive Director to request a meeting. Minutes of each meeting of the Executive Committee shall be distributed to all Governing Board members upon approval of such minutes by the Executive Committee.

6.3.4. Approvals. Except as specifically provided in this Agreement, approval of an action or recommendation will require a quorum and a majority vote of its members present at a meeting and eligible to vote.

6.4. Technical Advisory Committee. A Technical Advisory Committee (“TAC”) is established and will be composed of representatives from each Party. The role of the TAC, and any TAC subcommittee established by the TAC, is to provide technical advice, guidance, recommendations, and counsel to the Governing Board, Executive Committee, and/or Executive Director on technical matters relevant to the System, including environmental issues and educational programs, and to provide a forum for the exchange of ideas among Party representatives, the public, and the private sector. The Executive Committee shall determine appropriate staffing for the TAC.

6.4.1. Membership. Each Party may appoint a representative with technical or professional knowledge and/or experience in the solid waste industry, environmental sciences, sustainability, or another related profession, to the TAC from that Party’s solid waste, environmental management, public works, utilities, or similar department or organizational division. In addition to the regular TAC representative, each Party may also designate a similarly qualified alternate representative. Alternate representatives may attend and participate in the TAC meetings or TAC subcommittee meetings but may only be counted toward a quorum or vote in the absence of the appointed representative for which they serve as alternate. TAC representatives and alternates will serve at the pleasure of their appointing Party.

6.4.2. Meetings. Regular meetings of the TAC will be held in accordance with a schedule approved by the TAC, or as directed by the Governing Board, Executive Committee, or Executive Director.

6.4.3. Approvals. Except as specifically provided in this Agreement, action by the TAC will require a quorum and approval by a majority of the representatives present at the meeting and eligible to vote.

6.5. Meeting Procedure. The following procedures apply to the Governing Board, the Executive Committee, and the TAC:

6.5.1. Quorum. A quorum will be a majority of the total voting members, provided that the members comprising the quorum must represent at least one-half (1/2) of the Broward Tonnage. Unless otherwise authorized by the Governing Board, the Executive Committee, or the TAC, as applicable, a quorum is determined on the basis of physical attendance. If there is a quorum, all members may vote regardless of whether they are attending the meeting physically or via remote conferencing technology.

6.5.2. Chair and Vice-Chair. On an annual basis, the membership of each body must select from among its members a Chair and a Vice-Chair; the Vice-Chair will serve as the Chair when the Chair is not present.

6.5.3. Rules of Procedure. Each body may adopt rules of procedure to conduct its business. In the absence of any specifically adopted rules, the body will use Robert's Rules of Order; provided, however, if there is a conflict between this Agreement and Robert's Rules of Order, this Agreement governs.

6.5.4. Meetings Open to the Public. Meetings of the Governing Board, Executive Committee, and TAC shall be open to the public in accordance with Florida's Government-in-the-Sunshine Law, Section 286.011, Florida Statutes, excluding meetings that are statutorily exempt pursuant to applicable law.

6.6. Ethics and Required Abstentions.

6.6.1. Ethics Compliance. In their roles with the Authority, each member of the Governing Board and the Executive Committee will be treated as "Covered Individuals" within the meaning of Section 1-19 of the Broward County Code of Ordinances and must comply with all state and County laws and requirements pertaining to conflicts of interest, ethics, and lobbying. For purposes of the prohibition on lobbying under Section 1-19(c)(2) of the Broward County Code of Ordinances, the Executive Director and TAC will also be treated as "Covered Individuals." The Governing Board may adopt additional requirements for itself, the Executive Director, the Executive Committee, the TAC, and any employees of the Authority.

6.6.2. No member of the Governing Board or Executive Committee will participate in discussion or vote on any item that relates to an agreement or contract in which the member's respective appointing body (i.e., Municipal Party or County) is a party. This provision is limited only to agreements or contracts with four (4) or fewer Parties, applies only to meetings of the Governing Board or Executive Committee, and does not prohibit the recused member from voting on the agreement or contract when such agreement or contract comes before their Party's elected body.

6.7. Executive Director.

6.7.1. The role of Executive Director is hereby established with such specific duties and responsibilities as described in Section 8.4.

6.7.2. The Executive Director must be an employee of the Authority and while serving as Executive Director, must not be: (a) employed by any Party; (b) serving on the elected body of any Party; or (c) contracted to consult for or lobby on behalf of any Party.

6.7.3. The Executive Committee may appoint or remove the Executive Director by majority vote.

6.8. Major Decisions. Notwithstanding anything to the contrary in this Agreement, the Authority may not take any of the following actions without the approval of at least: (a) two-

thirds (2/3) of the representatives of the Governing Board voting; and (b) representatives of the Governing Board voting that account for two-thirds (2/3) of the Broward Tonnage:

6.8.1. The sale, distribution, or transfer of any real property interest with a value of more than two million dollars (\$2,000,000);

6.8.2. The issuance of bonds or the approval of a bank loan with a value of more than two million dollars (\$2,000,000);

6.8.3. The recommendation to remove the Executive Director, subject to Executive Committee approval;

6.8.4. Approval of any and all special assessments;

6.8.5. The initiation or settlement of any legal action with an estimated value of more than two million dollars (\$2,000,000); or

6.8.6. Assignment by the Authority of any of its rights or obligations under this Agreement.

6.9. Distribution of Authority Cash or Property; Surplus Authority Funds. Except as otherwise provided in this section, and notwithstanding any other section of this Agreement, the Authority is prohibited from distributing any cash or property to any Party or Parties except upon Wind Down or to reimburse the Parties for contributions made to the Authority pursuant to Section 5.4., and then, only if: (a) upon Wind Down, the Auditor (defined below) issues a written opinion that such distribution will not impact any closure, perpetual maintenance, or other obligations that may exist after expiration or earlier termination of this Agreement; and (b) such distribution is fair and equitable between the Parties. In all other circumstances, if the Authority has surplus funds or property not needed for ongoing operations of the System or for future closure, maintenance, and reserve obligations, it may only be utilized for System-related purposes, including but not limited to reserving for future System improvements or obligations, maintenance, repairs, or expansion; to provide credits against or reductions to future assessments, tipping fees, or other user fees; or to enhance recycling and materials reuse programs or education. The prohibitions in this section do not apply to contracts for fair or adequate consideration between the Authority and one or more Parties or have any impact with regard to the property known as Alpha 250.

6.10. Legal Counsel.

6.10.1. Authority Counsel. Authority Counsel shall act as the general counsel and advisor to the Authority, including counsel to the Governing Board and the Executive Committee. Authority Counsel will have such duties as authorized by the Governing Board and serve at the pleasure of same. Authority Counsel shall not be an: (a) elected official of any Party, or (b) employee of any Party other than the Authority. Authority Counsel shall be an attorney duly licensed to practice law in the State of Florida, shall be in good standing

with the Florida Bar, and shall at all times comply with all applicable rules of the Florida Bar regulating attorney conduct. Authority Counsel shall have substantial experience providing counsel to a governmental entity or governmental entities within the State of Florida and demonstrated familiarity with issues related to solid waste disposal and recycling. Except for the matters described in Section 6.10.2, Authority Counsel may retain special counsel to provide legal services to the Authority in connection with particular legal matters or in the event of actual or perceived legal conflict, subject to the approval of the Executive Committee.

6.10.2. Independent Counsel; Scope of Services and Procedures for Retention.

6.10.2.1. The Parties recognize there are certain Sensitive Issues (defined below) where Parties may have conflicting interests, and as to which Authority Counsel may have an actual or perceived conflict of interest or bias.

6.10.2.2. The “Sensitive Issues” are: (a) whether a specific action of the Authority requires the vote of a Party’s (or Parties’) elected body or Governing Board member; (b) whether a proposed action by the Governing Board or Executive Committee requires an amendment to the Master Plan; (c) whether a proposed amendment to the Master Plan constitutes a Significant Amendment as defined in Section 7.1.2.1; (d) whether a proposed action by the Governing Board or Executive Committee should be treated as an amendment to the Master Plan that requires a Party’s (or Parties’) Governing Board member’s consent pursuant to Section 7.1.3; or (e) whether a proposed action by the Governing Board or Executive Committee must be made through an amendment to the Agreement that requires a Party’s (or Parties’) elected body’s approval pursuant to Section 16.1.5.

6.10.2.3. Before the Authority may exercise any of its powers under Sections 8.1.1 through 8.1.12 and before the Governing Board or Executive Committee may exercise any related powers, the Authority must adopt, by unanimous vote of the Executive Committee, procedures relating to the retention, scope of work, qualifications of, compensation for, and effect of opinions of independent outside counsel, to address situations where the general counsel for a Party issues a written opinion that the opinion of Authority Counsel on a Sensitive Issue is legally incorrect (“Independent Counsel Procedures”).

6.10.2.4. Adoption of the Independent Counsel Procedures and any subsequent amendments thereto require a unanimous vote of the Executive Committee. The initial proposed Independent Counsel Procedures will be developed by the municipal and County attorneys that serve as co-counsel to the Solid Waste Working Group established by the “Memorandum of Understanding Regarding Collaborative Study and Subsequent Development of an Integrated Solid Waste and Recycling System” between Broward County municipalities and

County with an effective date of October 1, 2019 (namely, Jamie Cole, Esq. with Weiss Serota Helfman Cole + Bierman, PL, Michael Cirullo, Esq. with Goren Cherof Doody & Ezrol, PA, and the County Attorney, collectively, "SWWG Co-Counsel"), and may only be submitted for consideration to the Executive Committee after separate and independent written approval of the draft proposed procedures is issued by each of the SWWG Co-Counsel. Proposed amendments to the Independent Counsel Procedures may only be considered by the Executive Committee after separate and independent written approval of the proposed amendment is issued by (a) counsel designated by the municipal members of the Executive Committee, and (b) the County Attorney.

6.10.2.5. Nothing in this section shall be deemed a condition precedent to, and shall not prevent or inhibit, any Party's right to invoke the separate dispute resolution provisions pursuant to Article 17.

ARTICLE 7. OBLIGATIONS OF THE AUTHORITY AND MASTER PLAN

7.1. Master Plan. The Authority must adopt a Master Plan that describes, among other things, the operations of the Authority in sufficient detail to fund and implement the System and any related facilities or programs and to allow the Authority to plan for financing, investments, and improvements related to the System.

7.1.1. Contents. A Master Plan must provide for, at a minimum, the following:

7.1.1.1. Revenues necessary to operate the Authority, including the amount of, and methodology to calculate, reserve funds needed to cover any and all applicable costs for closure, long-term care, perpetual maintenance, and potential remediation related to the System and its components;

7.1.1.2. Storage, separation, processing, recycling, recovery, reuse, and identification of the number of diversion sites and disposal sites for System Waste needed for System operations, as may be appropriate;

7.1.1.3. Diversion plans for: (a) any Hazardous Materials that have impermissibly entered the System; and (b) any System Waste for which diversion is appropriate under applicable law;

7.1.1.4. Strategies, services, and programs to address Authority Solid Waste reduction as well as Recyclable Materials and Recovered Materials processing, and appropriate public education regarding same;

7.1.1.5. Alternative and contingency facilities, consistent with this Agreement;

7.1.1.6. Whether certain disposal methods will be prohibited at Authority-owned facilities for the purposes of protecting underground sources of drinking water;

7.1.1.7. Additional goals identified by the Governing Board not inconsistent with applicable law, this Agreement, or with County's exercise of its statutorily granted powers and obligations; and

7.1.1.8. Strategies to fulfill the obligations of the Authority related to System Waste delivered to the System, consistent with the powers and limitations of this Agreement.

7.1.2. Procedure to Adopt and Amend Master Plan.

7.1.2.1. Adoption of Master Plan and Significant Amendments. A Master Plan will not be effective unless approved by: (a) members of the Governing Board representing Municipal Parties that comprise at least two-thirds (2/3) of the total population of the Municipal Parties, and (b) County's representative to the Governing Board. All proposed amendments to the Master Plan that concern any of the following (collectively, "Significant Amendments") will be subject to the same requirements for approval (set forth in the preceding sentence) as a Master Plan to be effective:

7.1.2.1.1. Addition or removal of any category of waste or material (e.g., yard waste, bulk trash, white goods, etc.) from the Authority's jurisdiction or operations;

7.1.2.1.2. Closure of any "solid waste disposal facility," as defined in Section 403.703, Florida Statutes (2022), owned or operated by the Authority;

7.1.2.1.3. County's obligations under Section 403.706(1), Florida Statutes.

7.1.2.2. Adoption of Other Amendments to Master Plan. Amendments to the Master Plan that are not Significant Amendments must be adopted by the Governing Board subject to the provisions of Section 6.2.3. If at least one third (1/3) of the Governing Board members present agree that a proposed amendment to the Master Plan constitutes a Significant Amendment, it shall be treated as a Significant Amendment and may only be adopted subject to the provisions of Section 7.1.2.1.

7.1.3. Notwithstanding anything in this Agreement to the contrary, no proposed amendment to the Master Plan that directly or indirectly (a) creates any additional liability or obligation of any Party, (b) disproportionately removes a right of any Party, or (c) has a disproportionate adverse effect on any Party, will be effective without the affirmative vote of the impacted Party's (or Parties') representative(s) on the Governing Board. In the event of a conflict between the Master Plan and this Agreement, this Agreement will prevail.

7.2. Obligation to Perform. The Authority must implement the various material strategies, services, programs, and goals described in the adopted Master Plan, as may be amended.

7.3. Obligation to Direct the Flow of System Waste. The Authority is obligated to accept all System Waste committed by the Parties, pursuant to Section 11.1, and must cause such System Waste to be directed from the designated System receiving facilities and delivered to appropriate sites for processing or disposal in compliance with the Master Plan and applicable law.

7.4. Obligation to Maintain Reserves. The Authority must ensure adequate reserve funds are collected and maintained to cover applicable costs for closure, long-term care, perpetual maintenance, and potential environmental and other remediation related to the System. The amount of reserve funds and methodology to calculate same must be included in the Master Plan.

ARTICLE 8. POWERS OF THE AUTHORITY

8.1. The Authority has the following general powers, which are granted to the Governing Board unless otherwise expressly provided for in this Agreement:

8.1.1. Develop, adopt, and implement a Master Plan consistent with the powers of the Authority and consistent with the terms and conditions stated in this Agreement.

8.1.2. Develop an annual revenue and expense budget for each fiscal year sufficient for the operation of the Authority.

8.1.3. Establish such rates, fees, and other charges and revenue sources allowed by law, including, without limitation, special assessments and tipping fees, to sufficiently fund and operate the System, which rates, fees, and other charges must be applied uniformly to each Party and will be set at no higher an amount than is reasonably required to accomplish the authorized purposes of the Authority (including all appropriate reserves). Notwithstanding the foregoing, the Authority may establish different rates, fees, or other charges for Parties that join the Authority after the Effective Date and may provide reasonable credits against any such rates, fees, or other charges for Parties that have made extraordinary contributions of funds, real property, other assets, services, or in-kind contributions to the Authority.

8.1.4. Provide for the processing of Recyclable Materials and Recovered Materials generated in each Party's jurisdiction.

8.1.5. Develop, implement, operate, and manage facilities and programs concerning the processing of Recyclable Materials and Recovered Materials and make same available to each Party on uniform terms. Nothing herein will prevent any Party from developing, implementing, operating, or managing programs concerning the processing of Recyclable Materials or Recovered Materials that do not conflict with the minimum standards set by

the Authority. Notwithstanding the foregoing, the Authority may establish different terms for Parties that join the Authority after the Effective Date.

8.1.6. Set minimum standards for System Waste segregation or source separation programs at the point of generation or collection.

8.1.7. Operate services for the collection and transportation of System Waste or other types of waste identified in the Master Plan for collection or transport and, if the Authority chooses to operate such services, make said optional services available to each Party.

8.1.8. To the extent permissible under applicable law and provided it does not interfere with County's ability to fulfill its statutory obligations, including under Section 403.706(1), Florida Statutes, the Authority will have the power to provide disposal for Authority Solid Waste generated in the Parties' jurisdictions. The Authority is not granted the power to own or operate a "solid waste disposal facility," as that term is defined in Section 403.703, Florida Statutes (2022), or sell or otherwise transfer an interest in such a facility, unless an amendment to this Agreement, granting such power to the Authority and setting forth the limits and extent of such power, is approved by the elected bodies of: (a) Municipal Parties representing at least two-thirds (2/3) of the total population of the Municipal Parties, and (b) County.

8.1.9. Conduct studies and research on strategies to improve the management of System Waste.

8.1.10. Provide monitoring of projects, programs, and facilities that directly or indirectly affect the System.

8.1.11. Provide education, outreach, and public information programs to increase the percentage of Recyclable Materials and Recovered Materials that are successfully recycled, to promote the reduction and reuse of Authority Solid Waste in the Parties' jurisdictions, and to increase public understanding of, and engagement with, the Authority's work.

8.1.12. Issue bonds or other instruments related to short- or long-term borrowing, and letters of credit or debt that materially relates to the System.

8.1.13. Sue and be sued, implead, and be impleaded in all courts.

8.1.14. Consistent with the powers described in this Article 8, the requirements of Chapter 403, Florida Statutes, and other applicable law, the Authority will have the power to contract with governmental agencies, individuals, public or private corporations, municipalities, and any other person or entity.

8.1.15. In order to fulfill the purpose and intent of this Agreement, and except as expressly limited by this Agreement, exercise all other necessary and appropriate powers of an

independent entity created pursuant to Chapter 163, Florida Statutes, including without limitation, to acquire, at its discretion, personal or real property or any interest therein by gifts, lease, or purchase.

8.2. The Governing Board has power and authority to take the following actions:

8.2.1. Approval of annual budgets as described in Article 9.

8.2.2. Approval and levy of special assessments as described in Article 9.

8.2.3. Approval of revenue bonds.

Therefore, the Authority has the power to impose, levy, and collect (directly or indirectly) special assessments as a means of: financing the construction and/or acquisition of additions, extensions, and improvements to the System and/or the payment of the principal of and interest on bonds issued pursuant to this Agreement; paying the costs of operating, maintaining, and repairing the System; and providing funds for all other payments that are required to be made by the Authority in connection with the purposes of this Agreement.

9.2. Subject to Section 6.8, the Governing Board will have the power to set rates for and approve the levy, collection, and enforcement of special assessments by resolution, as provided by and consistent with Florida law and this Agreement. Prior to any vote of the Governing Board to levy a special assessment, the Authority will conduct, or hire a consultant to conduct, an assessment study. If such a study was performed on behalf of County and/or Municipal Parties prior to the creation of the Authority, the Governing Board may, in lieu of having a new study performed, adopt the findings of such earlier study if the Governing Board determines that such findings remain valid and reliable despite the passage of time.

9.3. Revenue Bonds and Other Instruments. The Governing Board will determine the need for the issuance of any bonds or other instruments related to short- or long-term borrowing, and the need for letters of credit that it deems necessary or convenient for the operation of the Authority.

9.4. The Governing Board must establish, and may amend, a maximum amount of aggregate debt that may be approved by the Executive Committee. The Executive Committee may approve the issuance of any debt in the aggregate up to that maximum amount. Any debt that exceeds that maximum amount will not be issued unless approved by the Governing Board.

10.2. The Executive Committee will appoint five (5) of its members to serve on a Standing Audit Committee. The Standing Audit Committee will be responsible for the selection process for engaging and recommending an Auditor to the Executive Committee for appointment.

ARTICLE 11. COMMITMENT OF SYSTEM WASTE

11.1. Commitment of System Waste. The Parties must cause all System Waste that is: (a) identified by the Master Plan as acceptable for delivery into the System, and (b) generated in the Parties' respective boundaries (for County, within the unincorporated area), to be collected, transported, delivered, and deposited at the designated receiving facilities of the System pursuant to the Master Plan or annual plan of operations, except for System Waste that is transported outside the State of Florida. Except with the prior express written consent of the Authority, no Party will deliver (directly or by contract) into the System any waste, debris, substance, constituent, object, or material that does not qualify as System Waste.

11.2. Regulatory Flow Control. No later than the effective date of the Facilities Amendment, each Party agrees to enact a flow control ordinance pursuant to Section 403.713, Florida Statutes, in a form provided by the Authority, directing that all System Waste generated within its respective geographic boundaries (for County, within the unincorporated area) be delivered to the System, as designated in the Master Plan, except for such waste that is to be transported outside the State of Florida ("Flow Control Ordinance"). Each Party shall maintain their respective Flow Control Ordinances in effect throughout its participation as a Party. Nothing in this section requires a Party to enact a Flow Control Ordinance that operates to terminate or breach any existing contractual agreement the Party has in place prior to becoming a Party ("Conflicting Agreements"); however, each Party must provide copies of all such Conflicting Agreements to the Authority at the time it becomes a Party and shall not renew or extend any such Conflicting Agreement. For those Parties with existing Conflicting Agreements in place on the Effective Date, the adoption of a Flow Control Ordinance under this section must specify that it becomes effective upon the expiration or earlier termination of such existing Conflicting Agreements. Notwithstanding anything else contained herein, this Agreement does not require any Party to violate the prohibitions in Sections 403.7046(2) or 403.713(2), Florida Statutes, concerning the sale and management of Recovered Materials.

11.3. Each Party agrees to include in any Hauler contracts or contract amendments executed after the Effective Date, a provision that all System Waste must be delivered to the System, except for any waste generated within that Party's then-current geographic boundaries that is shown to be destined for recycling or disposal outside the State of Florida, and each Party must strictly enforce such contract obligation. In each such contract and all contract amendments, the Authority must be expressly identified as a third-party beneficiary for the sole purpose of

enforcing such provisions, if enforcement is necessary, to ensure the delivery of System Waste to the System. Prior to initiating any such enforcement action, the Authority must communicate and coordinate with the relevant Party.

11.4. System Waste Reporting Ordinance. Each Party agrees to enact and maintain in effect a System Waste reporting ordinance, in a form provided by the Authority, directing that each Hauler report on a monthly basis all of the following information to their contracting Party or Parties, with a copy to the Authority:

11.4.1. The amount of each category of System Waste collected in each Party's jurisdiction in cubic yards or tons.

11.4.2. Where each category of System Waste collected by the Hauler has been transported. Identification will be by the name and address of the receiving facility.

11.4.3. The quantity (either by volume, weight, or number and size of all trucks or containers) of System Waste that is not processable by a waste-to-energy plant or other System facility that has been collected by the Hauler and that is to be transported outside the State of Florida.

11.4.4. Where the System Waste that is not processable by a waste-to-energy plant or other System facility has been transported outside of the State of Florida. Identification will be by the name and address of the receiving facility.

The System Waste reporting ordinance provided in this section must be adopted by each Party no later than the date determined by the Executive Committee, which shall be no earlier than the date of adoption of the Master Plan.

11.5. With the prior consent of the Authority, any Party may appoint the Authority as its agent for the enforcement of obligations in any agreement, license, permit, franchise, or other arrangement related to the obligations of this article.

11.6. Each Party agrees to include the obligation to comply with the requirements of the ordinances required by Sections 11.2 and 11.4, respectively, in all applicable agreements, licenses, permits, franchises, or other arrangements with Haulers entered into on or after the Effective Date.

11.7. Title to and Interest in System Waste. The Parties relinquish to the Authority any and all title to and interest in System Waste collected within their respective boundaries, effective upon delivery of that System Waste to the System. To the maximum extent provided under applicable law, and except as otherwise provided herein, upon delivery of their System Waste to the Authority, the Parties also relinquish to the Authority all liability for the proper management and disposal of such System Waste.

11.8. Commitment Limited by Existing Agreements. Notwithstanding anything to the contrary in this Agreement, the Authority will not, and this Agreement will not, require any Party to take

any action that would breach or conflict with any current agreement concerning System Waste, including, without limitation: the June 2012 agreement between County and Wheelabrator Environmental Systems Inc. (now WIN-Waste Innovations, Inc.) for solid waste disposal services and the May 2015 Global Amendment thereto; the September 2012 interlocal agreement for solid waste disposal support services, as amended; the April 2015 Settlement Agreement between Waste Management Inc. of Florida and the City of Coconut Creek; any debris clearing or temporary debris management site contract that predates the Effective Date; or any Hauler contract that predates the Effective Date. In addition, the Authority will not, and this Agreement will not, require any Party to take any action that would breach or conflict with the Interlocal Agreement between Broward County and various municipalities for Optional County Services for Keep Broward Beautiful, Household Hazardous Waste and Electronics, and Bulk Trash and Yard Waste Drop-Off Programs, or any successor agreement concerning Household Hazardous Waste.

ARTICLE 12. DEBT OBLIGATIONS

Except as expressly provided in this Agreement or applicable law, any debt obligations incurred by the Authority will be the sole obligation of the Authority and will not be an indebtedness of any Party or Parties within the meaning of any constitutional, statutory, charter, ordinance provision, or other limitation of such Party. No Party is obligated to pay or cause to be paid any amounts due under this Agreement except as expressly provided or incorporated herein, and no Party pledges its full the faith and credit for the payment of any such amounts.

ARTICLE 13. RELATIONSHIPS OF THE PARTIES

Except as set forth herein, nothing in this Agreement imposes upon any Party any responsibility whatsoever with respect to services provided or contractual obligations assumed by any other Party, and nothing in this Agreement will be deemed to make any Party a partner, agent, or local representative of any other Party or to otherwise create any type of fiduciary responsibility or relationship of any kind whatsoever among the Parties, except as expressly stated herein. The obligations created and imposed by this Agreement are not joint; rather, such obligations are separate and several among the Parties.

ARTICLE 14. INDEMNIFICATION

14.1. Indemnification Obligations. The Authority will, at its sole cost and expense, indemnify, hold harmless, and defend (“Indemnification Obligations”) each Party and each Party’s current, past, and future officers, agents, and employees (each, an “Indemnified Party”), to the maximum extent permitted by law, from and against any and all causes of action, demands, claims, counterclaims, third-party claims, administrative actions, damages of any kind (including, without limitation, personal injury or bodily harm), destruction, losses, liabilities, costs (including, without limitation, costs of investigations, assessments, clean up, fines, violations, punitive damages, regulatory reopeners, and/or remediation), and expenditures of any kind, including, without limitation, attorneys’ fees, court costs, and expenses, including through the conclusion of any appellate proceedings, for the matters described in this section and/or in Sections 14.2 and 14.3 below (each a “Claim”). Notwithstanding the Indemnification Obligations

in this article, nothing herein shall act as a waiver by a Party or the Authority of any limitation on liability, including but not limited to sovereign immunity and limitations on tort liability as provided in Section 768.28, Florida Statutes.

14.2. System-Related Claims. The Authority must fulfill its Indemnification Obligations to each Indemnified Party, regardless of whether the Indemnified Party allegedly or actually caused, directly or indirectly, in whole or in part, any Claim(s) arising from, relating to, or in connection with, any or all of the following:

(a) any alleged, threatened, or actual presence or release of any Hazardous Materials in, on, above, or under any site that is or was part of the System at a time when such Hazardous Materials were threatened to be released or actually present or released;

(b) any actual, proposed, or threatened use, treatment, storage, holding, existence, disposition, discharge, or other release, generation, production, manufacturing, processing, refining, control, management, containment, abatement, removal, handling, or transfer of any Hazardous Materials located in, under, on, or above any site that is or was in the System, or transportation of any Hazardous Materials to or from the System (collectively, "Covered Activity");

(c) any actual or proposed assessment, clean up, and/or remediation of any Hazardous Materials at any time located in, under, on, or above any site that is or was in the System, whether or not such assessment, clean up, and/or remediation is voluntary or pursuant to court or administrative order, including any resulting or required clean up, control, management, containment, abatement, removal, remedial, or corrective action;

(d) the imposition, recording, or filing or the threatened imposition, recording, or filing of any environmental lien encumbering any site that is or previously was part of the System at any time during the Term;

(e) any past, present, or threatened injury to, destruction of, or loss of natural resources relating to the construction, use, operation, or maintenance of the System or within the System, including claims for damages, contribution, costs to investigate and assess such injury, destruction, or loss; or

(f) any actual or threatened failure to comply with any debt obligation incurred by the Authority.

14.3. Claims for Acts or Omissions of Authority Actors. The Authority must fulfill its Indemnification Obligations to each Indemnified Party for Claims that are caused or alleged to be caused, in whole or in part, by any act or omission of the Authority, its officers, employees, agents, or contractors acting on behalf of the Authority (collectively, "Authority Actors") for any Claims, including, without limitation, those arising from, relating to, or in connection with one or more of the following by one or more Authority Actors:

(a) any actual or threatened breach of any obligation contained within or undertaken as a result of this Agreement;

(b) any failure to comply with any provision or material obligation contained within or undertaken as a result of the Master Plan;

(c) any intentional, reckless, or negligent act or omission;

(d) arranging for storage, handling, treatment, disposal, or transport of Hazardous Materials to, from, or at any facility or incineration vessel containing such or similar Hazardous Materials; or

Parts 239 through 799, 49 C.F.R. § 172.101; (ii) any ordinance, regulation, standard, condition, requirement, permit, license, or authorization; or (iii) any order of any governmental authority.

14.4. Defense of Claims. The Authority must, upon written notice of a Claim from an Indemnified Party, defend that Indemnified Party with counsel selected by the Authority and approved by the Indemnified Party, which approval will not be unreasonably withheld.

14.5. Right to Withhold. If considered necessary by an Indemnified Party, any amounts due the Authority from that Indemnified Party under Section 5.4, whether as provided for in this Agreement or any subsequently adopted Master Plan, may be retained by the Indemnified Party until all Claims against the Indemnified Party subject to the Indemnification Obligations have been settled or otherwise resolved by the Authority. Any withheld amounts shall not be subject to payment of interest.

14.6. Exclusions. Notwithstanding anything in this article to the contrary, nothing in this Agreement will be construed to require the Authority (or any successor thereto) to fulfill the Indemnification Obligations if prohibited by applicable law (including, without limitation, the restrictions stated in Section 768.28(19), Florida Statutes), or in connection with a Claim in which an Indemnified Party seeks to be relieved of its statutory liabilities, with exceptions for joint and several liabilities, caused by that Indemnified Party's intentional delivery (whether directly or indirectly, including by contract) of previously known Hazardous Materials into the System without the prior express written consent of the Authority. Nothing in this article limits the defenses available to the Authority (including under Section 768.28, Florida Statutes) in the defense of an Indemnified Party pursuant to the Indemnification Obligations.

14.7. Survival of Indemnification Obligations. The Authority's Indemnification Obligations survive the expiration or earlier termination of this Agreement.

ARTICLE 15. DEFAULT

If any Party or the Authority fails to perform or observe any of the material terms and conditions of this Agreement and fails to cure such failure within sixty (60) days after receipt of written notice of such default from another Party or from the Authority (or, if such failure cannot be reasonably be cured within sixty (60) days, the Party fails to promptly initiate and diligently pursue cure to completion), then in addition to any other claim at law or in equity, the Party giving the notice of default shall be entitled, but is not required, to seek specific performance of this Agreement. The Parties acknowledge that money damages may be an inadequate remedy for the failure to perform and that the Party giving notice is entitled to obtain an order requiring specific performance, injunction, or other equitable relief. Failure of any Party to exercise its rights in the event of any breach by another Party shall not constitute a waiver of such rights. No Party shall be deemed to have waived any failure to perform by another Party unless such waiver is in writing and signed by the waiving Party, with such waiver limited to the terms specifically contained therein.

ARTICLE 16. AMENDMENTS TO THIS AGREEMENT

16.1. Except as expressly authorized in Sections 3.3, 8.1.8, and this article, this Agreement may only be amended as follows:

16.1.4. Except as otherwise provided in this Agreement, all amendments are effective if approved by the elected bodies of Parties representing at least two-thirds (2/3) of the total population of the Parties plus a majority of the Parties; however, if a Party does not give notice of its elected body's rejection of the proposed amendment within ninety (90) days after that Party received notice of the amendment, that Party will be deemed to have approved the amendment.

16.1.5. Notwithstanding Section 16.1.4, no amendment that directly or indirectly: (a) creates any additional liability or obligation of any one Party (but not all Parties), (b) disproportionately removes a right of only one Party, or (c) has a disproportionate adverse effect on any Party, will be effective unless it is approved by such Party (or Parties) as evidenced by the adoption of a resolution approving the amendment by that Party's (or Parties') elected body.

16.1.6. This Agreement may not be amended to provide greater powers to the Governing Board, the Executive Committee, or the Executive Director than have been granted to the Authority.

Neither the execution nor delivery of this Agreement, nor the performance of such Party's obligations hereunder nor the fulfillment of the terms herein: (a) conflicts with, violates or results in a breach of the Constitution, any law or government regulation of the State of Florida, or any other local law or ordinance; or (b) conflicts with, violates, or results in any breach of any term or condition of any judgment or decree, or any agreement or instrument to which it is a party or by which it or any of its properties or assets are bound, or constitutes a default thereunder; and

19.6.4. Except for the procedures provided under Chapter 163 and Chapter 75, Florida Statutes, and such action as has already been taken, no approval, authorization, or order of, or any consent or declaration, registration or filing with, any governmental authority of the State of Florida, or any referendum or other action of voters by election, is required for the valid execution, delivery, and performance of this Agreement by it.

19.7. The applicable financial disclosure, noticing, and reporting requirements of the Authority shall be those provided by general law.

19.8. Intellectual Property. The Authority will have all right, title, and interest in and to any intellectual property created by or for the Authority. No other Party will make any claim of ownership to any such intellectual property or will have any rights to the intellectual property other than as expressly set forth in a written agreement between the Board and that other Party.

19.9. Sovereign Immunity. Except to the extent sovereign immunity is expressly waived by entering into this Agreement among the Parties, nothing herein is intended to serve as a waiver of sovereign immunity by any of the Parties nor shall anything included herein be construed as consent by any of the Parties to be sued by third parties in any matter arising out of this Agreement.

19.10. Interpretation. Terms such as “herein” refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Any references to “must,” “shall,” or “will” are obligatory. All citations to “Florida Statutes” mean those statutes as may be amended from time to time, except for references to the term “solid waste disposal facility,” as defined in Section 403.703, Florida Statutes (2022). Any reference to “days” means calendar days, unless otherwise expressly stated.

19.11. Third-Party Beneficiaries. The Parties do not intend to directly or substantially benefit a third party by this Agreement. Therefore, the Parties acknowledge that there are no third-party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against any of them based upon this Agreement.

19.12. Counterparts and Multiple Originals. This Agreement may be executed in multiple originals, and may be executed in counterparts, whether signed physically or electronically, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same agreement.

19.13. Joinder by Authority. This Agreement is contingent upon the Authority, by majority vote of the Governing Board at its first meeting, agreeing to the terms, conditions, and obligations of the Authority as provided for in this Agreement and execution of the joinder of Authority provided for herein. Other than ministerial matters of procedure of the Governing Board, including election of a Chair and Vice-Chair, and other than executing the joinder, the Authority may not exercise any power under this Agreement until and unless it has executed such joinder, and this Agreement automatically terminates should the Governing Board fail to join in this Agreement by the end of its first meeting.

19.14. No Damages for Compliance with Future Applicable Law; Litigation Court Orders impacting Authority Operations. If any Party fails to meet its responsibilities or perform its obligations under this Agreement as a result of actions it takes in compliance with applicable laws, codes, advisory circulars, rules, regulations, ordinances, or orders of any federal, state, or other governmental entity (other than orders of the Party itself) issued, enacted, adopted, or promulgated after the Effective Date ("Future Applicable Law"), that Party shall not be liable to any other Party or to the Authority for damages, provided that such Party: (a) pursues any colorable challenge to the Future Applicable Law and the challenge proves unsuccessful (in whole or in applicable part); (b) issues written notice, with contemporaneous email, to the Authority and to all Parties within fifteen (15) days after the filing of or the initiation of such litigation; and (c) consents to intervention by the Authority and any other Party in such litigation. In addition, if a Party is named as a defendant in any litigation concerning solid waste, recycling, or issues likely to impact the Authority's operations or that Party's obligations under the Agreement, that Party must provide written notice of same to the Authority and all Parties within fifteen (15) days after the litigation was filed or the issue(s) otherwise arose (in the event the issue will be considered by any court within such fifteen (15) day period, such notice shall be provided as promptly as is practical after the Party receives notice of such pending court consideration) and consent to intervention in such litigation by the Authority and any other Party.

19.15. Notwithstanding anything to the contrary contained within or alluded to in this Agreement, nothing in this Agreement shall in any way diminish or modify any right or power of County to take the following actions before the Formation Conditions have been met:

19.15.1. Implement any recycling program County determines will help meet recycling goals established by the state or the Authority or identified by any expert retained by County, the Solid Waste Working Group established by the "Memorandum of Understanding Regarding Collaborative Study and Subsequent Development of an Integrated Solid Waste and Recycling System" between Broward County municipalities and County with an effective date of October 1, 2019, or the Authority; or

19.15.2. Contract for solid waste disposal capacity, or options therefor, with reasonable opportunities for coordination with representatives of the Authority, on such terms and conditions County determines will benefit the public, provided that the terms of any such agreement(s) contain a provision: (a) permitting County to assign the agreement(s) to the Authority after the Formation Conditions have been met; and (b) the Authority is not bound by such agreement(s) without its consent.

In addition, nothing contained within or alluded to in this Agreement shall at any time or in any way impede County from acting as it deems prudent to enable it to offer solid waste disposal capacity to municipalities that are not a party to the Agreement.

19.16. No Additional Financial Obligations. Notwithstanding anything to the contrary in this Agreement, prior to the Formation Conditions being met, the Authority shall take no action that in any way obligates any Party or Broward County resident to expend any money other than the amounts funded by the Parties as expressly stated in Section 5.4. The restrictions of this Section

19.16 shall not apply to any costs incurred by a Party pursuant to the Independent Counsel Procedures referenced in Section 6.10.2.
